and  
TABLE  
COVERS  
of all kinds.

Freshest Groceries always on hand.

## ROBT. BURNETT.

### PRICEVILLE.

It is May! It is May! And all Earth is gay. For the snow and the Frost are all gone away. The farmer is busy from morning till e'en Attending his duties and guiding his team. And at last the beautiful days have come, for really this day, Monday, is the most beautiful day we have seen since last October, everying seems to be on the move. Even the old mosquito will soon put in an appearance, although she may be assured that she will not receive the best reception on her arrival. We are just thinking of beginning to sow to-morrow if the weather and all else will permit. Everybody is ploughing. Fall wheat is looking fairly good after so much snow and frost. Sick people are in some cases getting better

and others are still poorly. Hector McDonald who had a rusty nail run into his hand is getting on slowly and will take some time before he is better.

Mrs McArthur, North Line is still keeping poorly and not much improved in health so far.

Malcolm Cameron of Toronto spent a few days seeing his sick sister, Mrs McArthur and is returning this week.

Mrs Jas McDonald moved to her own house on the South Line last week. The old lady seems to think there is no place like home although she had the best of care at her nephew's all winter.

Rev's Roach and Matheson attended the funeral of Mr Wilson of Boothville on Sunday afternoon. Mr Wilson was a young man of 25 years of age. Mr Math-

eson preached on Sunday night from the work "Remember now thy Creator in the days of thy youth" &c, he said he thought it an appropriate text after attending to a young persons funeral during the day. The address was very becoming and well delivered and attentively listened to by the hearers.

The painter began his work on Monday last of painting the interior of the Presbyterian Church here. The contractor is a young man from Flesherton.

Mr and Mrs Matheson are in Toronto this week. Mr Matheson is attending a meeting of Synod held there this week.

Miss Dora McIntyre of Rochester is spending her holidays with her mother and family, Mrs McIntyre, South Line, Glenelg. It is over two years since Miss McIntyre visited the old home.

Mr Brander of this town lost his favorite mare last week. — Veterinarians MacIntyre and Ottowell did all they could to save her and although they got her relieved of the foal she died shortly afterward.

Robert Fisher and team is ploughing with Arch McCuaig for the past week. The Gaelic Communion on Sunday last was fairly well attended. Lots of Gaelic people if they could only make themselves believe they could understand the language. Ach cha noch Gaelic a usged cha gu leor dli aig air maraichean.

Born, to Mr and Mrs Dayil Hicks on April 27 a daughter. Both doing well.

Rev Mr Roach is expected to preach for Mr Matheson next Sunday evening in the Presbyterian Church. This is a step that should be always tolerated by all branches of the Christian Church, for all must travel on the one and only way before they reach the Haven of Rest.

Mr Matheson announced last Sunday that he will, during the summer months, preach Gaelic every 1st and 3rd Sunday in each month, at 10.30 a. m. and English at 11.30 and on other Sundays English at 11. So that the busy pastor has to preach four sermons every other Sunday.

Donald McRae purchased John Staples' fine horse and will attend to his duties during the season.

John McKechnie of Dakota, is putting in crop on his farm one mile west of this place.

Dr Dixon is a busy man attending to his patients, who are numerous this spring but we hope after a while the doctors will not have so much to do—not that we wish them or their patients any harm in hoping so.

### WELBECK.

This the 2nd of May being a fine day and no seeding done is a sure sign of a late spring. Most of the farmers have their ploughing done and are waiting for fine weather and a good growth before sowing.

Mr Thos Potter is going fishing to-day. Mr Potter is an expert fisher and will likely bring home all of the speckled beauties the law allows (20).

There is lots of snow in the big swamp yet and at the rate it has been going the

last five weeks, 'twill be the first of June before all is gone.

Mr Duncan McArthur moved last week to his newly purchased, viz., the Cameron farm. We understand he had good luck with all but the cattle. They had a hot time driving them over but got them there all right but the cattle were back to the old homestead before the boys got back for another load, taking a bee line through the bush.

Your correspondent paid a visit to Mr Frank McCartney, now laid up with a broken leg at Mr Peter Tiffney's. Mr McCartney is the man who got his leg broken on the townline between Holland and Glenelg townships. He was taken to the Hotel having no home of his own and if what Mr McCartney and others say is true, it there is a Humane Society in the County of Grey, they ought to look into the case, for your correspondent would not use a dog like what Mr McCartney says he was used. For instance a man lying with a broken leg on a bed made of blocks and old lumber for a period of over two weeks, and no pillow under his head, allowed to remain from four o'clock in the evening until eight o'clock the next morning; lying with a broken leg twisted out of shape in a box and crying with pain from 12 o'clock midnight to 8 next morning loud enough for people to hear him 20 rods away yet no one would get up to see what was wrong or give him a drink of water and had to call in a stranger off the street to go for a doctor. Why, the worst savages that ever were known or the wild Indians would not treat a dog that way, let alone a human being. And to think this was all done in a Christian country!

### HOLSTEIN.

Messrs Geo Calder and J Smith left last Friday morning for Regina.

Rev J Little goes to Carleton this week to assist Rev Mr Nichol of that place with special evangelistic services for a week or two.

Born, on Tuesday, April 19; to Mr and Mrs Wm Orchard, a daughter. All well.

Our new school is a settled thing now, and the trustees are going ahead smoothly. So far they have let the job of excavating site to Mr H Reid and he has got his part nearly done. The stone part of the old school is now torn down and Mr Sharp is holding forth in the little frame building behind. The scholars are pretty well crowded but they don't mind that when they are sure they do not have to put in another winter in the old school.

A very pretty wedding took place at 6 o'clock April 27, at the home of Mr and Mrs Aitken when their second daughter, Emma, was united in the holy bonds of matrimony to the man of her choice, Mr. Geo. H. Alles. The knot was tied by Rev Mr Little. The many valuable and useful presents showed the high esteem that the bride held among her friends. After the ceremony was over and the usual handshaking and well-wishing, the guests (who numbered about fifty) sat down to the table just laden with nice things. The evening was spent in games, music and social chit-chat.
