BETTER THAN EVER.—"The Weekly Sun," the farmers' business paper, promises to be even more interesting to the farmer in 1904 than in the past. The Sun is one of the few papers that places the farmers' interests before all others. Subscriptions may be left at THE REVIEW Office. Clubbing rate \$1.75.

MOVING SOUTH.—Our confere of the Chronicle is this week moving his plant into the old Chronicle building adjoining the Charter Sun factory, a work entailing an immense amount of planning and labor. The move is necessitated on account of Mr. Jno. Nichol desiring his whole space to begin a merchant tailor business.

FINE SLEIGHING.—The snow just coming as we went to press last week, continued to fall till nearly a foot deep and sleighing since has been excellent. Monday it threatened to get soft, but a colder spell set in with light snow, so that road conditions are excellent, and the sleigh bell is everywhere. Wood rushed in during the week and for a day reached \$3.00 but fell on Tuesday to \$2.75 and latterly same day to \$2.50 and \$2.25.

Our prices are reasonable and the quality of our photos makes the value—Kelsey Bros.

MORE SCHOOL ROOM NEEDED.—At a meeting of the School Board on Saturday evening, the trustees accepted the application of Miss Maggie McKenzie for the position of teacher in the new room to be opened up in 1904. This will make 8 regular teachers and utilizes every room in the building. The Model class next year will have to be provided for elsewhere. It is not too soon to think about a new building adapted for High School work, leaving the present building to accommodate the public school. The expansion of the town will soon demand it.

Remember your friends and buy your photos at the Kelsey Bros. studio.

SECRET OF SUCCESS.—The success which the Toronto Star has achieved during the past four years has been the subject of much comment in the newspaper and business world. From an average daily circulation of a little over 14,000 for the year 1902, the Star has now an average daily circulation of over 21,500. It has so grown in favor too, with the general public that it now carries more advertising than any other paper, evening or morning, in the city. The reason for the popularity of the Star, however, is not far to seek. If you are a reader of the Star, you will have noticed that its news columns are put up in a way that makes the news easy to read. Its daily woman's page, with its fashion cuts, is very attractive; its market reports are especially full and accurate; its editorial columns are fair, sane and strong, and free from partisan bias, while its sporting columns cover the whole field of sport. The Star's success, therefore, is but the natural result of a newspaper policy which consults the taste of all classes. Its subscription price is \$1.00 a year, with the balance of this year thrown in to new subscribers. REVIEW and Daily Star, 1 year, \$1.80.

A reward of from \$10 to \$20 will be paid any person for the conviction of any who may be found peddling without license.

THANKS TO EARL GREY.—That was a neat notion of Commissioners C. McKinnon and D. McLean, of thanks to Earl Grey for the use of his crest for the County seal. See the minutes in this issue. In addition to inviting him to visit his county namesake, we hope the council has sent or will send, one of J. P. Telford's best maps of the County, with some statistics.

An exchange says that the best barometer in the world is an old scratched up, lop-eared, battle scarred cat. If he eats grass it is a sign of rain. If he stands with his back to the stove it means cold weather. When he washes his face, wash yours, for company is coming. If he is nervous at the time he is usually sleeping, examine your lightning rods, for a big electric storm is brewing. Everything he does is a sign of something. If you haven't got a measly old cat, you'd better get one at once.

DESERVED SUCCESS.—The Family Herald and Weekly Star of Montreal, is meeting with an enormous increase of subscriptions this year. The success is well deserved, for they are giving the biggest dollar's worth ever offered the public. Their two premium pictures this year are beautiful and their Dominion map should be in every home. The generosity of The Family Herald publishers this season is winning them thousands of new readers. In almost every home one hears of this Family Herald's beautiful premiums this season. With the REVIEW next year \$1.75.

CON. KNAPP RIDES IN STATE.

We are indebted to Mr T. Harris for a clipping from a late Soo paper, recording the fulfillment of an amusing bet in which Mr Con Knapp figured. He and Mr Geo. Russell, both prominent men, in the heat of the election had put up each \$15 on the result, the loser to wheel a mile and make a short speech at each pole. Smith, the Liberal, won, and Con took his ride, in a substantial red barrow and a big crowd of men and boys who laughed as the procession went by. Says the paper:

"People who happened to be in Queen street yesterday shortly after noon saw a most amusing sight. It was George Russell, a well-known resident, laboriously wheeling a wheelbarrow upon which was seated, looking as serene and unconcerned as possible, Con Knapp, proprietor of the Hotel Algoma. Mr Russell pushed the barrow with its human load all the way from Bruce street to Elm street, a distance of about a half mile, through the principal business part of the town, and made a speech at each wire pole. It was the fulfillment of an election wager and was the most interesting and novel event there has been seen in the So in a long time, and the people enjoyed it immensely.

Mr Knapp was seated upon a box, placed on the barrow, allowing his legs to hang down in front astride the wheel, and away they went.

At the first post Russell stopped, and, removing his hat, spoke somewhat as follows:

"Ladies and Gentlemen—Hurrah for Smith! This is to announce the immediate starting of the works. Three thousand men will be employed. Mr Smith will turn the first wheel, and I am sure you will all appreciate it."

Something similar was given at each stop. Mr Knapp said nothing, but admired the scenery and looked unconcerned." Mr. Harris adds in a note "And Con's face would wear 'the smile that won't come off.'"

A meeting will be held at Mrs. Wm. Ramage's, Thistle, on Thursday, December 3. An interesting meeting is expected. All ladies are cordially invited to attend. Miss KATE DIXON, Sec.
