The Annual Meeting of the N. P. C. Co. will be held in Toronto on Thursday, 18th inst. The meeting of local shareholders to appoint delegates is to be held in Durham on Saturday, Feb. 13. Similar meetings we believe are being held at points where shareholders are numerous.

A FIRE BUG.—Mt Forest has in its bounds a dangerous character, who a week ago, broke into the school by prying open a window of the basement, broke the plaster of the ceiling, stuffed paper under the floor, lit it and damped. Luckily it went out leaving all the evidences of the attempt.

ORANGE COUNTY LODGE.—The Annual Meeting of this body took place on Feb. 2 in Calder's Hall, Durham. Some general business was transacted and the following officers elected for 1904: Bros. Wm. Ritchie, C. M.; W. C. Allan, D. C. M.; John Williams, Chap.; J. G. Wilson, Secy.; K. Eden, Treas.; T. McFadden, Fin. Secy.; Jas. Eden, D. of C.; John Aldred, Lect.; John Anderson and J. W. The Quarterly Meeting and Sacramental Service will be conducted by the Rev. Wray Smith in the Methodist Church on Sunday morning. Service to commence at 10.15 o'clock.

GOOD SUBSTITUTES.—The Farmers' Inst. meeting at Ayton looked a failure owing to absence of delegates through snow blockades and no local preparation, but, as will be seen in another column, Pres. Wm. Young and Secy. Binnie, stepped into the breach and gave a good account of themselves.

SOME GOOD SALES.—Last Friday evening the Public Library Board sold off a number of duplicate books and old magazines, which have accumulated for a year or two, and at the same time sold the current year's magazines as they become second hand. Mr. C. L. Grant, auctioned them off in racy style and the proceeds of the whole amounted to \$32.00. The Mechame's Institute piano, which cost \$400 and never was much of a revenue producer was also sold. Mr. C. Ramage being the purchaser.

ADDRESS AND PRESENTATION.

On Tuesday night last the teachers, officers and members of the Bible Class of the Varney S. School, along with a few others, about 35 in all, drove to the home of Mr. and Mrs. John Aldred, for the purpose of expressing to Mr. Aldred their gratitude for his services as Superintendent. Shortly after their arrival, an address was read by Mr. Jas. Gray, and Mr. Aldred was presented with a handsome fur coat by Mr. Arthur McCrie.

The address was as follows:
Mr. Aldred:

It is with much pleasure and delight that we, the members of Varney Sunday School and Bible Class, assemble with you here this evening. For upwards of fifteen years, our school has been under your able superintendence, and during that time your prompt and genial manner in the faithful discharge of every duty associated with your office, has won from us the highest respect and esteem. You have left nothing undone and spared no effort to advance the best interests of our school, and of each individual member, as is sufficiently evidenced by the standing our school took in the annual report of our association, a fact which must be deeply gratifying to you, as it is to each one of us.

May this fur coat as well as the deep feeling of appreciation and gratitude which accompany it, add much to the comfort and happiness which we hope the future has in store for you. May an even greater blessing follow you and your efforts henceforth.

Signed on behalf of the School,
Harry Wilkinson, Arthur McCrie,
Richard Allan, James Gray

Although taken completely by surprise, Mr. Aldred replied in a straightforward manner, conveying his heartfelt thankfulness, not alone for the gift, but for the evidence of their sincere appreciation of his labors, and pointing out how futile he felt his efforts would have been, had it not been for the hearty support and co-operation of the School.

A Varney crowd always knows how to enjoy themselves and the remainder of the evening was happily spent in games and amusements. Before returning home the whole assembly joined heartily in singing the old familiar hymn "God be with you till we meet again."

THE STORMY SEASON.

Last week was the worst tie up of the winter as far as Durham was concerned. Monday was open, but the storm of that night closed the cuts again and no train passed either way till Friday. The Flesherton Stage brought Toronto evening papers of Monday and Tuesday and from that time there was a blank complete till Friday evening, when Tuesday and Wednesday's papers got through. Saturday night late brought the week's news, which were secured on Monday morning.

And here we were as in ye olden time. Didn't know whether Japan and Russia were at each other's throats, whether the coal mines were discovered in Toronto Municipal elections, whether Chamberlain, Balfour, King Edward, Redmond or Rosebery, was on top in British politics. But world topics sank into insignificance when it was learned the town sugar supply was about exhausted, when we heard of a neighboring town closing its school to sell fuel to the citizens and looked around and saw our own town supply getting slim.

Saturday morning brought relief by a real hearty "January thaw," seven days later. It even rained. Snows were brought into requisition, icebergs and roofs were chopped off and the snow drifts lowered their diminished head by a few inches. Sunday morning the good work went on till after morning service, when, as if ashamed of itself for leniency, the weather within an hour returned to a biting frost and a cutting wind that bound up the little rails and produced a new crop of icicles. This Tuesday morning is still zero weather, 9 deg. below, and a prospect of continuance.

The papers are full of traveller's tales of detention and hardship. Mr. Jno. Cameron, of the McLean Pub. Co. had an experience he won't soon forget. He left Toronto for Durham, Tuesday morning, but Tuesday night he had to stay in Guelph. Wednesday he got to Alma, between Palmerston and Fergus, and spent the night there amid all the discomforts of a car. Thursday he made another advance but had to spend another night in a snowdrift a few miles out of Palmerston. He got home Friday night however, none the worse. Mr. C. has travelled from the Atlantic to the Pacific but never met with such an experience before.

Profound sympathy is expressed for trainmen who are having a most severe trial. It blame exists at all it rests on the management of the G. T. R., who have allowed engines, etc., to deteriorate. The G. T. R. up to last week had given splendid service, but was then knocked off for several days on both its branches. This week it is expected freight will move, for though cold it is not drifting. Old sol is mounting higher every day and in anticipation we can even now sing with Browning—

"The year's at the spring
And day's at the morn,
Morning's at seven,
The hillsides dew-pearled;
The Lark is on the wing,
The snail is on the thorn,
God in his heaven,
All's right with the world."

ELECTRIC LIGHT NOTICE.

Owing to the scarcity of water, partly caused by our customers, allowing their lights to burn all night, until further notice the Power will be shut off at 12 o'clock, midnight and start again about 5 o'clock a. m.
