POSTPONED.—The Pic Social at No. 1, Normanby, arranged for Friday last, has been postponed till April 22.
Good Friday to-morrow: a school boy's favorite holiday because it never goes a-missing on a Saturday or Sunday.

POSTPONED.—Priceville Anniversary services were postponed last Sunday and Monday on account of the break-up caused by the thaw.
A PROLIFIC SOW.—Mr. Wm. Lawson, Jr., has a sow that gave birth to 18 pigs a few days ago. Last fall she had 17 and the spring of 1903, eleven. She is of the York breed and at this rate may make the even score yet.

NOT GOING WEST.—Mr. W. D. Mills, who had intended going west this spring has been induced by the Imperial Assurance Co. to remain as their Agent here, and will also have a wider General Agency. Pleased to hear of this decision.

LICENSE ACT CASES.—Inspector Harris had Police-Magistrate Telford employed Monday in investigating a case of alleged liquor selling at the Rocky, and another charging two town residents with supplying liquor to certain parties illegally. It was found impossible to substantiate the charges hence the parties go free, but the vigilance of the Inspector will have a restraining effect on anyone tempted to break the provisions of the License act.

CALEDONIAN GAMES.—At the regular meeting of Ben Nevis Camp, S. of S., on Friday evening last, steps were taken to gratify many in this community who are desirous of having a big day of Summer Sports. An active committee has the matter in hand and announcements will be made later on. It is intended to secure the Pipe-Band of the 48th Highlanders as the chief attraction and a regular course of all that is known as "Caledonian Games." The 1st of July—Dominion Day—is the day fixed upon in the meantime.

FLOODS.—London, Ont. papers are full of gruesome reading of the damage caused by unprecedented floods at many points in Western Ontario, but especially in the flat lands in the south west of the province. Boats were plying on every street in London west removing women, children and invalids to places of comfort if not of safety. The whole village of Thamesville is 3 feet under water. Woodstock, Brantford and many other places are fighting the floods. So far only one life has been lost, one of a pair of lads who risked themselves in a canoe with one paddle.

SHALL WE HAVE A CUSTOM HOUSE.—While presenting the petition for improved mail service last week it was pointed out to us that another thing needed here was a branch Customs office. Anyone having occasion to get goods from across the line, as sometimes happens, knows the provoking delays in securing them from Stratford, Listowel, or some other point. The attention of the Department has been called to the matter and we hope it will result in giving us this boon also. Durham having no harbors, docks, new Post offices, &c to utilize public money, might well have this small favor.

RAILWAY TALK.—Perhaps the loosening of wintry shackles may be responsible for talk and action in railway matters as it is for spring poetry. Be that as it may, there is something stirring in the air. Mr. Laidlaw, director of the almost defunct Electric road has been notified of a meeting in Toronto this week. Walkerton, mindful of No. 1, is agitating for a C. P. R. extension from Teeswater. Hanover would like to bring it there and the Enterprise man of Chesley thinks a good stiff bonus could be got by taking it there. Durham could stand a better connection, and we think the Council (Board of Trade if we had one) should convince Walkerton and Hanover that by tacking Durham on to their scheme they are likely to make it more workable. But this is going wrong way about: bringing from the west. Let us have it by Dromore to Arthur say, or by Markdale to Meaford and run us into a fine fruit district. Let us have a public meeting: after the experience of the last three months we would be the better of another string to our bow.

Quite a Treat.—Since our last issue to receive our mails every day.

What pretty goods you've got—that is what every person says of our new goods—C. L. Grant.

BLIZZARD OUT WEST.—All colonist cars for Manitoba from Ontario points were cancelled on Monday owing to blocked roads out West by a great storm there last week. Stewart's of Bentinck, and Robt. Marshall, of Normanby, were each ready to pack a car of horses but had to wait.

LACROSSE.—A large and enthusiastic meeting was held in Darling's Tuesday evening to organize the Durham Lacrosse Club for the coming season. As Messrs. Theo. Collinson and Jno. Lavelle were appointed delegates to the C. L. A. Convention in Toronto on Good Friday. A full report of town meeting will be given next week. Clubs have also been organized in our surrounding towns: Forest, Hanover, Owen Sound and Markdale.

A NEW DEPARTMENT.—As will be seen by advertisement last week and this Jeweler Gordon of this town has made a new and striking departure in his advertisement by offering medals to S Grey pupils taking the highest marks at each examination centre in S Grey. A stimulus such as this, properly taken hold of by the teachers having pupils preparing for Entrance, is capable of accomplishing much. A medal is better than money, it is something to show, to be proud of, to keep as a memento, and to obtain, the effort to win will still be worthy, and will be rewarded by higher standing anyway. Teachers and pupils should keep Mr Gordon's offer in view during the coming months. The centres at which pupils write in S Grey are Durham, Flesherton, Markdale, Dundalk, Neustadt and Hanover.

EASTER.

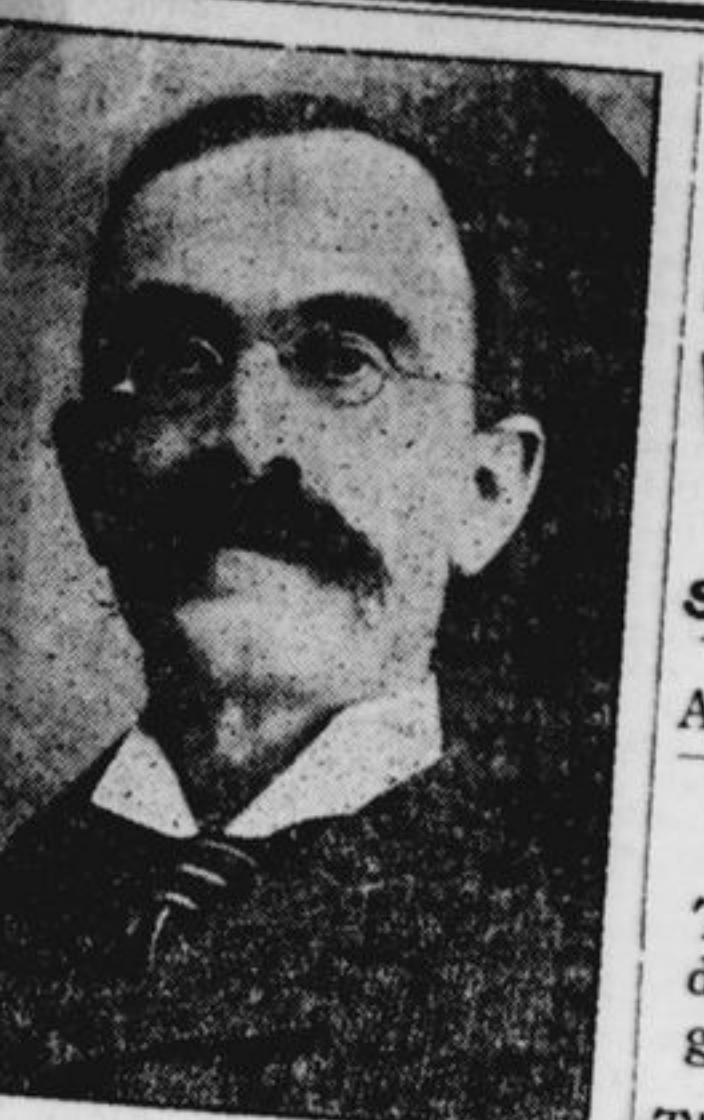

Easter-tide, with all its hopeful memories and associations is with us once more, fittingly harmonizing with the hopeful change in nature from the bonds of winter to the buoyancy of spring. Unhappy the human heart that cannot respond to both.

BETTER MAIL FACILITIES.

A petition has been numerously signed during the past week asking Postmaster-General Mulock to give Durham an improved mail service by providing a mail outwards by the afternoon train and one inwards by the evening train. The outward mail would give us two hours longer for Toronto letters than we have by the eastern stage at present, but the inward mail would be of greatest advantage giving us Toronto evening papers night of publication, or at least next morning. A change is impending to give Priceville better facilities, and we hope some new ad-justment can be made to suit all parties here and what it deserves. An attempt to get an evening mail was made here-fore, but then there was no afternoon train.

DURHAM CEMETERY.

A Meeting of the Shareholders of the Durham Cemetery Company will be held at the Town Hall in the Town of Durham, on Tuesday evening, the 5th day of April A. D. 1904, at the hour of 8 p. m. All interested are invited to be present. J. P. TELFORD, Secretary Durham Cemetery Co. Dated 30th March, 1904.

H. H. MILLER REFORM CANDIDATE IN SOUTH GREY.

We are pleased this week to be able to present our readers with a portrait of the Reform Candidate. Owing to the blockade he has not been able to meet with as many of the electors as he would have liked but there will yet be ample opportunity to meet him in the quadricaine which will be a closer acquaintance will not be disappointing. As he is now writing a paper on some public property we append some particulars which we have gleaned of his life and career.

H. H. Miller, the present Reform candidate for the House of Commons in South Grey, was born in Owen Sound forty three years ago. He attended the Owen Sound public and high schools and afterwards spent some years at work on his father's farm in the Township of Derby, there acquiring an interest in farm work and farm life that he has ever since retained. In December 1879 he took a situation in the office at where he remained for some what more than four years. From Durham he went to Hanover to go into a general real estate and financial business on his own account and in the twenty years that have followed he has succeeded in kind in Grey or any of the surrounding counties, which says much not only for his ability but for his honor and integrity. He is a man in whom they have learned to have confidence.

Mr Miller has been President of the Benwick Agricultural Society and is an active director of the South Grey Farmers' Institute and has accepted invitations to address Farmers' Institute meetings in adjoining counties as well as nearer home. He is a constant subscriber to one or more agricultural papers in every-thing pertaining to agriculture, and if elected to the House of Commons will undoubtedly and emphatically be found to be a firm friend of the farmer.

Of U. E. Loyalist stock he is first, last and always, a British Canadian and for some years has subscribed only to Canadian and British papers and in seasons of showing up everything American and showing, perhaps, more narrowness in this respect than in any other. As to his "foibles" we believe were Munroe and Fraser's of Scotland and Rousons of Ireland.

Shortly after he removed to Hanover Mr. Miller was induced by the late Senator Landarkin to do work upon the political platform and in every Dominion and Provincial election since his voice has been heard and he has ever been ready for the fray. In his political campaigning, though always ready to repel an attack, he has never been bitten, bigoted or narrow and consequently has never made enemies of those whose views did not agree with his. After speaking at a meeting at Priceville in the last Provincial campaign an elector in the audience complimented him and said: "I am a Conservative and I want to say to you that your speech to-night was the finest Reform speech I ever listened to."

It is said that many years ago the late Doctor Lamerkin pointed out Mr Miller to Mr James Sutherland, then a kinsman of the Doctor's, as a man who would do well in the House of Commons as the South Grey in the House of Commons a prophecy that appears certain to be fulfilled at the next election. Dr. Landarkin and Mr Miller were closely associated in many campaigns and the Doctor showed his confidence in his friend by appointing him executor of his will, an evidence of trust and confidence by the way, that other well known citizens of Hanover had already shown toward Mr Miller, for he was one of the executors of the will of the late Mr McNairy, private banker, and in 1882 his sole executor to handle and dispose of his estate amounting to about seven thousand dollars, and he is also one of the executors of the will of the late Mr Noah Wenger of Aylton.

Mr Miller is of a Reform family and has always been a Reformer, marking his first ballot for "George Landarkin," but, as we have said, has never been bitter along political or any other lines, and while holding opinions of his own, has always respect for the opinions of others and is not one of those who think that all the good is in one party and all the bad in the other. We believe that his political life will be as honest, as energetic, and as forceful as his business

J. BURNETT,

Upper Town.

He has been and we confidently expect for him the victory at the coming election with a very large majority, and will be such that no one who votes for him, who her Reform or Conservative, will regret having done so. A man who has been so universally, widely, long and safely trusted, by all classes and parties, in the business that he has so long conducted, may well be trusted to represent South Grey in the House of Commons
