An "Organ Recital" will be given by Mrs. Newton, assisted by talented vocalists, on Thursday evening Nov. 6th, in the Baptist Church, to which all lovers of music are invited.

VANDALISM.—On Saturday or Sunday last some miscreant did serious damage to the school buildings, breaking windows, locks, &c. The incipient burglars may find such work costly and the trustees are taking steps to discover the perpetrators and prevent the recurrence of such regrettable outbursts.

Rev. A. E. Henry, of Knox Church, Hamilton, who comes for the Presbyterian Anniversary services on Sunday and Monday next, will speak on Monday evening on "The Boy." How Mr. Henry will develop this broad subject we know not, but those who know him will expect a treat no matter what subject. No admission fee. Free-will offering at the door.

RAPID PROGRESS.—The foundations of the new Hunter block on the old Stewart corner are completed, the excavations, &c., having been rapidly made under the personal supervision of the Messrs. Hays, and the town will be immensely benefited and beautified by this fine block when completed and also by the large addition Mr. V. Hahn, the energetic proprietor of the Knapp House is making to his hostelry just opposite.

BAPTISTS IN SESSION.—The Baptist Convention of Ontario and Quebec met in Owen Sound last week and held most successful sessions. They passed resolutions of sympathy with the non-conformists of England in their struggle for firm ground against the liquor traffic and cigarette and commended the work of the Prisoners' Aid Association. With a view to strengthen Sunday School work it is proposed to appoint a General Superintendent of S. School.

SOCIAL.—A very pleasant evening was spent in Calder's Hall, by the Royal Females, Tuesday evening last week, the losing side in the program, consisting of the treat for the occasion. A very pleasant time was spent in singing, social chat, &c., Mrs. Newton, Messrs. Drysdale and Wright, Miss Stewart and others contributing to the programme. An open free concert will take place two weeks from Tuesday, November 3rd, Messrs. Wright, Bell and Drysdale being the committee charged with providing the program.

FARMING FOR PROFIT.—Every farmer should keep these three words constantly in mind and conduct his farm on strict business principles. Guess work and hap-hazard methods are no longer used by successful and up-to-date farmers. The Weekly Sun, the Farmers' Business Paper gives the latest and most accurate information about the business and besides pushes for and supports all legislation for the benefit of farmers. In combination with the Review from now to Jan 1, 1905, only \$1.75.

THE LATE M. K. BEATON.—We regret sincerely to have to speak of this gentleman as among the dead, but such is the case we have been informed and his remains are to-day, Tuesday, being interred in Flesherston. Of late he and his family have been living at Trout Creek, Ont., and in the district from Durham to Flesherston, he was well and favorably known. An attack of pneumonia carried him off. We have no details at this writing, but he leaves a widow and at least one child as chief mourners. For some years he has been engaged in timbering operations and was very successful.

PIES SOLD WELL.—The pie and box social at Hutton Hill school on Friday evening last was certainly the most successful ever held in this district. Teacher John A. Graham generally "does things," and as an organizer of school events he has few equals. The school was crowded and the proceeds of the evening, \$58.45, testifies to the enthusiasm in the section over school affairs and to the ability of Mr. W. S. Davidson, who acted as Auctioneer. The pies ranged in price from \$1.00 to over \$2.00. Of course there was a literary part also and everyone seemed pleased at the success attained. The proceeds are to be applied to the erection of a woodshed at the school.

BYE ELECTIONS. ONE TO EACH.

The bye-elections on Tuesday left the standing of the parties as before, but reverses the complexion of the constituencies. Muskoka is now Conservative while the Soo went Liberal. The Government majority is still 4, with N. Renfrew to hear from, so that at the worst, Ross will have 4 to lean upon, with the speaker off. 3.

Ben Nevis Camp meets Friday of this week. The softest, lightest, warmest blankets, they're all wool—at Jas. Ireland's.

WANTED.—Good general servant at once. Apply to Mrs. Somerville at Mrs. J. H. Hunter's residence.

The right underwear for this weather—Suits to please you and make you comfortable. At James Ireland's.

You "ought to" wear the "Onto" Cap, the newest, sold by H. H. MOCKLER.

GENELOGICAL HISTORY.—Our readers and ourselves are much indebted to Priceville correspondent for the most interesting article in this issue on Genealogical history. It is most fitting that these early chapters of pioneerism should be told and not allowed to pass into oblivion. Our correspondents deal with the subject con amore and more is to follow.

On account of the inclemency of the weather the audience was small. The offering was \$3.00.—Com.

Overcasts and Reefers for small boys, youths and old boys at Jas. Ireland's.

ANNIVERSARY SERVICES.—On Sunday and Monday, Nov. 2nd and 3rd respectively, the Presbyterian body here will hold their Annual Anniversary Services. Friends of the church will learn with interest that Rev. A. E. Henry, of Hamilton, who made many friends here during the three months he labored while Rev. Mr. Jansen was in Holland, is to be present and around for a few days. He will preach at both services on Sunday and take a large part at the Monday evening meeting. For this latter a musical program is also in preparation. Mr. Henry will be warmly welcomed by many who admired his eloquence and Christian spirit.

The Mt. Forest Confederate says: Mrs. Neil McArthur, of Egrement, was a native of Scotland and came to Canada in 1851. In 1853 she was married and settled in Hamilton, and in the following year moved to Egrement, where she and her husband settled on lot 11, con. 11, and resided till her decease. Only last year the aged pair celebrated their golden wedding. They had a family of eight, six of whom survive. Mrs. McArthur died on Tuesday of last week. The funeral did not take place till Monday to enable some of the more distant members of the family to reach here for it, which they did except the daughter in Victoria, who was unable to come. The deceased was held in the highest esteem by all who knew her and special sympathy is felt for her bereaved partner in life. She was a member of the Baptist church.

THE BY-LAW DEFEATED.

By the comparatively small majority of 19, the plan of the council to buy the flowing well was defeated on Friday last. The vote as was expected was small, only 147 ratepayers taking the trouble to record their vote, and there was no enthusiasm on either side.

It is significant, however, that the two lower wards in which lies the bulk of lower town give each a small majority in favor, and this will no doubt furnish a hint for future action in attempts to secure a domestic service by a sectional by-law, if the more important and more ambitious project of Waterworks is abandoned.

There is now an opportunity for private enterprise to take hold of the well as was once talked of, but this or next council will be apt to fight shy of such matters.

The vote by wards was as follows:

	For	Against
North Ward	5	32
East Ward	21	19
West Ward	38	32
	64	83

Majority against, 19. Total vote, 147.

Possible vote, nearly 500.

NONAGENARIAN PASSES AWAY.

There passes away in the person of Joseph Firth, of Genelec, one of the earliest settlers of this locality, at the age of ninety-two years. Death came to him on Wednesday, the 21st inst, after an illness lasting six months. Interment took place on Friday at Trinity Church Cemetery.

The deceased was born Sept. 7th, 1811, in the village of Cotton, Yorkshire, England. In 1833, at the age of twenty-two, he emigrated to America, landing in New York City, where he remained two months and ten days. He moved to the northern part of the State of New York and settled in the thriving town of Lockport. Here he met Martha Wilson, a woman of sterling qualities, well fitted to share his joys and sorrows. To her he was married in 1838.

Being born a British subject he resolved to die a British subject, so in 1841 he removed to Trafalgar Township in Halton Co. Here he worked a rented farm for seven years, but determined to have a farm of his own, he came up to the county of Grey, then being opened for settlement for the first time and located the farm at Edge Hill that he afterwards cleared. He moved his family up in the fall of 1849, thus becoming the first settler on the third concession of Genelec.

Mr. Firth was the youngest of a family of eleven and has no surviving brothers or sisters. Of his own family, seven reaches the state of manhood and womanhood. They all survive him but his third son, Dan, who died eleven years ago, William, Harry and Joseph live in Genelec, George in Melancthon Township. His daughters, Mrs. Fox and Mrs. Williams, live in Durham. His wife predeceased him seven years.

The deceased was a true type of an Englishman. Descended from the yeoman class of North England, he possessed all the staunch qualities of that type. Bluff, hearty and outspoken, he made many friends and to his friends he was always faithful and true. As a neighbor he endeavored himself to all the early settlers by his willing disposition to help in times of affliction and trial. The high estimation in which he held many of his descendants from the words of his oldest and nearest neighbor, who, on hearing of his death remarked "for fifty-five years Mr Firth and I have been neighbors and we have never had one point of disagreement during that time."

The subject of our sketch was a man well suited to stand the rigors of the early, pioneer life. Possessing a sturdy frame and a healthy body, he rapidly cleared his farm and built for himself a comfortable home. Twenty-five years ago he retired from active work, living on the fruits of an energetic life. With the exception of a single period of his life, he always enjoyed excellent health and never within six months of his death was able to walk about out of doors.

One by one the old pioneers are passing away and soon we will have nothing but their memory and their work to recall to us this invaluable type of citizen. Too much credit cannot be given to them as nation builders and it remains for their descendants to complete the work their fathers began under such trying conditions. May they fulfill their work in as creditable a manner.
