THE LATE ROBERT MCGOWAN.

On Wednesday of last week there was laid to rest in Durham cemetery, the mortal remains of this well-known gentleman. For years he has been in poor health, but the remarkable energy of the man kept him on his feet when many would have given way, and it was only a few weeks before he died that an operation was considered necessary. This was successfully accomplished in Toronto but a weak stomach was in some way affected, and he gradually sank as a result of inability to retain nourishment. His remains were brought home and the funeral took place from his late residence, Rev. Mr. Matheson, Priceville, in the absence of Rev. Mr. Farquharson, conducting the services.

Deceased has been for over 30 years a prominent business man in both Priceville and Durham. He had, as we remarked, uncommon energy, and a shrewdness and ability that made him a public spirited citizen. He is survived and mourned by his wife, three sons, John and Wm. of the mills here, Robt. who has been in Georgia with three daughters, Mrs. Sawdon, Toronto, Mrs. Tonkin, Oshawa, and Miss Mary at home. The two sons-in-law were present at the funeral.

A marked tribute of respect was the attendance from Priceville where he spent the prime of his life. A large representation of Durham citizens also attended the funeral. He was in his 73rd year.

—Lord Salisbury, one of the greatest of the Victorian ministers, died on Saturday. He had dropped from the public gaze for over a year, but his life and work through 50 years is no small part of the history of the Empire for that period.

—A meeting of empire-wide importance was held in Montreal last week. The "Chambers of Commerce of the Empire," held its 5th annual session in Montreal, the other four having been held in London. This is a great compliment to Canada and the bringing together of delegates from India, S. Africa, Australia, & with large representation from the three Kingdoms, must prove a great advertisement. Many Imperial questions were discussed, but the question of questions was the fiscal connections between the various parts of the empire. The debate moulded itself largely along Free trade and Protection lines, and while the meeting has developed a friendly feeling nothing definite has resulted.

THE EXAMINATIONS.

Tuesday of last week, Principal Allan got the anxiously looked for list of candidates for the Junior Leaving, and found in it much to gratify himself, his assistant, Miss Lick, their pupils, the trustees, and the town.

Sixteen candidates wrote for the Junior leaving, thirteen passed, a proportion highly flattering, and we venture to say much ahead of many High Schools. Two candidates, Loyal Ireland and Ernest Brooker wrote on matriculation and both passed making 15 out of 18, a percentage of 83. Brooker deserves special credit as he came in the midst of the term, and was the only student taking German, a subject happily, Miss Lick was able to give good assistance in, though at extra trouble to herself.

We can't refrain from making comparisons: on the Junior Leaving O. Sound Coll. Inst. passed 54 per cent, Mt. Forest 68 per cent, Durham 84 per cent, a result intending students should take note of. Durham School Board are alive to the importance of a good school, the staff are enthusiastic, and the equipment generally of the best. Besides it is a healthy and attractive town to live in and good board is very reasonable.

The successful ones at the Junior Leaving were: Minnie Andrews, John Backus, Alice Blackburn, Maggie Caldwell, Grace Everett, Mabel Hunt, Laura Hutton, Margaret Hutton, Ethel Linnin, May McClocklin, Susie McClocklin, Thos. McDonald, Binnie McGirr.

We congratulate Mr Allan and Miss Lick on the splendid showing, and the pupils on the reward of their diligence. The reward to the teachers in mental gratification is not small, but on this it should be remembered they cannot live, and the community that devises liberal things for the educators of their children is not likely to be behind on the material side of life.
