Presbyterial Notes—Continued.

where, no matter what superficial differences existed, was a prime necessity "on the banners of the victors of every age is and must be 'Salvation for every man through faith in Jesus Christ.'" Mr. Lothian's paper was highly commended.

In the evening Rev Mr Farquharson discussed the question of the Societies supporting a missionary. He said every Church must be missionary in spirit, the efforts of individuals should be missionary in nature and he did not like the idea of separating the young people from the church to carry on outside work, as their help was needed in every part of the work of the church and too much diffusion of effort might be a weakness. In discussion, Rev Mr Campbell, Dromore, urged action at once, and as previously noted, a committee has the matter in charge.

Rev Mr Barber, Arthur, discussed the old question of how to enlist the young in church service. They should be trained in the habit of service, and above all in attendance at regular services. There grew up in the churches three classes "Workers, Jerkers and Shirkers," and to eliminate the two last was the aim in view. Church members were paperized by doing too much for them. The main points were competent leaders and thorough organization.

Rev Mr Hanna's paper on the relation of S. School to the Guilds was the most important of the Session and we find it impossible to condense it. It was full of good things and should be printed and put in the hands of every society member to read, learn and inwardly digest. Our space and time forbids further reference this week.

NOTES.

The choir, chiefly from Dromore rendered excellent music.

Mr Drysdale, Mr McFarlane's Scottish visitor sang four solos with good effect and were much enjoyed. Miss B. Crawford also gave an excellent solo and a quartette by Misses Jean Renwick and S. Isaac and Messrs. Isaac and Ramage was a good number.

The ladies provided ample and excellent refreshments for all and billeted all willing to stay over night. Rev Mr Little and his people having nothing to learn in hospitality.

The venerable Rev. John Morrison was present and welcomed by old timers. Durham sent 18 in all.

Hymenal

A quiet wedding took place on the evening of the 24th of June, at the home of Mrs. Lanney, Bentinck, when her youngest daughter, Lavina was united in marriage to Mr. Jas. Brunt, also of Bentinck. The ceremony was performed by Rev. C. E. Pineo. The bride was dressed in a beautiful navy blue velvet cloth skirt and cream satin waist with allover applique. Miss Len. Currie, cousin of the groom was best man.

After congratulations the guests adjourned to the dining room, where a sumptuous repast was partaken of. A pleasant evening was spent in music and games.

A GOOD APPOINTMENT

"The many friends of Mr. John Ritchie will be pleased to learn that he has been appointed Public School Inspector for the Rainy river and Thunder Bay districts. Mr. Ritchie was born in Glenelg Township, Grey County, Ontario, in 1852, his parents being among the pioneers of that county. He spent his boyhood on his father's farm, attending the cottage roofed log school house on the corner of the farm till he reached the age of ten, after which his services were required at home during the summer. A few winters more and one full year, when about twenty years of age, completed his initiative education. In 1874 he obtained his third class county certificate, writing for it at Owen Sound. In 1875 he obtained his first provincial certificate, Second B, and soon after his Second A, being the only one among 40 who wrote at Walkerton at that examination that made sufficient marks to secure that grade. Gradually he worked his way upwards, securing in succession First C, First B, and First A, as well as Public School Inspector's certificate, which latter he obtained in 1890. Mr. Ritchie, during the almost thirty years of his teaching life, has been a constant and hard student, as is evidenced by the fact that he prepared himself for all the above examinations while efficiently discharging his duties as a teacher. Nor has he been in other relations a dead letter. In every community where his lot has fallen he has unostentatiously exerted his influence for right. Few men are more conscious of their defects or more frank to acknowledge them. He has had his share of criticism, but if nothing be extenuated, and naught set down to malice, all fairminded people who understand Mr. Ritchie's work, motives and aims will, we think, conclude that he is entitled to the distinguished honor the government has seen fit to bestow upon him. Before coming to Western Ontario Mr. Ritchie occupied the position of principal in public schools of Teeswater, Harriston, and Cornwall model school, in addition to a number of rural charges during his earlier teaching days." We take the foregoing from the Fort Arthur Evening Chronicle and have pleasure in extending the REVIEW's congratulations.
