Talk About Cottons

Some of the cotton mills have had to close down for want of raw material and the manufacturers are worrying as to whether there's enough cotton to go round—at greatly increased prices. OUR WORRY is that we bought so much AT THE OLD PRICES that we can't find room for it. We want you to help us put it away.

Remember we have large quantities of all classes of cotton goods at old Prices.

Bleached and Factory Cottons,
Flannellettes and Wrapperettes,
Sheetings and Pillow Cottons,
Shirtings, Cottons & Moleskins
Ginghams and Prints,
Lawns and Muslins.
All at the old prices and in many cases, less than the old prices.

TOWN TOPICS

6 bars Comfort soap for 25 cts, at Jas. Ireland's.

REVIEW balance of the year for 35 cts to new subscribers.

Money to Loan at 4 per cent. MACKEY & DUNN, Durham.

BOY WANTED.—At once, to learn moulding. Apply at the Durham Foundry.

Mr. S. A. Riddale, shoemaker, has moved from his Lambton St stand to the Daniel's residence opposite the Cement offices.

House cleaning time at Ireland's, now is your time to buy any and all summer goods cheap.

A Special Song Service will be held in the Baptist Church on Sunday evening next. All welcome.

FOR SALE.—The property of the J. H. Hunter Estate, commonly known as the "Old REVIEW," one door north of Mr. R. McFarlane's residence. For price and particulars apply to MRS. J. H. HUNTER.

A GRAVE WARNING.—We are requested by Miss Katie McKinnon formerly of Priceville, now of Buffalo, N. Y., to warn Marble men and others not to drive over her late sister's grave in Priceville cemetery. Miss McKinnon has been enjoying the breezes of Atlantic City but still tenderly thinks of the dead.

SERIOUS ACCIDENT.—Saturday last the four-year old son of Mrs. Radburn (Maggie Watt), at present visiting at 2nd Con. Normanby, nearly lost his life by falling in front of a wagon wheel. As it was it went over his leg, which is broken near the hip and otherwise injured.

STREET LIGHTING.—As will be seen our active council are calling for tenders for street lighting and the best business interests of the town, we are sure, hope they will be successful this time in re-establishing on our streets some system of up-to-date lighting before the dark evenings of fall and winter are upon us.

Several new patterns in Linoleums and Oil-cloths have just been stocked at James Ireland's.

12 YEARS FOR ROWLEY.—Geo Rowley the manager of the Egin Loan Co., whose speculations were the cause of its downfall, was sentenced to 12 years in Penitentiary. He made a dramatic statement which should be a lesson to young men, who in the slightest degree are tempted to gamble with trust monies. His first step speculating was successful, and there began his downfall. He tried again and lost, and he tried to tell in court of his anguish of mind, as he got deeper and deeper into the mire. His story of petty thefts, to cover up others, sleepless nights and anxious days, shows crime in its true colors.

BUSINESS CHANGES.—Mr. J. M. Hunter has sold the north half of his new block to Mr. Alex. Beggs, who intends, we believe, to start a flour and feed store some time this fall or winter in the premises now occupied by the public library. Another change in view we understand is the removal of Mr. A. S. Hunter possibly to a new building on the old Stewart corner. Mr. R. Burnett and brother are to get the A. S. Hunter store, and Hill, the well-known Markdale merchant, is said to be coming to the town. We are pleased to observe this evidence of increasing business faith in the place. Evergrowing industries and a wide-awake market will demand more in the future, and we presume the new-comers are anxious to "get on the ground."

NEW SCHOOL REGULATIONS.—An Order-in-Council was passed last week authorizing the new interim regulations of the education Department in respect to High School curriculum for the ensuing year. The main feature of the regulations is the encouragement given pupils to take the Latin option in languages by means of allowing all marks over 50 per cent, taken in the Latin examination to count as a bonus on the aggregate of marks taken in other subjects. The examinations for commercial diplomas are also done away with. Hereafter each School Board will lay out its own commercial course and grant its own diplomas. The object of the change is to provide greater elasticity in commercial education. Each district may now teach the commercial subjects best suited to its individual requirements. In cities, for instance, special emphasis may be put on stenography; in towns, the greater part of the time may be spent on the ordinary forms of book-keeping required in comparatively small businesses.—Ex.

The pastor Rev. Wray Smith will conduct the Quarterly Sacramental Service at Zion, on Sunday afternoon at 2.30.

PUBLIC LIBRARY.—A meeting of the Board will be held in the reading room on Friday evening at 8 p. m. Full attendance requested.

RETURN THE WAGON.—The party who removed small express wagon from post office will please return it there, or leave at REVIEW Office.

The Young People's League of the Methodist Church are planning to hold a Rainbow lawn party on the grounds of Mrs. Sutherland on the evening of August 31st.

THE EXAM'S.—Results of the examinations are to be mailed to Principals on Monday next. The reading was all done a week ago, and this seems unnecessary delay.

FOR 35 CENTS.—THE REVIEW will be sent to Jan. 1, 1904, to any address in Canada, United States or Great Britain. Send it to your friend. \$1 a year, and cheap clubbing rates with Globe, Mail & Emp. Witness, Mon Star, Tor Star, &c.

CONCERT AT HAMPDEN.—This affair on Friday evening last was highly successful. It was held in the schoolhouse which was packed full. Amongst the entertainers were Messrs. J. S. Drysdale and Wm. Ramage, and that's all we know about it so far.

There is no juggling with facts like the low prices of Cotton goods at Jas. Ireland's.

A COLD SUMMER.—It is generally remarked that last year and this are alike in the absence of long continued warm weather, and our friend the mosquito seems to have departed for good. Seldom, if ever, however has the farmer had more cause to rejoice.

LOOK OUT FOR HIM.—A new form of swindling the farmer has lately been worked near Aurora. A man who assumes the guise of a farm laborer hires with farmers at reasonable wages, and is very accommodating until his opportunity comes, then he is missing, and generally something with him. Mr. McGill, of King, went to market, leaving his new man at work. When he got home the man was missing, also some \$30 or \$40 in cash. In notifying the authorities, it is found he is known as Walter Cooper, though he gave the name of Walter Gordon, and is described as wanted in several places for like cause, and for horse-stealing. He usually rides a stolen wheel. He is about 5 feet 10 inches, square shoulders, dark wavy hair, dark moustache, and slightly dark complexion, probably some thirty years of age. He does not look like a tramp or a criminal. A warrant is out for his arrest.—Exchange.

THE CROWNING OF A POPE.

This, the greatest and most imposing ceremony in the R. Catholic church, took place on Sunday last in the basilica of St Peter's, in the presence of many dignitaries and of 7000 ordinary people. Cardinal Macchi had the honor of placing the triple crown on the head of Pius X, and "the cathedral burst into unrestrained acclamations." The papal throne is something grand, gold, red and silver, and altar canopy, candlesticks and crucifix are all strikingly magnificent.

If more interest to the world is the man. He seems to be all right, has a touch of humor and sound good sense. Illustrating these, two incidents have been made to him that he should use the plural form when speaking of himself, and his first attempt was "we feel very well this morning but we may be different on returning from our coronation." Some one suggested that he would look better without spectacles. "I have no desire to appear what I am not," and he wore them through the ceremony.

How to get a Homestead in the West!

So many people are settling in this country that in a short time it will be difficult to obtain land along the line of railway. Anyone wishing to have a homestead here will do well to have us select and enter it for you as soon as it is surveyed. We can locate you in any part of Saskatchewan. For full particulars write at once to MOORE MCFADDEN, Prince Albert, Sask.

OWEN SOUND WINS OUT.

The long-looked for match to settle the district championship between O. Sound and Durham was played at Hanover on Friday, and resulted in a win for O. Sound by three goals to one.

The ball was faced about 4 p. m., and in 10 minutes from starting Durham scored their first and only goal. This gave good encouragement and during the remainder of the first quarter was seen perhaps the prettiest play of the day.

In the second quarter O. Sound seemed to stiffen up and got two goals, though Durham had possession of the ball the most and were by no means yielding the point. In the third quarter Durham seemed "up against it" for notwithstanding the brilliant play of Matheson, Theobald, Munro, Leveille and a few others as well as a vigilant goal keeper, their opponents scored one more and the game was lost.

The game was uninteresting for O. Sound played for time and pure defence, Durham's efforts to score, eager as they were, being fruitless.

The referee, Brown Jackson, of Seaford, gave satisfaction to both teams, and had occasion to send some of both sides to the fence.

A very large number went from Durham, though O. Sound was not much in evidence. We regret to hear that some turbulent work took place in the evening.

Mr. Theobald, early in the game, got a hard blow on the mouth which cut his lip but did not incapacitate him.

The O. Sound team was decidedly the heavier, and if reports be true its composition is a collection of the best from many parts. This is a practice which is taking the life out of true sport for it becomes a question of the longest purse winning.

CAN'T TACKLE THE WELL.

The council after a tentative effort to ascertain just how much practical support they could look for in the event of establishing a domestic system of water works, came to the conclusion our citizens are not just ready to pay for such a service. The enthusiasm of a public meeting is one thing; saying just how many taps you are willing to pay for is another. As a matter of fact, the suddenness of the waterworks talk and possibility was sufficient to deter many from forming hasty decisions, and the council under the circumstances seems to have thought it unwise to hold the well diggers till a campaign of education had enlightened the people.

So the option the council held for a few days was relinquished and the Gas and Oil Co. have begun again the search for oil or gas, the town of course paying them for the delay. The sheathing of the well has demonstrated the fact that the lowest gusher struck sends the water nearly 60 feet when the two first gushers are shut off.

The whole matter therefore is as before, except that we have positive knowledge of water in abundance beneath us. The question having been raised and the great boon of waterworks brought into discussion, it cannot be long before this council or some other will take hold of the matter and procure for Durham not only waterworks but a system of sewerage and fire protection as well.

The council that does this may receive hard knocks, but they will be blessed in the end.

WOMEN'S INSTITUTE.

The monthly meeting of the S. G. Women's Institute was held in the home of Mrs. W. J. Derby, Bentinck, on Thursday, Aug. 6th.

Mrs. D. McCrie read an excellent paper on "Dress"; another on "Farm life" was read by Mrs. W. J. Derby, and also two short papers on "Poultry."

Following this, there was discussion on numerous household topics.

These meetings are held once a month and all women whether members or not are invited to be present.
