TOWN TOPICS

Children's School Sailor Hats for 15c at Grants.

You will make no mistake by having your photo taken by F H Kelsey. Fits the stylish ideas all right. Ireland's Millinery.

Money to Loan at 4 1/2 per cent. MCKAY & DUNN Durham.

A Carload of Buggies, Democats and Carts, just arrived at Jno. Livingston's. The photos taken by F H Kelsey are all right and up-to-date. Give him a trial.

Rainproofs that are rainproof—that's the kind Jas. Ireland put in stock the other day, for Ladies and Gentlemen.

Get a pair of our Women's Dongola Bals at \$1.25. The best value in town for the price. Don't miss this chance. C. L. Grant.

BICYCLES.—We have received a supply of the best makes of Bicycles. Call and examine them. Also Wheels for renting. At Livingston's.

HORSE SHOW.—As will be seen by posters and advertisement the Farmers' Institute Spring Horse Show is to be held on April 29th, in Durham.

SETTLE UP.—All parties indebted to the undersigned are requested to make settlement by cash or note before May 1st. JACOB KRESS.

Several of our exchanges are taking note approvingly of the Jeweler Gordon's liberal offer of medals to successful Entrance pupils. We hope the teachers are pointing out to candidates this important educational stimulus.

GOOD WALKING.—Mr. Neil McDougall, Old Durham Road, Ardenesia, walked into town on Thursday last, having "done his chores" in the morning, then walked to Durham (15 miles) did his business and hurried off to be home in time to "do" the said chores in the evening.

Infants slippers, ones and twos for 25c per pair to clear at Grants.

Friday last a return of winter conditions came in the shape of a big snow storm. Only an inch or two fell here in the Lake Erie district from 10 to 15 inches in recorded. Low temperature is hindering the work of the sun on the remnants of snow banks on roads and in fence corners, and ploughing is by no means general.

DRILL SHED SOLD.—Friday last Auctioneer Carson, acting under instruction from the military authorities, sold the residence of Drill shed and the grounds it occupied. Mr. J. Hunter bought the timber and lumber for \$800 and Mr. A. S. Hunter secured the grounds for \$800. As we pointed out before, we hope the local military men will secure from the government something in the shape of an armory. Col. Galway was in town day of sale.

ANOTHER PIONEER.—Is numbered with the great majority. On Sunday Mr. Jas. Allen, of 3rd con., E G R. Glen, passed away after a brief illness in his 80th year. He has been over 60 years a resident of the township coming there with his wife in the 40s of last century and having out his home in the forest as so many worthy men did. He is survived by 10 children and his aged wife who has been his faithful companion for nearly 60 years. For a fuller account see Edge Hill news.

STUDY THE WEEDS.—The Directors of the Agricultural Society at their meeting last week made a new departure which promises to be of great interest and may be of great utility. Liberal prizes are being offered to school for the best collection of weeds prevalent in their districts. The effort to obtain the weeds, their preservation, their artistic display, will all lead to study of them which should be extended into a practical sphere, by offering prizes for essays on the best means of keeping them down or better eradicating them. This idea has the germ of great things: if it were carried out all over the province, a very complete collection could be made, and in the hands of an expert provincial botanist, some rarely interesting conclusions could be reached. Parents and friends in South Grey should lend all encouragement to their teacher and pupils during the coming summer to carry out in friendly rivalry the scheme of the directors.

Only a few of those 9c prints left. Don't miss them. At Grants.

THE LATE WM. YOUNG.—In addition to our brief notice last week we add some further particulars obtained from the West Superior Tribune and from his brother-in-law, Mr. Gillan Boyd. He had been lying at Hebbing, Minnesota. When taken ill, his brother, Archie, and wife who live at 1817 Oak Avenue, W Superior, kindly had him brought to their home and ultimately he had most careful treatment in St. Mary's hospital. He was ill about 6 weeks and died on Sunday, 10 April, aged 35 years. His remains arrived in Durham on Tuesday last, and was buried, Friday, in Latona cemetery, amid many tokens of sorrow and respect. Deceased, who was known to many in Durham, where he was once employed by Mr. Wm Caldwell, was of a kindly nature, and his relatives tell with pride, how generous and thoughtful he was to his aged mother who died about 5 months before. Besides his brother Archie, who accompanied the remains home, he leaves as chief mourners, one sister, Mrs. Gillan Boyd, and three brothers, Joseph, Daniel, James, in Cleveland; David, at Dunkirk, N. Y., and John. He went out west about 10 years ago, and has been home twice since. He was a member of the Maccabees.

DISASTROUS FIRE.

Toronto, Tuesday evening, and today Wednesday, has had a most disastrous fire. The burnt district is between King St. and the bay and many large establishments are ruined, amongst them the Queen's Hotel, Wyld, Darling & Co., W. R. Brock Co., and many others. So it was learned by wire this morning.

Lace Curtains at 25c, 50c, 70c, and up. At Grants.

A nice choice of Ladies' Bonnets, at Miss Dick's.

Thorough-bred Collie Dog for sale. Apply to THOS. BURR.

A window full of new Spring Shirts, Ireland's north window.

Call and inspect our new No 4 Drill, Ploughs, Harrows, etc. Jno. Livingston.

Have a look at Ireland's millinery. There's a hat there will look well on you—if there isn't they'll make one.

FOR SALE.—A Counter 10 feet long, a lot of shelving, spice boxes and drawers suitable for a grocer. Can be seen at REVIEW office.

JUST ARRIVED.—At Clark's Implement Warehouses, a carload of Wilkin Ploughs and Plough Shares. Call and see them at once.

DISSOLVED.—John Schutz and John and Drayton business, Mr. Vollet will attend to both in future.

BEST PHOTOS.—Having one of the very best Photograph galleries in Western Ontario, we are prepared to turn out first class work. F. H. KELSEY.

MIDDAGH HOUSE CHANGE.—As will be seen by the advertisement, Mr. Stockton is selling out to a Mr. Davis of Alvington. Mr. Stockton has proved himself a popular hotel-man.

KILLED IN A CATTLE GUARD.—Joseph Fanning, a young man of 25 fell into a cattle guard near Thornbury and was instantly killed, as he still had a cigar in his mouth when found by the section men.

CHORAL SOCIETY CONCERT.—On Thursday evening, May 5, the first concert of the Choral Society, of which Mrs. Newton is the leading spirit, will be held in the Town Hall. A first class program is assured. Proceeds are to be applied to the funds of the Public Library.

THE LATE ARCHIBALD PATTERSON.—Warton papers last week contained notice of the death of the above gentleman which took place on Saturday the 9th inst., after an illness of some months from cancer, the disease springing at its inception from an ulcerated tooth. Mr. Patterson and his family were well known and respected in Durham, where for many years he conducted a carpenter's business, and was for a time on the trustee board. Mrs. Patterson is a sister of Mr. David Kinnie of this town, and she and her family will have the sympathy of many old friends here. His wife is a teacher in the Warton schools. Harvey and Kate are in responsible positions. Jesse, Maudie, Madge and Vera are at home. The following is from the Warton Echo: "After many months of severe illness, Archibald W. Patterson died on Saturday night, and was buried on Monday, by Cedar Lodge A. F. & A. M., of which he was a member. The late Mr. Patterson came here from Durham about 10 years ago, and was for a time manager of the woollen mills. For the past few years he has been a carpenter and contractor. Last summer he began to suffer from cancer, and lingered until a few days ago. The deceased, who was highly respected, is survived by a widow and a family of seven.

Something for a rainy day—the umbrellas and parasols they're selling at Ireland's.

LEAF AMONG THE NORTH-WEST INDIANS.—A most interesting and instructive address was delivered in the Methodist Church last Wednesday evening to short notice, and the absence of the pastor part of the afternoon and evening only a half filled church was present to listen to the speaker of the evening, Rev. Mr. Truax, Holstein, gave a brief opening address, and then introduced Mr. McDougall to the audience. Being a Canadian by birth, he says he is naturally proud of his country, and Grey Co., especially, since his birthplace was near the town of Owen Sound. He then launched into the Northwest, setting forth its great possibilities, in a few years to be the home of millions of people, and showed it to be just opening up its career. Mr. McDougall is a fluent and able speaker and probably knows more about the Indians than any other living man. He vividly described the picturesque scenery and the general aspect of the immense field in which he labored and numerous instances were given showing the effect of his personal religious teaching on the Indians, their habits, and showing friendly when treated well and often when not. He also gave instances of the different modes of travelling and sleeping he experienced and the joy with which the first C. P. R. train was received. Five books have been written by this pioneer of the West, describing different scenes and periods of his North-West life. Some of them are in the Public Library. A hearty vote of thanks was tendered Rev. Mr. McDougall for one of the best treats ever given a Durham audience.

THE FLOWING WELL.

Dirty backyards and the return of Spring has revived interest in the flowing well which through the long winter has never ceased to gush or diminish in volume. What is to be done with this gift of nature liberated by the drill? Enough water of the purest to supply a city or half a dozen Durhams is it as well. The question of waterworks will not down, and as the years go on the question will become increasingly important.

The voting down of the by-law last year under the conditions prevailing should be no deterrent to further action now, or investigation at least. The council with some reason, hesitate to proceed, and we suggest that in the absence of a Board of Trade, a public meeting be called, and a representative citizens' committee appointed to take counsel and co-operate with the council in an endeavor to utilize the waste power and water either for domestic purposes or for the more ambitious scheme of waterworks.

In the multitude of councillors there is wisdom.

CALEDONIAN GAMES.

Durham, July 1, 1904.

Steps have been taken during the past week to have a day of summer sports on the Show Ground in Durham on the above date. The organizing body is the Caledonian Club here and they have received from the council of the town, merchants, professional men, &c., in town, securing a small guarantee before launching the scheme. Liberal prizes will be offered for the usual games and events, a school drill competition will be arranged for, and the great attraction of all will be the 48th Highlanders Pipe Band of Toronto. Full particulars will be announced later.

Remember the Choral Society's Concert on Thursday May 5. In Town Hall. Proceeds in aid of the Library.

"Good morning, Tim. I just heard that your daughter-in-law has a baby. Is it a girl or boy?" "I don't know, sor; but I'm just going to the house now to find out whether I'm a grandfather or a grandmother."

POSTPONED.—Pres. Wm. Young of the Farmers' Institute, desires us to announce that the Spring Show of Equine Horses arranged for April 19 has been postponed till Tuesday 20th inst. Just one week later. Note the fact.

STILL WINTER.—Here 'tis Wednesday morning, April 23, and we notice from the window as we write sleighs passing on our streets, one with a load of hay. Yesterday snowed and blew like a day in January. If there is a "doctrine of averages" or a "law of compensation" we must have some splendid weather ahead of us.

A SAD TELEGRAM.—Mr. Robt. Scott, Tuesday morning, received word that his brother Edwin was dead at his home in Carrington, N. Dakota. No details are available, but there were no signs of illness when he last wrote to his aged mother here, which was only 2 weeks ago. His brother Charlie is in Winnipeg and will likely attend to the interment. We deeply sympathize with the sorrowing mother over the loss of a dutiful son and with the other relatives.

It is an old fallacy that a man can do as he likes with his own property. Farmers who positively decline to permit the public to drive through their fields in the winter or allow their fences to be taken down. Their view is that it is the duty of the authorities to keep the legal road open and that not even in the interest of the king ought fences to be destroyed or land trespassed upon. This position is perhaps human, but according to the Municipal Ward, quite untenable. In answer to a correspondent who asks, "If the roads are drifted can parties driving along let down fences and drive through the fields?" That authority replies, "If by reason of obstruction or lack of repair, a highway has become impassable, travellers may enter upon the adjoining land to obtain a safe passage, doing no more damage to such land than is necessary under the circumstances, without incurring any liability as trespassers."

NOTICE.—All parties are hereby notified that closets, backyards and surroundings must be cleaned forthwith in accordance with the requirements of the Board of Health. The Inspector is on his rounds and strict attention is required to this notice.

HUGH MCKAY, Health Inspector.
