### PRICEVILLE

The harvest is past and the summer is ended and the beauties of nature will soon be changing its summer grandeur. Signs of what is to take place in the near future are already making their appearance for we see indications of fall on the forests in some instances. The harvest apple is nearly out of season now and the green ones changing into a magnificent golden color.

This is the month for pleasure-seekers to enjoy themselves in attending exhibitions and such like. Quite a number of our ladies and gentlemen attended the Toronto Exhibition last week. Amongst the many we find Mrs. Neil McKinnon, Misses McMillan and McLean, South Line, Peter McArthur, of town, and a host of others that we cannot mention at present. We hope they all enjoyed themselves immensely.

Secretary Arch Butters, of the Arismetia Agricultural Society, is busy taking in members for the coming year which promises to be a good one. With a good old President like Mr. Dugald McCormick and an excellent penman like Mr. Butters as secretary, everything may be depended upon to be found in and correctly marked.

John McArthur Jr., Conr's son, is attending the Collegiate Institute at Owen Sound.

Alex. McMillan, Sr., South Line, says that of 3 of an acre of peas, barley and oats mixed on his farm there were five big loads taken to the barn. Now it is did not know that Sandy was a truthful man we would be apt to have our doubts as to the reality of the superabundance of crop on such a quantity of ground.

Malcolm McInnes is dealing in hogs, sheep, etc., during summer. Malcolm has all the qualities of a first-class drover, more especially since he has been the recipient of a young heifer lately. We wish him and his good partner in life much enjoyment in the addition made to the family.

A very enjoyable time was spent at the Methodist garden party lately, and was a success considering the busy season.

Rev. Mr. Roseb, of the Methodist Church, preached preparatory sermon in the Presbyterian Church on Friday last.

While we are engaged in writing we can hear the familiar laughter of some of the youths and beauty, of both sexes, enjoying themselves in the natural enjoyment of what on some occasions terminates in making the future life happy.

William Webster, of Vancouver, son of the late Alex. Webster, of this town, visited his birthplace last week and visited at McIntyre's, South Line, during his stay.

The sacrament was dispensed in the Presbyterian church last Sunday. A large crowd celebrated the occasion. The pastor gave an excellent discourse suitable for the purpose, four new members were added to the church. Gaelic Communion next Sunday and it is to be hoped that all who are lovers of their mother language will attend.

John McLeod is at home with his mother, (Rev) Mrs. McLeod, at present and will stay for a while.

Miss Grier acted as organist at the communion in the Presbyterian church last Sunday in the absence of Miss Reilly, who is the regular organist.

As we see Top Cliff is yet alive we shall leave this district to the youthful correspondents of that place to attend to reporting the events of the season.

Threshers report grain turning out well, but Norman says it just turns out four pecks to the bushel as usual.

Miss Christina McDonald writes home from Oak River, Manitoba, saying that the former part of harvest was very wet and very unfavorable. No grain of any account stacked on the 5th Sept., crops very good. She also states that John McDonald, son of the late Neil McDonald, Crawford, had the misfortune of falling off the binder and breaking his arm above the wrist. We sympathize with Mr. McDonald as he had trouble in the family already.

### BROWNSVILLE

The harvest in this part is almost a thing of the past.

Neil and Katie Clark left home on Saturday to attend the wedding of their cousin Miss McLeod, of Minto.

Steve McMurdo and John McQueen left on Monday for Owen Sound. They will take in the exhibition and the assizes now going on there.

Mrs. John McQueen and children have returned home after spending two weeks visiting her brother and many friends in Nottawasaga.

Miss Lena Wilson, of Riverside, spent a few days last week visiting her friends at Boothville.

Mr. and Mrs. John Aldern had a very pleasant tour through the country last week leaving Dundalk on Tuesday morning. They visited Ventry, Shrigley, Creemore, Stayner, Collingwood, Thornbury, Meaford, Flesherton. Mr. A remarked it reminded him of the land of fruit and wine. He did not see anything of the wine but he waded ankle deep in fruit, plums being an exceptionally good crop, laying in bushels on the ground. There is no demand for them.

David Allen, who went to Little Current, Manitoulin Island, over two weeks ago, has returned. He took with him a chest of carpenter's tools and was to build a house for his brother Hamilton and do other carpenter work and contract for buildings. He reports that he had a very stormy passage both going out and coming back. It has also leaked out that Mr. Gamey's friends did not give him a very warm reception, but he said here that he is going back. We will wait and see and if he goes for good we here will bid him an affectionate good-bye.

There is some talk of Rev. Mr. Alderson going to another field of labor.

The harvest is about all in now, but it takes the farmers to hustle when a dry spell comes.

Wm Christie came home from the north quite ill but is getting some better.

Alex. Russell is laid up sick.
