NEW OFFICE.—Mayor Hunter closed up his flour and feed business in the McIntyre store on the 15th inst., and will have a free hand comparatively till building operations at his new store can be resumed. In the meantime he has secured offices in the Calder block, upstairs, entrance by side door.

DIED IN REVELSTOKE.—Mr. W. E. McAlister, a few days ago received a telegram from Brit. Columbia announcing the death on the 12th inst. of Mrs. Wm. Smith, formerly a neighbor of his in Normanby. No particulars are to hand. For a number of years she has been a resident at western points, with or near her 2 sons and three daughters who will deeply mourn her death. To them and to the lonely husband we extend all sympathy.

THE QUESTION OF BALDNESS.—This is a vital question with hundreds of men who are bald or partially so. How to overcome the disfigurement lent by baldness is a simple matter when you consider the perfection of modern art in the making of wigs and Toupees. The visit of Prof. Dorenwend of Toronto to Durham on Wednesday, March 2 when he will be at Middaugh House, renders it possible for any who wish to consult him to do so at his private apartments retained at Middaugh House for this purpose. Demonstration given to show the perfect naturalness of his Wigs and Toupees. Do not miss this opportunity. Remember the day and date, Wednesday, March 2nd.

ELECTED DELEGATES.—At a meeting in Calder's Hall last Saturday afternoon nearly 50 of the local shareholders of the N. P. C. Co. met to elect delegates to the Annual Meeting in Toronto on the 18th. Mr. Tho's Allan was voted to the chair. A great deal of discussion took place of the pessimistic nature, the general feeling being that mistakes had been made, some of them avoidable. The following were named as delegates to whom might be entrusted proxy votes: Messrs A. Turner, F. Seigner, Jas. Watson, Jno M Findlay, C McKinnon, A. H. Jackson, H. Parker. Names put in nomination for Director, were: A. H. Jackson, A. Turner, C McKinnon, G McKechnie, Jas. Watson. Regrets were expressed that the Directors considered it necessary to bond the institution, and Director McKechnie had many searching questions asked, which he manfully essayed to answer. Another meeting is to be held on Saturday, Feb. 27th, to hear the report of the Annual Meeting.

RESIGNATION AND PRESENTATION.

The following is the letter of resignation sent to the South Grey Agricultural Society, by Jas. Edge, Esq., and read at its annual meeting recently held:—

To the Officers of South Grey Agricultural Society:

GENTLEMEN.—After being forty-six years a member of the Society, during which time I have for many years filled the office of President of the Society, ably assisted by the members thereof: Now as I am nearing 81 years (Jan. 25, 1904) and not able to attend to the duties devolving on me I must retire, hoping you will carefully, as usual, carry on the work. I know of no other Agricultural Society in a better position than you are at present.

With kind regards to all,
I remain, yours truly,
JAMES EDGE, Edge Hill.

The Board of Directors met at Mr. Edge's residence on Monday night, February 1st, and were treated to an oyster supper by Mr and Mrs Edge after which the following address was read and presentation made:

To JAMES EDGE, Esq., Edge Hill:

The Board of Directors of South Grey District Agricultural Society, on your retirement from the Presidency of the Society, beg leave to congratulate you upon the success that has been achieved under your leadership. You have been president of the Society for a long term of years, and one of its directors from an early period, if not from its very inception. You have seen the Society grow from very small beginnings to its present proud standing; from the time it held an exhibition in a small way in any place that could be had, until now when it owns magnificent grounds and buildings, is entirely free from debt and has a handsome surplus besides to be expended in future improvements.

This result is largely due to your wisdom and skill in guiding the affairs of the Society patiently, cautiously and economically so that now when you hand over the seals of office to your successor the management of the business of the Society will be comparatively easy.

As a small token of appreciation of your services, we, in the name of the Society, present you with this chair and hat rack, and also a chair to your worthy partner, Mrs. Edge. We would ask you to accept them, not for their intrinsic value, but as a mark of the honor and esteem in which you are held by the members of the Society. We earnestly hope that both yourself and Mrs. Edge may long be spared together to use and enjoy the same. The Society has also elected you its Honorary President and we express the wish that for many years yet we may have the benefit of your experience and advice.

Signed on behalf of the Society,
GEORGE BINNIE, President.
W. SMITH, 1st Vice Pres.
W. D. MILLS, 2nd Vice Pres.
ARCH. DAVIDSON, Secretary.

ADDRESS AND PRESENTATION.

The Annual meeting of Knox Church, Normanby, was held on Monday evening. A feature of the evening was a recognition of Mrs. Jas. Watson by her Bible class of boys who presented her with the address below and a handsome silver fruit dish. Mrs. Watson has been honored several times in this manner, the last occasion being by a class of girls who presented her with an album and a group photo of themselves. Old friends of this section will be glad to hear that Mrs. Watson's self-denying labors are still appreciated. Following is the address:

Dear Mrs. Watson,
We take advantage of the opportunity afforded us tonight to show in a small way our appreciation of the interest you, as our Sabbath School teacher, have evinced in our spiritual welfare during the past two years. You have been untiring and zealous in imparting to us the Sacred truths and pointing us to the Upward Way and although we were not always as attentive and thoughtful as we might have been, yet, we appreciated, in no small degree, the sacrifice it called forth on your part and thus the privilege enjoyed by us. We shall ever remember the hours spent under your guidance and wish you to accept this small gift as a memento of our gratitude.

Signed on behalf of the class,
SYDNEY FORDHAM,
WALTER FERGUSON.

THE RUSSO-JAPANESE WAR.

This long-looked-for struggle has at last begun and we shall set down briefly the situation and events.

The Cause

The war between Japan and China 7 or 8 years ago ended in complete victory for Japan, but owing to pressure from the great powers, Japan had to yield up her conquests and be content with an indemnity. Amongst these powers Russia was prominent and since then, having secured a foothold in the Chinese province of Manchuria, ostensibly to preserve order, Japan has been watching her with a jealous eye. Russia in 1902 promised the powers, amongst them Japan, to evacuate Manchuria on October 8 1903, but that date saw Russia still there, not only so, but strengthening herself. Moreover she was making advances as if she would dominate Korea, adjoining Manchuria and lying near to Japan. This forced Japan to action and since October last official "notes" have been passing between the two countries, Russia's answer being always delayed, while she was still adding to her warlike strength. Japan's last "note" was sent about Jan. 6th and Russia as usual, delayed reply, till Japan, knowing, as most of the world suspects, that Russia was only playing for time, determined to bring matters to a head and has done so with a vengeance.

On Saturday, February 6, Japan instructed her minister to leave St. Petersburg, thus rupturing diplomatic relations. The Czar's government were shocked! at this, and of course had to withdraw their minister from Tokio. Japan waited 48 hours before taking any action, and then suddenly cables were cut and her fleet was on the move. The Russian government announced their reply was just ready to send, one account says had been sent, and even here duplicity was observable.

Meanwhile, Russian troops and supplies are being rushed through Manchuria to Port Arthur and Japanese transports carry thousands of Japs across the straits to Korea.

Monday, February 9.

Japan seizes Masampo, an important port in South Korea. Japanese residents are leaving Port Arthur and other Russian points.

Russian troops sent to Peking to protect the legation, it being feared China may rise. Other countries taking this also.

Japan seized without opposition certain Russian merchant ships.

Tuesday.

A great and staggering blow has been struck by Japan. Her torpedo craft with consummate courage approached Port Arthur harbor and torpedoed out of action, 3 battleships and 4 cruisers, with a Russian loss of 10 killed, 46 wounded and Japan not a scratch. Besides two Russian warships were captured at Chemulpo, and a Russian warship in dock at Nagasaki, Japan, is no doubt a prisoner. This practically gives Japan command of the sea as Russia has now only 4 ships to Japan's 6.

Wednesday.

A Railway bridge has been blown up on the Russian railway.

Japanese attempts to land on shore near Port Arthur have failed.

Nearly all governments have proclaimed neutrality. The Canadian government took similar action.

Japan captures many merchant ships, but honorably allows those started fore hostilities to reach their destination.

Thursday.

The Russian Baltic fleet is on the move.
