Judge Decides Case of American Boat Seized by Petrel.

St. Thomas, Ont. Report - The trial of Capt. John C. Tabb, for illegally fishing in Canadian waters on Oct. 13th last, and whose fishing tug Star was seized by Capt. Dunn, his wife Edith, and his sister-in-law, of the revenue cutter Petrel, was concluded to-day, before his Honor Mary Jane Kelly, Thomas Lawler, Judge Ermatinger. The defence was that, while admitting being found several miles north of the international boundary line with wet nets and freshly taken fish on board, the American boat had lifted the nets in American waters, and then proceeded across the boundary line in search of some missing nets which Capt. Tabb claimed had been drifted by undercurrents across the

GRAND TRUNK PACIFIC.

Mr. Prefontaine Says Road Will be

Montreal, Feb. 1.-Hon. Raymond Prefortaine, Minister of Marine and Fisheries, made an important statement to-night regarding the Grand Trunk Pacific Railway, following on the announcement made by Hon. Mr. Emmerson, the new Minister of Railways, at a meeting the other night at Moncton, N. B. Mr. Prefontaine was addressing a meeting at St. Cunegonde, in the riding where a bye-election is to be held on Feb. 16th, to fill the vacancy caused by the retirement of Mr. J. A. Madore, M. P., to accept a judgeship. He said, among other things: "Hon. Mr. Emmerson has stated that the Grand Trunk Pacific Railway eastern section will be built, and I tonight, speaking as a Minister of the Crown, repeat that the new railway eastern section will be built, in its entirety. The representatives of Quebec and the Maritime Provinces would be traitors to their constituencies were they to abandon the enterprise. I say with Mr. Emmerson that if the Winnineg-to-Moneton section is nothing there will be no new transcontin-

ental railway at all." Referring to the revision of the tariff, Mr. Prefontaine said that there would not be time at the next session for a general revision, but he felt safe in saying that full consideration should be gerous, but her eye was painfully given to all manufacturers who could show that they were really suffering.

CASHELS IN COURT.

HOUSE OF DEATH,

Montreal, Feb. 1 .- Another woman died to-day at the Royal Victoria Hospital, supposedly from having incases the fumes of arsenic caused grade lumber, was a mass of flames by burning barrels that had held the poison. This time it was the mother of the woman, Mrs. O'Brien, who was reported on Monday to have died from the same cause. Her name was Mrs. J. Delourey, and she had beer, living for some time with Mrs. O'Brien, at 50 Latour street, where the barrels were used for fuel. An autorsy was made at the hospital this afternoon, and the report was leath from natural causes. The doctors still discredit the theory of roison, and the Coroner maintains that an inquest is not neces-

WONDERS OF RADIUM.

Remarkable Assertions of a Russia:

Scientist. St. Petersburg, Feb. 1. - Prof. Prince Tarkhanov, the well-known scientist, lecturing recently before the M litary Association, made some interesting statements in regard to the possibilities of radium. He presented to his audience two cancer patients who had been cured of malignant growths on the face by the use of radium, and expressed the opinion that the problem of determining the sex of children, which Prof. Schenck had farled to solve, will shortly be settled by the aid of radium. The Prince added that he had prevented the development of hydrophobia in dogs, inoculated with rabie virus, by using radium. When large quantities | regularities in that poll of radium were available, the Prince contended, the whole system of modern warfare would be revolutionized. as powder magazines, whether in
