Russia to Take Her Time, but Will Eventually Thrash the Japanese, it is Said.

JAPS MAKE ANOTHER ATTACK.

Tokio, Feb. 22.-A heavy storm spared the Russians from a desperate torpedo attack on Port Arthur on the morning of Sunday, the 14th inst. During the preceding night the vessels of the Japanese flotilla torpedo craft were parted by the force of the wind and waves in a blinding snow storm, so that two of the larger destroyers succeeded in forcing their way through the fierce gale to Port Arthur. When they arrived there they attacked separately, and the officers of one of them are confident that they succeeded in torpedoing a Russian warship. The destroyer Asargiri, in charge of Lieut.-Commander Ishiwaka, arrived off Port Arthur about 3 o'clock in the morning and was met with a sharp fire from the fortress and Russian ships acting as scouts. The Asargiri discharged several torpedoes at a big warship, but the result is unknown. A cannonade was opened upon the scouting vessels and maintained until they withdrew. The destroyer Heyatory, Lieut .-Commander Takenouchi, arrived two hours after the Asargiri, and ran up close to the mouth of the harbor, where she found two warships, names unknown. She fired a torpedo at one and the torpedo exploded. Admiral Togo, in reporting the attack, says although the results

are unknown, he feels sure the moral effect upon the enemy will be excellent. Commander Nagar commanded the entire torpedo flotilla. The number of the craft in the flotilla and the point of their departure is
