Last Sunday morning, April 18th, another of the old and much esteemed pioneers, Mr. Jas. Allan, passed peacefully away after an illness of only a few days. Mr. Allan was born in Tyrone, Ireland, and at the age of 20 years he married Matilda Johnson. In the year 1841 he and his wife emigrated to Canada and settled near Toronto for two years. They then moved to the farm on which he lived up to the time of his death. He leaves to mourn his loss a widow, who is confined to her bed for the last two years, and six sons and four daughters: John, in California; Joseph, in Brandon; James, in Alliston; Robt., on the 4th Con.; Glenelg; Dave and Hamilton, in Hopeville; Mrs. Matthew Davis, at Zion; Mrs. Jno. Hannah, at Holland Centre; Mrs. Wm. McFarlane and Miss Matilda, on the old home. The funeral took place on Tuesday to the English Church Cemetery followed by a large number of friends and neighbors. Rev. Mr. Farquharson officiated both at house and grave.

Mr. Joseph Noble sold a fine horse last week to Angus Hooper of the South Line, for the neat sum of \$150.

Born—To Mr. and Mrs. Chris. Sherman, on Sunday, April 9th, a son. Both mother and son are doing well.

Sorry to hear that Mr. Jas. McCracken is not improving very rapidly.

Mr. and Mrs. Jas. Allan of Alliston attended the funeral of the former's father, Mr. Jas. Allan. David and Hamilton were also at the funeral.

Mr. Thos. Greenwood sold a team of colts to Mr. McIntosh last week.

Mr. Alex. Jopp left last week to resume his duties on the boats after spending the winter around here.

Mr. Thos. Davis is going to work the Allan farm on shares this season.

Mr. John. Staples left on Tuesday for Flesherton, to bring home his valuable horse.

**DORNOCH.**

**Intended for last week**

The melancholy days have come, the saddest of the year,  
With fifteen days of snow and slush for every one that's clear.

Miss Alice O'Leary, the popular teacher of the separate school, accompanied by Miss Kate Fryle, spent a pleasant week visiting friends and acquaintances in the county town.

Exceedingly popular among the young people is Mr. Thomas Johnston, an old Dornoch boy, who came down last week from Hillsdale and spent a few pleasant days in the burg and vicinity.

The village will be sorry to lose Mr. Wm. Pryle, the popular manager of the People's store, who leaves this week to spend a few months in Manitoba's flourishing capital. During his absence the business will be conducted by his brother Thomas.

Miss Mary Sullivan, teacher at Penetanguishene, spent the Easter vacation at her home in Glenelg.

Mr. Alex. McIntosh is the happy daddy of boy No. 2.

Say! haven't we a great stage? For expeditionness its simply immense. That noble team Foxy Grandpa and Linzering Blazes seem to know their important work and are irresistible. Vigilance is necessary in driving them when the old fog horn starts a-goin' and passengers have to assist in restraint. Our bi-weekly and tri-weekly stage is therefore like a rare cooked bee-steak—its very satisfying! Laying joking aside Mr. Stageman's trips a week are not enough and the public expect a little more strenuousness under difficulties.

P. S. Please put this budget as intended for last week, I could not get it down in time for last week on account of mail irregularity.

**HOPEVILLE.**

**Intended for last week.**

Wedding bells are ringing on the 14th Con., and before another Review comes here, it will give happy tone.

Our farmers are waiting patiently for Spring to open so as to get to work. Preparations are made and if we had the ground clear of snow and dry, things would be shoving nicely.

Mr. J. H. Scott has employed an able foreman, Mr. Alfred Sinek, to run his ranch, and James Dugwall has got Jos. Coulter for the summer.

Mr. And. Dunn, of Keppel, paid his brother-in-law, J. Fettes, a visit.

Mr. Alf Reid came back from Kilsyth, and is at the Corner.

Our roads are impassable here in some places. The 22nd sideroad at the 6th Con. was flooded at the river for nearly half a mile in breadth. Rev. Mr. Lee, the new minister at Cedarville, could not get to the Espina Church on Sunday. People's cellars have water in and we all say a late spring. Quite a number of young fruit trees are broken down by the heavy snow, but what we have seen of the fall wheat looks well, and grass is getting out nice and green.

Our sick people here are gaining slowly.

Married on Tuesday, 12th, at the residence of the bride's father, Mr. Geo. Goheen, 14th Con., Mr. Chas. Wales, to Miss Sarah Jane Goheen. Elder Mr. Jas. McLean of the Latterday Saint's Church, performed the binding ceremonies.

Mr. Malcolm Kells, who sold his farm to Neil McDonald house.

Mr. Andrew Riddell broke the saw in his mill. It will be a loss to him.

Mrs. Riddell has returned home after a visit to Toronto and other places.

The Rev. Mr. Lee, who moved to Cedarville some time ago, commenced his summer services in the Espina Church on Sunday 17th.

Our Presbyterian people here are pleased to hear that Rev. Mr. Campbell, of Dromore, has received fresh honors. He was stationed in Proton one summer and was well liked.

The snow keeps with us yet in Proton.

**PRICEVILLE.**

Just five months' sleighing is what we have experienced since winter set in on Nov. 17 last, and on Sunday, April 17, 1904, all went to church on sleighs and found heaps of snow on the roads yet.

Sleighb is not going to be late—it is late now. Little or no plunging down but a few days will make a change.

People are on the move this week. Alfred Hincks is moving to Priceville, Hugh McKinnon and family are moving to Hincks' place, Willis McLeod and family are moving to his own place on the gravel road, Glenelg, Little Donald McKinnon and family, Bunessan, and Peter Muir and family, Egremont, are changing places.

Some of the sick are getting better. Mrs. McArthur, North Line, is confined to her bed for the last month or so, but is recovering slowly. Christina McDonald—Hub's—is all right again after a severe attack of sickness. Mrs. Chas. McDonald is slowly recovering from a severe attack of indigestion. She is attended by Dr. Dixon of Priceville.

Com. John McArthur of this place, attended a meeting at Toronto lately and at O. Sound on House of Refuge business.

Dr. Atkinson and Mr. Peter McArthur spent a few days in Toronto at Easter on business.

Mr. Arch. McCraig attended a meeting of Directors of the Grey and Bruce Fire Insurance Co. at Hanover, on Saturday, 16th April.

Among those that left for the West lately are Robt. McLachlan, for Calgary, N. W. T.; Alex. McMillan, Hector McLean, (Sandy's), Malcolm McLean, (Hector); Arch. McMillan, (John's). The last four are all from the S. Line, Artemesia.

Lachlan McLachlan, who has been away for a few years in other countries, came home to his mother's a few days ago and will probably stay home for a time.

Dan McKinnon, of Durham, visited friends on the South Line, on Saturday and Sunday last. Dan was the first to drive to the south on wheels this spring.

We are pleased to notice that very little damage was done to the Mill Dam in this town, and Mr. McLeod is to be congratulated for his safety in that respect.

Mr. John McLeod is home for a while with his mother, Mrs. Rev. McLeod of this place.

Miss Jennie James who has been ailing for the last few months is in the hospital at Fergus where she is undergoing treatment. We hope to hear of this fine young lady being restored again to her usual health.

Our merchants are taking advantage of buying in a large stock of Spring and Summer goods which they intend to dispose of at right prices.

A committee was appointed to let the painting of the Presbyterian Church in this town. The work will be undertaken in process in a few weeks, the bulk of the sum required to do the job is provided for already.

Fall wheat looks kind of hard looking but a warm shower of rain will revive it again to its natural color.

Quite a number of farmers are complaining of the scarcity of cattle feed. Potatoes in many instances are frozen on account of the severity of the winter.

Monday the 18th of April, Mr. Hincks moved his effects to this town on sleighs. Beats all records for the last 20 years.

**Glascott.**

Still the winter holds on at time of writing, but we hear no complaints of felder getting scarce yet.

Mr. and Mrs. Thos. Moran Sr, were laid up with the grippe some time ago. We are pleased to see them around again.

Will and Dick Moran have been battling their house which makes quite an improvement on it.

Will English was over helping Mr. Batty Wright a few days last week, getting his summer's wood cut up.

De-temper is still raging among some of the horses around here.

Will Beil and Andrew Dimer are having quite a time doctoring some of their at present.

Mr. Chas. Boyle sold a fine 3 year old "Buffalo Bill" colt to Mr. Thos. Moran. Mr. B. realized a handsome figure.

Mr. Robert Bradley who was detained from moving owing to the state of the roads got away last week.

Quite a number of the porkers have become crippled on account of the severe winter; may the warm weather soon come to take the warp off them.

**HOUSE OF REFUGE SUPPLIES.**

The house of refuge committee of the county council met at the committee rooms in the market building on Friday last to consider tenders for supplies for the house of refuge. The following were the successful tenderers: Jno. McQuaker and Co., Owen Sound, groceries and dry goods; Knott Bros., Markdale, agricultural implements; Western Foundry Co., Wingham, for large cooking range; R. L. Adolf, Owen Sound, for beds and springs; F. Sargeant, Markdale, for meat; and McInnis, Markdale, for meat.

On Wednesday, Warden Pringle and Messrs Gordon and McArthur visited the institution and made arrangements for the fencing and other preparations for spring work.

The interior work of the building it is expected will be completed within ten days, but a considerable amount of the exterior painting was of such a nature that the inspector refused to issue certificates for the work until it had been re-coated. Mr. McAlpine, agent of the Ontario Wind Engine and Pump Co. is now engaged in fitting up the pumping apparatus which it is also expected will be in operation in a week. As compared with the pumping tower on the east hill the plant for the house of refuge is on a larger scale, there being two towers of the respective heights of 60 and 65 feet, constructed of 8 inch iron, whereas the one on the hill is 50 feet to tower and constructed of 6 inch iron. There is 1550 feet of iron piping in connection with the pumping plant.—O. S. Advertiser.

**PAYING LARGE PROFITS.**

Five years ago Mr. J. A. Hunter, of the Big Store, took out an endowment policy, No. 2910, in the Imperial Life, promising every five years, the reduction is greater than was anticipated. It pays to insure in the "Imperial Life." For particulars apply to
