ONE DAY ONLY.—T. P. Smith, eye
specialist, will be at the Middaugh
House on June 1st. One day only.

HORTICULTURAL.—Those getting trees
and plants through the Horticulture
Society should call at Mr. Hunt's soon
as possible and remove them.

A most pleasing program will be
presented at the Promenade Concert, to
be given in the Town Hall, on the even-
ing of May 26th. Admission 15 cents.

SHADY PINES.—Mr. John Robertson
has secured some growthy looking pine
trees through the Horticulture Society
and is planting them on front of his lot where
some day they will make a fine adorn-
ment. Inspector Campbell and Mr.
Kelly are also using the pretty trees.

The Annual Meeting of the South
Grey Farmer's Institute will be
held in the Town Hall, Durham, on
Saturday, June 11th. Mr. Duncan
Anderson will be present and address
the meeting. Women's Institute meets
same time and place with Miss Lillian
Hespler, as delegates.

SUNNY CALIFORNIA.—"Just 13 inches
of rain since last November, and no snow
at all, sun shining most of the time,"
writes Miss Helen M. Burgess from
Sunny California. Her sister is near
her and in splendid health and with three
other girls was mountain climbing, hun-
dreds of feet high. Prosperous times
too when ordinary workmen get \$3 per
day.

DR. JAMIESON IN AN ACCIDENT.—
Thursday last the Doctor had just put
horse in buggy and gone a few rods from
the stable when a front wheel came off
causing the horse to bolt and flunging
him behind the dash board. Not being
able to control him in the awkward
position and seeing danger in the bricks
and building material near the new
Hunter Block, he flung himself out and
in landing gave his foot a wrench which
broke two tendons near the ankle.
The accident, a very painful one, will
confine him to the house for a few days.
It is supposed that friction had loosened
the nut while lacking the buggy into
the stable when last used.

REV. PETER NICHOL.—Last week's
Tribune records the induction and
services therewith of the above gentle-
man to the charge of Tilbury, Kent Co.
Rev. Mr. Nichol (son of V. Nichol,
Glenelg) is well known here and his
friends will be pleased to hear of his call
and acceptance to an important charge.
Rev. J. P. McQuarrie, Valetta, acted as
moderator. The church had been re-
papered and repainted for the occasion
and handsomely adorned with foliage
and flowers, and his clerical neighbors
of the Anglican and Methodist bodies
were present to welcome his co-operation,
the latter hoping, when union took
place, that the interesting induction
ceremony would be retained. Rev. Mr.
Forest, well known in Durham, and a
former pastor of Tilbury was present.
Also Rev. Neil Shaw also a former pas-
tor, with an extract from whose remarks
we close: "I much pleased to recom-
mend my fellow-student, Mr. Nichol,
for whom I have a warm place in my
heart. You will find him a true man,
treat him as such and you will not be
disappointed."

A SERIOUS CHARGE.—In December
1902, Mr. Jas. Vasey then of the 2nd Con.
Egremont, had an information laid
against Chas. Hoy for passing in pay-
ment of 2 cans of honey a bogus \$10 bill.
Service was made upon him, but he
never appeared and only last Friday the
chief of police at Warton Writ Chief
Carson here that Hoy was in Warton.
Mr. Carson went up on Friday and re-
turned Saturday morning with Mr. Hoy
a prisoner. The preliminary hearing
on the 18th inst. old charge took place
before Police Magistrate Telford on
Saturday evening. Mr. Dunn appear-
ing for the defendant, and making a
skillful presentation of the case. Mr.
Hoy claims he was in the employ of
Thos. Pollock, who gave him the money
to get the honey and to him he returned
the change \$8.00 when he rejoined him
in the cutter at the roadside. They
then went to Varney where Hoy treat-
ed passing a bogus \$5.00 bill on Mr.
Crawford. This he alleges was also
money he obtained from Pollock as
wages. He denies absolutely knowing
it was counterfeit as he would not know
a counterfeit bill if he saw it. Mr.
Vasey's evidence, given very clearly,
stated that Hoy asked for one can first,
but having only \$8.00 change, Hoy said
he would take 2 cans at \$1 each. Mr.
Crawford gave evidence of discovering
next day the fraudulent bill; Mrs. Gadd
assistant postmaster, had been asked
about the same time by Hoy for 2c
worth of stamps, offering a \$5.00 bill
which she couldn't change and could
not say was bogus. The stamps were
not taken. Mr. Wm. McCalmon, black-
smith, was offered a \$5.00 bill in pay-
ment of an account of 75c, but not liking
the looks of it, refused it, but was paid
at the same interview by the accused
from change he had. Mr. Dunn quoted
from the statute to show that unless
the accused was proved to have known
the fraud there was no crime and he
contended this had not been shown.
The magistrate however on the strength
of Mr. Vasey's evidence and collateral
testimony, but above all on the fact
that the accused had shunned investi-
gation though admitting service, com-
mitted him to Owen Sound for trial at
the next assizes.

ionable wedding notices. Call and see

THE 27TH HERE.—Victoria Day passed
off very quietly in town except for the
bang of fire crackers. Picnic parties
were the order of the day, at Eugenia
Falls, the Park, &c. The town is wait-
ing for the big celebration on the next
Public Holiday, July 1st.

COMMUNION SERVICES.—These will be
held in the Presbyterian Church on
Sabbath next, June 27th, at 11 a. m.

been highly interesting.

Torry's any evening after 6:30. The
rank is fast filling up so those who
intend to go at all have not yet applied
should do so at once.

TALKS TO BOYS.—Mr. Beall, while in
town, asked and got the privilege of
talking to the boys of the Public School
senior rooms, taking as his text "Know
ye not that ye are the temples of the
Living God." Being such he showed
the privilege and importance of keeping
these temples from defilement, both
outwardly in action and inwardly in
thought. The talk, which, of course,
dealt with the uncleanness of tobacco,
cigarettes and liquor, also inculcated
purity of thought and speech, respect
for women, and reverence for things
sacred. The influence was wholesome.
On Sunday evening, in the Baptist Ch.,
he gave an address on similar lines, a
highly delivered to the maturer
minds present.

RESPRAYING.—A circular has reached
us from Geo. A. Putnam, Supt. of
Farmer's Institutes, addressed to officers
of these Societies asking for immediate
application for mustard spraying dem-
onstrations and enclosing a blank form
to fill up. We have not space for more
than the following extract, which taken
with article on 12th page of last week's
Review should be sufficient guide for
those afflicted with this weed. Mr. Put-
nam says: "It has been clearly dem-
onstrated that when the mixture is
applied at the proper time and under
favorable conditions the results even
in the increased yield of grain, warrant
the expenditure for material and labor.
The great trouble in the past has been
that these demonstrations have been
given when the mustard was rather far
advanced; that is, when it was in full
bloom or even past this stage. The
spraying should be done just before the
plants bloom in order to ensure the best
results."

LECTURE ON JAPAN.—Mr. Arthur
Beall, M. A., who spent 5 years in Ja-
pan as a lay teacher gave a lecture last
week under the auspices of the W. C. T. U.
in the Presbyterian Church. After
an introductory explanation of their
language and its construction of 47
syllables, he discoursed in an offhand
way many features of Japanese life and
differences to European thought and ex-
pression. He attributes their small
stature, (which is caused by abbreviated
legs mainly) to the national custom,
now being dropped, of squatting between
their heels. Rather surprising in view
of their gallantry in war and their
humanity to the wounded, is it to learn
that the condition of their women is so
low. It is a land of earthquakes too,
and the speaker had been nursed into a
wholesome fear of them. The climate
was touched on and altogether formed
a pleasing contrast to the sterner side of
Japanese life now being displayed to the
world.

the cause. Fuller notice next week.

be given at the Promenade Concert, on
Thursday, May 26th. Admission 15c.

A SORE TRIAL.—We regret that we
omitted reference last week to the
bereavement suffered by Mr. and Mrs.
Wm. Smith, Jr., Bentinck by the loss
of their little son Donald, at the age of
11 mos. This took place on Saturday,
14th inst., a brain affection being the
cause. The bereaved parents have the
sympathy of all in the trying hour.

THE PASSION PLAY.—Under the aus-
pices of the Epworth League a very
interesting evening was held in the
Methodist Church on Monday, when a
series of fine views representing scenes
in the life of Christ were thrown on the
screen, some of the coronation scenes
&c. The exhibition was worthy of a
better audience though about \$23 was
realized.

SIDEWALK HANDSHIP.—The latest
proposed extension of cement sidewalk
is along the north side of Lambton St.
as far as the Daniel property. While
in general the frontage system is fair,
occasionally it works badly, for instance
passing a swamp lot owned by Mrs. A.
McCluckin worth about \$50, it entails
an annual tax of \$22. This of course,
makes the property perfectly unsalable,
and the owner should certainly let the lot
fall on the town who will have to pay
the \$440. This sidewalk would certainly
be a boon to the town and as such, the
town, it would appear, will have to
bear the burden, though at manifest
injustice to the owners.

PUBLIC MEETING.—Mayor Hunter
by request has called a public meeting
for Friday night of this week to give
ratepayers, as ratepayers, a chance to
discuss the advisability of putting in
waterworks or in some way utilizing
the flowing well. The shareholders at
their recent meeting instructed the Di-
rectors to give a two months' option at
\$2500 to prospective purchasers. The
price of land at present is for more de-
velopment. How high will the water
rise under practical conditions? What
will be the cost of a domestic supply
alone? Or of this and Waterworks
combined for the whole town, or for a
section? The appointment of a com-
mittee to ascertain this information
seems to us necessary, and the council
should make a small appropriation to
meet expense incurred.

THAT RAILWAY CHARTER.—From the
"Telescope" last week, we notice that
Kincairdine through their representative
John Tolmie, M. P., and others put in
opposition before the Railway commit-
tee to granting a charter for a railway
from Lucknow to Hanover. Dr. Sproule
M. P., also opposed but the railway com-
mittee brushed the objections aside and
granted it by a large majority. The
"Telescope" ends its article thus: "Of
course, the bill so far has only passed
the committee stage, but as the railway
committee is made up of upwards of one
hundred members, whatever it recom-
mends is likely to go through the House.
There is no doubt in Mr. Shaw's mind,
that the C. P. R. is behind the scheme,
and that the company is acting in good
faith. If the charter is granted the road
will be built, but not likely this year.
And if it is begun at all, it will not be
confined to a line between Hanover and
Lucknow, but will be extended on to
connect with their Owen Sound line at
Flesherton. Such a line would be a grand
thing for all the towns along the line.
And the beauty of the whole scheme is,
the company will build the line them-
selves without asking for a bonus."

1854—1904.
Golden Wedding of Mr. and Mrs. Geo.
Calvert.

Not to a large number is it given to
see 50 years of wedded life, and when it
does occur, it is fitting that it should be
taken note of. The latest instance was
that of Mr. and Mrs. Geo. Calvert, Dur-
ham, who on 24th May, 1854 were united
in wedlock in Hamilton and who are
yet amongst us in fairly good health
and able to enjoy the company of their
offspring of three generations.

On Tuesday evening, May 24, members
of the various branches of their family
within reach, met at their home to at-
test their love and loyalty to the aged
couple, who, for 50 years have travelled
life's journey together. This they did,
not only by their presence in a social
way, but even this was a great deal—
but by congratulations and the tangible
gift of two easy chairs and a purse of
money.

Mr. and Mrs. Calvert settled in Ben-
tinck about 30 years ago, and the Re-
view, in common with the family and
many friends wish for them pleasant
sailing until they cross the bar. Of the
second and third generations there are
28 grandchildren and 6 great-grand-
children.

Those present were: Mr and Mrs Ar-
chie Wilson; Mr and Mrs R. Grierson,
Mr and Mrs Wm Caldwell; Mr and Mrs
Geo Watson of Arkell, Mr and Mrs Vm
Whitmore, Miss Calvert of Guelph and
son Wm of Kincairdine. Two sons were
out of reach, Thos. in Manitoba, and
George in Vancouver. Mrs Calvert's
only brother, Mr D. T. McCluckin, was
also present.

Millinery

From New York & Toronto

Today's Millinery news chiefly concerns a large shipment of new Summer Millinery goods. All the newest and latest in white hats and materials for Summer.

This assortment gives our Millinery Room an air of conspicuous elegance similar to that which was so noticeable at the Spring Opening. We were tempted to announce a SECOND OPENING. However, on second thought, we found it unnecessary as our announcement of new arrivals will be sufficient to awaken your interests in one of the nicest millinery displays of the season.

Prices are Always Reasonable.

Miss Dick.

We Didn't

Give the gentleman the Coffee for nothing but gave him credit for knowing a good thing when he told us that

Our NEW YORK COFFEE

Was easily the best in town. It possesses the necessary elements to make it popular, proper strength and pronounced flavor.
