#### BLYTHE'S CORNERS.

Miss Janet Blythe has secured a situation as assistant teacher in Waterloo and left last week to take charge thereof.

Miss Morton who had applied for our school and secured the position as teacher for 1904 has ruled her bargain and politely requested our trustees to pardon her, which we believe will be granted. She has the promise of a school nearer her home, and as our trustees are generous hearted fellows they did not think it wise to put her to any inconvenience.

While Miss Clara Hoeflin was winding her way from her home back to her sister's, driving a young horse attached to a buggy belonging to Don McElvride on Wednesday night last, she met with a bad runaway accident. The horse became unmanageable and upset the rig, pitching the driver head first out, making good his escape and running about two miles home. The horse escaped with a few scratches, the harness for the most part was smashed to pieces while the buggy was pretty well riddled, the shafts smashed, one axle split and the top rendered useless. Miss Hoeflin escaped without a scratch.

In reporting on the entertainment held in Knox church last week an error was made in not reporting Mr Jas Watson among the shining stars in the singing line. 'Twas a mistake of the pen and not the brain.

Mr Jake Hoeflin had a serviceable horse die last week very suddenly. The trouble was a very uncommon disease but very fatal.

Mr and Mrs Alex Calder, of Egremont were guests of Mr and Mrs John Marshall on Sunday last.

Mr Wm Marshall, who some time ago advertised in the REVIEW for a number of strayed cattle, has recovered the whole lot, getting the last one on Saturday last. It pays to advertise in the REVIEW.

#### BOOTHVILLE.

Frank McCabe has left our burg and he will be missed both in the blacksmith shop and in social meetings as he was a favorite with the fair sex. He has worked up a large business here.

Considerable mischief was done here on halloween and no damage of any account.

A very pleasant, sociable event took place at the home of Mr and Mrs Chas McQueen, on Oct 27th. Their grand-daughter, Jennie McFarlane, entertained a number of her friends. After spending a few sociable hours together they departed wishing her many happy returns of her birthday.

Geo Witters has raised an addition to his barn. Vint Hill is the contractor and the work will be well done.

We are ready for the winter now, roofs are all taken up, the threshing is finished for another year, the windows putted and the houses banked.

Neil Cameron's house is nearly finished and it looks well. W Kinsman and W Wilson carpenters and W Moody bricklayer.

The new school house is now completed and is a credit to the contractor, Fred Bunciman and the section. Miss Gordon, teacher, and pupils will be moving in to it the first of the week.

Jennie McFarlane and Mrs J McQueen visited at Alex McLean's last week.

Miss Kate McConnell escorted by Wm Akins, of Nottawasaga, is at present visiting friends here. Mr Akins visited his cousins the Aldcorns, and Miss McConnell is visiting her sister, Mrs R Mc Donald and her uncle Donald McFarlane and other friends. We presume she had a say in the laying out of a certain new house near by.

The meeting in connection with the beef ring was held in Brownsville, every one being satisfied with the adjustments made by our efficient Secretary Mr Herman Haw. The ring was enlarged for 1904, and a heavier standard of beef will be required. The weight of animals is to be 400 lbs and this will be easily reached for the average weight this year was 424 lbs. There will also be 20 shares instead of 18 thus extending the season four weeks. The slaughter house will now be at Butcher Witters.

Mr Neil Clark lost a valuable horse the other day by an accident. The horse ran violently against the end of a tongue which pierced its breast and it had to be killed.

Minnie Stevenson heard Willie Wilson tell Kate Clark that Stanley H-w told Flora Clark to inform Arch McLean that Edith Campbell overheard Alex McQueen whisper to Miss Gordon that Noble Wilson said Mary McKechnie gave Donald McConnell to understand that Lydia Ferguson knew that Jack McDougall was sure that Mary Ferguson believed that Artie Wilson heard Willie Kinsman selling Fred Bunciman that Boothville had the newest and nicest school house in the county of Grey, and that they were all going to do their best to make the opening concert next month a great success.

Standard House, 320 Dearborn St., Chicago.

#### PRICEVILLE.

Members of the different societies will remember the services to be held by the Rev Alex McGillivray, of Toronto, on Sunday evening next, 22nd inst., at 7 o'clock, in behalf of the respective societies in Priceville. Service to be held in the Presbyterian church the different Lodges will please meet at their Lodge rooms at 6.30 in union Hall.

The weather is shaping for winter and the east wind on Monday reveals that it is not far away.

Mr. Walter Nichol gave an excellent address in the Presbyterian Church on Sunday morning last on the doings of Knox College and in the evening he preached an eloquent sermon from Luke 22nd chapter, 29 and 30th verses. As a young man Mr Nichol is hard to surpass as an orator speaks fluently and clearly, and the listeners cannot but admire his manner of delivery. He left on Monday morning to resume his work at Knox College, of Toronto.

The concert in aid of the Baptist church, Durham, held in Watson's Hall was an excellent one, only the audience was smaller than it should be. Mrs Newton's talent, as a singer and player is far above the average and she commands a hearing from the audience wherever she goes. On account of the busy season amongst the farmers, threshing, &c, the crowd was rather small but the talent excellent.

A movement is on foot to fix up the Agricultural Hall so as to make it more comfortable for concerts and such like things. The Halls used at present. We cannot say whether the movement will be successful or not, but certainly Priceville needs a larger Hall.

Mrs Bruce, of Calgary, who was at home attending her mother's funeral, the late Mrs John McLachlin, left for her home again last week.

Archie McCusig, of Top Cliff, had nearly three days threshing and has somewhere in the neighborhood of 3000 bushels of grain. Not so bad for Glenelg.

Miss Jennie Robertson, of Toronto, is spending a while at home with her mother in this place.

Miss Susan McKinnon, of Durham, attended the concert in Watson's Hall, the other evening. Miss McKinnon is always welcomed by friends in Priceville and elsewhere.

Miss Kate McIntyre, of Toronto, is spending a while at the old home in this place.

Our singing class held by Mr Wm Ramage is doing well.

Thos McDougall, of Engadine, Mich., is spending a while at the old home on the South Line.

Angus McKechnie, of Cleveland, son of Roger McKechnie, is spending a few weeks at home. Mr McKechnie is motor man on the electric cars.

Archie McDonald, who spent the summer months at Kleinberg, Co. York, is also home. So the boys all like to take a stroll home once in a while for after all there is no place like the old home.

Mr Peter McArthur spent a few days hunting in the neighboring woods and we hear he captured a fine deer. We cannot vouch for the truth of the story, but we heard that the Turner shot and killed a fine moose while riding on his bicycle. Down with another Jim.

Deputy District Master, Mr Burgess, of Owen Sound paid his official visit on Wednesday of last week to Lodge 140, A. O. U. W., of this place. Over 4000 new members added to the order in Ontario in the year 1903.

Donald McLean, of County Bruce, is home at present at his father's, South Line, Artermesia.

Mr Neil McDougall, north line, had a plowing bee, to the number of 18 teams, one day not long ago.

We are pleased to see Mr John Campbell, north line, keeping so well after his recent accident, which disabled him from his usual activity.

We heard Mr Hugh McPherson rented his farm to Mr Brodie of the neighborhood.

#### ROB ROY.

Alex Bell's sale last Thursday went well, everything sold bringing a good price.

John McQueen and Miss Jennie McFarlane were the guests of the latter's parents of late.

Miss Mary Brown is visiting Priceville friends at present.

Dr McCormick, of Cartright, Wis., visited his home here for a couple of days recently.

Mrs Alex Bell returned from Toronto last Wednesday after a two week's visit with her daughters there.

The prayer-meeting held at Wm Young's last Tuesday evening by Rev Mr Farquharson was well attended.

Last Tuesday the McCormick family received the sad tidings that Angus, the eldest son was dead, after a short illness. He died at his sister's Mrs F McLaren, of Spooner, Wisconsin. His brother, Dr Hugh McCormick, accompanied the corpse home, arriving in Durham on Friday, on the three o'clock train. The funeral, which was a large one took place on Saturday at 1.30 p. m., to the Rocky Sangeen cemetery where Mr McCormick's father and sister were buried. Deceased leaves his mother, three brothers and four sisters to mourn his loss. We join in extending our sympathy to the bereaved ones.

Mrs Col Weir, of Port Credit, is visiting her aunt, Mrs McCormick for a few days lately.

The misses McCormick, of Walkerton, were home attending their brother's funeral, also Miss Kate McKinnon, of Bentuck.

Miss Susie Kennedy is visiting Flesherton friends for a couple of weeks.

#### SULLIVAN COUNCIL.

This council held its ninth meeting on Nov. 2. Members all present.

C Struck presented a claim of \$10 for the loss of an apple tree, being undermined while gravel was taken from his pit, for road purposes. As doubts were entertained by the Council regarding the value of the tree, and

### ROBT. BURNET

OPPOSITE THE CHRONICLE OFFICE

the case as represented, they appointed Councillor Batterman to investigate and report at next meeting.

The annual report of the Chairman of the Board of Health was presented, read and agreed to. The report showed that although diphtheria and scarlet fever had been prevalent throughout different parts of the Township, the fatalities were few, but the death rate from other causes had been unusually heavy, 59 deaths having been registered since the Board's last annual meeting, 34 of these occurring during the winter months of Dec., Jan. and February, being one more than what took place in the previous 12 months.

The polling places are as follows: In polling sub-div. No. 1, at Hemstock's house lot H, con. 2, W Cook, D R O; No. 2, at Batterman's school house, lot 19, con. 5, W Aitchison, D R O; No. 3, at Thorley's mill's lot 9, con 11, F Thornley, D R O; No 4, at Brown's school house, lot 25, con 11, A Brown, D R O; No 5, at the town hall, Desboro, Wm Smith, D R O.

money orders were issued amounting to \$402.08. Council meets again on Dec. 15. A. STEPHEN, Clerk.—Banner

#### HOPEVILLE.

Intended for last week. The funeral of the late Duncan McMillan, ex-rev. of Proton, took place on Monday afternoon, the 9th, from his

residence to the Swinton Park cemetery and was very large. Old residents came from neighboring towns and townships. The ministers there were Rev's Mr Morrison, of Cayville, Mr Matheson, and the new Methodist minister of Priceville.

Death has been in our village and taken away Mrs Bella Glenister, wife of W J Glenister and the youngest daughter of the late Mr Andrew Dingwell, on Tuesday morning, 10th Nov. Mrs Glenister has been ailing for some years back. After her marriage they lived in Toronto, but Mr Glenister thinking country life would help her moved into Hopeville some years ago. She was a member of the independent church and Rev Mr Kenning came from New York to preach at her funeral, which was large and conveyed to the Methodist cemetery on 16th con., Proton Mrs Glenister was a kindly woman and a good neighbor. She was about 40 years of age and leaves behind to mourn her loss, her husband, two sons, one daughter, a widowed mother, five brothers and one sister besides other relations.

We have here on the sick list of aged people, Mrs J McArdle, Mrs Geo Coulter, Mr Neil McEneaney and Mr Johnson milliner.

Business seems to be good. J H Scott's store is doing a good business.

Wm Dunsell and Albert Haw have each of them pulled down their old mills and have large new ones with the latest improvements in machinery.
