And there is a certain rivalry between the holly and the mistletoe. A rivalry in which both win out. The holly is the more common. It is the berry of the people, while the mistletoe is the berry of the few.

There is something about holly that always suggests good health, and it certainly suggests good cheer. The colors of the plant are particularly in its favor, and if an artist had sought the shades which would go best together he could hardly have made a happier hit than with the holly plant,

The selecting of the holly as the berry of Caristmas was not wholly a sentimental one, for it blossoms of its own accord at Christmas rather, than at other seasons. It does not have to be forced, like the Easter lily. In Sweden holly "ripens" only the very week before Christmas, and in the cold parts of Wales, where it grows in such luxury, it is hardly ready on Christmas day. Parties of holly seekers are sent out on Christmas afternoon to bring it in so that it may be clustered around the yule. Holly when cut and in the house will stand a great deal of heat. It merely dries up and breaks, but it does not discolor, as would many another berry, nor does it rot. The mistletoe is the berry of

Christmas for quite another reason. There is a sentimental attachment to it. It is called the kissing berry, and legends surround it very pleasantly with this prettiest of all civilized customs. Holly, on the other hand, rugged,

prickly, bristly, and ever picturesque, is more as a decoration, a sign, a standard-bearer of Christmas. In church history holly is quite famous, and where the mistletoe is left out in the cold holly is brought in and wreathed around the sacred altars.; You can use holly with propriety anywhere, and really it is seen in every possible position, from that of cake decoration to the trimming of the bowl in which the Christmas infant receives his drop of water in baptism!
