They could not read their native language, our raree of shown by an encounter several greatt fire of London, was poor all them were fond of English novels years ago between two Japanese his life, but subsisted cheerfully by of the penny-awful sort. They were all Baltic Russians, and on Folsom street in San Francisco.

they always made the distinction .. "Vat, you tink I vant to be taken for vun of dose Black Sea fishermen?" one of them asked one day. "Vell, perhaps I don't need to tell you that I am not come troo de Bosphorus. I don't look like dose It looked as if the Japs were doshrivelled up grain humpers, do I?" ing a ballet dance — their legs Shiloh's He swelled up his gigantic chest and stretched out two arms that were like a main yard. He had been in

the Czar's navy, but had deserted to sail in foreign merchantmen. They have Norse blood in them, these Baltic seamen, and they prefer the free and vagabond life of merchant saflors. Therefore the seamen of the Russian men-of-war are mainly "dose Black Sea fishermen."

The writer spent several months in Black Sea Russian ports and, being at that time before the mast, came into close contact with the seafaring men. Despite the martie Russtan's characterization, they are are not particularly shrivelled up, although not so tremendous in size as the Baltic men.

Russian sailors are fond of fighting when very drunk, but not otherwise: Two of them tackled each other one day on the quay in Odessa. They threw their arms about each others necks and kicked with their knees and bit.

A crowd of seamen gathered about, and finally an onlooker gave one of the combatants a sly but hard kick, whereupon the crowd laughed. This less he tries to wallop everybody went on until he who had been kicked by the outsider broke loose from his adversary and turned fiercely

on the humorist. Several others ventured into the scrap, and pretty soon a dozen men sees him makes a dive and grasps the were biting, tearing and punching one another and jumping on those who were down.

Suddenly a Russian naval lieutenant, in his bright uniform, flashed into the crowd and laid merclessly about him with a thin cane. fight ended in an instant. huge, clumsy sailors were cowed by | time. authority and stood eringing about the officer, like dogs before their

On the other hand, when an English police officer once tried to quell a row among some Russian sailors in an English seaport they played dow. That was only because his
