To drink of a cup often, in the Scriptures, signifies to be afflicted; or sometimes to be punished (Isa. 51, 17, 22; Psa, 75, 8). That I drink. The cup from which Jesus was to drink was one of affliction. The baptism. This means about the same as "the cup." Bradstreet's on Trade.

Wholesale trade at Montreal is im proving. This is to some extent due to the opening of navigation. The demand for staple goods continues large and well distributed. There has, according to Bradstreet's reports, been a somewhat larger demand for some lines of goods in Ottawa this week and the wholesale trade is busy making shipments to retailers. Values are generally firmly held.
