COUNTY COUNCIL.

The county council commenced its November session at the court house on Monday. It was nearly three o'clock before a quorum put in an appearance. Warden D. K. Preston occupied the chair, the other members present being Messrs Allan, Brown, Pringle, Gordon, Harness, Thompson, McArthur, McLean, Schenk, Paterson and Shute.

County Clerk Rutherford read the presentment of the grand jury which said that there were several insane inmates of the asylum who should be patients in an asylum. A consumptive patient, who had transmitted the disease to another person, should be isolated as all similar cases should. The document paid a flattering tribute to the great work being done by the general and marine hospital, and recommended the institution to the public for liberal financial assistance.

A letter from J. M. Telford, the secretary of the hospital trust, acknowledged with thanks the receipt of the county council's donation of \$1000.

Respecting the council's memorial to the legislature that the bill before the house at that time provide for the representation of towns in the county council by a reeve instead of the mayor, Mr. MacKay wrote that the memorial had been received too late, but that the discussions indicated that a large majority favored the mayor as representative.

Eight or nine applications for the position of caretaker and warden of the house of refuge were presented, and one from Dr. Ego for the appointment of a physician to the institution, were presented by the clerk.

An amazing letter was received from Dr. Chamberlain, provincial inspector of prisons, asylums and houses of refuge, and read by the clerk. He called the attention of the council that the government had not been discussed as to the location, site, and a lot of other things connected with the new house of refuge, and that failing to comply with the arrangements they might not get the \$4000 grant. The letter was worded in domineering language, which caused one member to remark with disgust: "It is a piece of rot."

Mr. Gordon presented a report of the house of refuge committee, setting forth the requirements for the equipment of the new institution. The report was referred to committee for consideration.

On resolution of Messrs Pringle and Gordon the council unanimously expressed its regret on learning of the death of R. J. Doyle, and as a further mark of respect Messrs McArthur, Pringle and the clerk were appointed to draft a letter of sympathy with the family. The council adjourned to meet at two o'clock on Tuesday afternoon.

WEDNESDAY AFTERNOON.

The council met at 2 o'clock pursuant to adjournment, Warden Preston in the chair. The following gentlemen responded to their names: Messrs McKinnon, McLean, McArthur, Bell, Shute, Thompson, Brown, Paterson, Pringle, Harness, Allen and Schenk.

The minutes of the Tuesday meeting were read and confirmed.

The clerk presented the following communications: From D. B. Snider, Meaford, applying for position of caretaker of house of refuge; and an account from the McCullum Co for printing for judge, \$10 and other accounts.

REPORTS.

Reports were presented from the finance committee by Chairman Pringle, road and lairage committee by Chairman Shute, and the special committee on resolution of condolence by Chairman Pringle. Chairman Gordon presented the report of the county property committee and also the report of the house of refuge committee.

The finance committee reported recommending the filing of the county treasurer's stationary account for 1903, and the insertion in the minutes of the report of the grand jury sittings; the statements of the manager of the Merchants Bank, showing balances for second and third quarters of 1903; the payment of the county clerk's postage account, \$10.20. Also that the treasurer's statement of auctioneers' and pedlars' licenses for 1902 be included in the minutes, and that the by-law regulating pedlars' and hawkers' licenses be amended by increasing the amount to be paid for same. The report was adopted without discussion.

The report of the road and bridge committee was also adopted without discussion. Its recommendations were the payment of M. Farrelly, repairs to bridge, Grey county share, \$5.24; John McArthur, inspection and letting bridge contract and disbursements, \$9.40; Joseph Watson, clearing log jam on Big Head River, \$5.00.

The resolution for the adoption of the letter of sympathy to County Councillor R. J. Doyle on the death of his father, the late R. J. Doyle, a former member of the county council, was unanimously adopted.

The county property committee's report recommended the payment of a number of accounts for repairs and supplies for the county buildings amounting to \$816.11, of which \$32.37 was chargeable to criminal justice account. The items were evidently quite satisfactory, as the report was similarly treated to that of previous reports.

The house of refuge report was an important document which had evidently required close consideration. In addition to recommending the payment of a number of accounts chargeable to capital account, it recommended: That the clerk write the provincial secretary asking him to take the necessary steps to have forwarded to the treasurer of the county of Grey the sum of \$4000, being the usual government grant for erecting houses of refuge and buying industrial farms, the communication to set forth the necessary details as to price paid and other facts, which might be necessary; also calling the attention of the provincial secretary to the fact that Dr. Chamberlain had written the warden stating that the plans should have been submitted to him as set forth in the house of refuge amendment act of 1903, and asking if the county intended to ask for the government grant. And further that the clerk's letter show that the requirements of the law up to the date of entering upon the obligation of the land and erection of the house of refuge had been fully complied with. The payment of a number of accounts in connection with the inspection of the house of refuge was also recommended. Another cause recommended that the clerk inform Dr. Chamberlain that the obligation in respect to the house of refuge had all been entered into before the amendment to the act was passed as referred to in his letter to the warden and clerk of August, 1903.

The report also recommended that tenders be again called for the erection of the barn, and that the council ratify the contract with the Ontario Wind, Engine and Pump Company for the installation of the water works plant at a cost of \$3400. No discussion followed the motion to adopt the report, which carried.

Mr. Bell introduced bylaw 639, to amend the bylaw relating to the issue of hawkers' and pedlars' licenses. The fees were fixed as follows: For a two horse wagon or vehicle, \$100; one horse wagon or vehicle, \$50; wagon or cart drawn or pushed by the individual \$40; pedlar with pack, box, bundle, basket or value, \$30. License holders must produce license on demand, and the license to extend for one year from the issue thereof.

In committee Mr. Allen said that it was understood that to facilitate the keeping account of the licenses issued all should terminate on the first of February concurrently with those of the auctioneers.

Continued next week.
