## OWNERS' OPINICS

Just Call in. McIntyre's Grocery. County Council meets on Monday next.

Try those Biscuits—McIntyre, the Grocer.  
Incubator for sale, cheap and in good condition. For further information apply at the REVIEW office.

Public Library Board will meet on Monday evening at 8 p. m. A full attendance is urgently requested.

Come to the Agricultural Grounds next Tuesday and see the lacrosse match Durham vs. Markdale. Ball faced at 3.30.

**NO NAME.**—We have received a budget with some good news items, but as the writer is unknown to us, we regret that it must be withheld in accordance with the usual rule. Give the name, not for publication, but as a guarantee of good faith.

**A DOUBLE LOSS.**—Mr. Godfrey McTaggart, Pomona, lost a valuable cow by lightning last week and same day a valuable colt died. This is rather a severe experience. We were pleased to have a call from him Monday and sorry to hear of his loss.

Farmers and fellow citizens, remove a heavy burden from the shoulders of your wife and daughters by buying the "Dowsel" washer. They save time, money and health and last for years. Every one sold is giving perfect satisfaction. Our wringer is warranted to be of pure white rubber rollers and will wring from a pocket handkerchief to a blanket. Call and see them and be convinced. J. A. CLARK, Lower Town.

**FRUIT PROSPECTS.**—From a government paper we learn that plums and peaches are likely to be scarce. 50 per cent of the peach trees in the Essex district are killed outright. Mice ravages are responsible for the death of 25 per cent of all nursery stock and young trees under 4 years of age in Ontario and Quebec. Flemish beauty pears proved the hardest variety. Cherries are cured severely in the buds, but small fruits escaped with less injury.

**NOW A POLICE VILLAGE.**—Priceville has just lately been promoted to the rank of a police village and the first chairman of the board of trustees is Mr. Joseph Aussum. He has declared the first civic holiday for June 21, the longest day, which will all be needed for the events Scott's Greys Camp is assembling to make a day and night of and the first movement by way of Sports and Concert. Priceville will now blossom with an honest civic pride in its corporate capacity.

Another lot of Drums. McIntyre, the Grocer.

Before listening to the complaints of your children about the partiality and general friendliness of their teachers in making a party, remember that about one half of the cherubs drive you crazy about half the time, and bear with the teacher who is making intelligent men and women of us unprosperous stuff as you were 20 or 30 years ago. Remember that besides your boy, who every one knows is an angel, he has to contend with that awful boy of your neighbor, and you know what a terror he is.

**DEPENDENT CHILDREN.**—A special meeting of the members of the Committee newly appointed under the provisions of the "Childs' Protection Act of Ontario" will be held in the Y. M. C. A. Hall at Owen Sound on Wednesday, June 8th at 2 p. m. Interesting addresses will be given and a conference held on Child Rescue Work. The following persons are honored with a place on this committee for this vicinity: Mr. J. H. Brown, Mr. Jas. Carson, Mrs. C. McArthur, Mrs. N. W. Campbell. Members of Committee will meet promptly at 2 o'clock on Wednesday. The following persons are honored with a place on this committee for this vicinity: Mr. J. H. Brown, Mr. Jas. Carson, Mrs. C. **THE LATE ALEX. BEGGS.**—Our brief announcement that Mr. Beggs, a native of the north of Ireland, 57 years of age, and came to Benrinck with his parents 49 years ago and resided there until last year. He was fairly successful as a farmer and highly respected in the community, a touching evidence of which was seen in the very large number of his old neighbors who paid the last tribute of respect at his funeral on Friday. He was a member of the Orange Order, and under its auspices he was buried, many of the brethren from nearby lodges and who was known, Hanover, assisted Rev. Mr. Farquharson in the funeral service which was held in the Presbyterian church. The remains were taken to the Saugeen cemetery where his father and mother lie buried. His only son, Mr. Beggs, who is now in the 20th year of his life, is a very bright and promising young man. He is a native of Benrinck, and his father, Mr. Beggs, was a very bright and promising young man.

**JUNE WEDDINGS.**—Let us know in time and we will get you out some fashionable wedding notices. Call and see samples—all in confidence. Full stocks on hand. Specialties secured on short notice. This REVIEW OFFICE.

**NIAGARA CAMP.**—Starts June 14th. Preparatory drills will be held here May 28th, June 4th and 11th, at 6.30 p. m. Uniforms can be obtained at R. Torry's any evening after 6.30. The ranks are fast filling up so those who intend to go and have not yet applied should do so at once.

**BY ORDER.**  
The Annual Meeting of the South Grey Farmer's Institute will be held in the Town Hall, Durham, on Saturday, June 11th. Mr. Duncan Anderson will be present and address the meeting. Women's Institute meets same time and place with Mrs. Lillian W. Gray, Toronto and Miss Lizzie Rife, Hespeler, as delegates.

**MR. JOHN McDONALD** one of the pioneers of Elderslie, died two weeks ago. His son Wm. is editor of the Chesley Enterprise and last week gave an appreciative and filial sketch of the deceased who had been a man of forceful character. They were neighbors of Mr. and Mrs. John McKinnon, parents of Mrs. Jno. A. Black.

**A PIONEER.**—On another page will be found an interesting and pathetic obituary notice of the late Mrs. Joseph McArde, which incidentally shows how Joseph got his name. We extend our sympathy to the sons and to the bereaved husband one of Proton's pioneers who has occupied the highest honors in the gift of his township and a man of considerable force of character.

**DEPARTED PRICEVILLE.**—Thus we write of the late Dugald McLean, a well-known citizen of Priceville, who passed away early Monday morning, full of years and not without honor. Also, Thursday last, Mr. M. Williamson, Artemesia, son-in-law of Mr. John Hall, South Line, Glenelg. Of these and two others buried a few days ago, our Priceville correspondent will speak next week.

**PROMENADE CONCERT.**—Friday night last the Town Hall was informally arranged for the holding of a concert under the auspices of the English Church. A few tables here and there and some of the long seats were occupied by a little social party who enjoyed the ice cream, bananas, etc. to the accompaniment of a good program and social chat. It was voted a very pleasant affair and some very good platform School and others.

**MORE INDUSTRIES.**—The Public Meeting held last Friday evening to consider the question of waterworks was fairly well attended. Mayor Hunter was chairman and the result of the discussion was the appointment of a committee to secure information. J. P. Telford, Chairman. The Mayor received a letter from a gentleman in Ohio, enquiring as to the prospects and inducements to start a match factory here. It was decided to write asking him for fuller information.

**THE LACROSSE SITUATION.**—The Durham Lacrosse Club is in line once more and preparing for their first scheduled game here with Markdale next Tuesday June 7. McCaffrey and Graham, two Cream Separator employes, will prove a valuable addition to the team, while the popular Dal, McCarty of Shelburne, has decided to again wear the Durham colors. With first-class players, a strong team is assured and a large crowd is to be desired next Tuesday to see our boys duplicate their victory over Markdale two years ago. The first match in the district is at Dundalk to-morrow, when that team plays the Wellingtons. In last Saturday of the Senior series, C. L. Arnt last Saturday, St. Catherines defeated Brantford, C. L. A. champions, and the Tecumseh defeated the Chippewas, both Toronto teams.

**HAMLET.**—Last week's Walkerton Telescope has the following appreciative notice of our Dramatic Club's appearance in their town: "The attendance at the town hall on Friday night last when 'Hamlet' was presented by the Shakespearean Dramatic Club of Durham was not very large, but the play in every other respect was a grand success. For a company of amateurs to acquire such proficiency must have involved a great deal of labor, and it seems a pity they did not receive more encouragement from the town. One lady who appreciated the play, very much observed to the writer, 'If this had been a ten-cent Nigger show the hall would have been filled to the doors.' This is probably correct, but it must be admitted that it is an unusual thing for amateurs to attempt a difficult play like Hamlet, and when they do it generally ends in a fizzle. But as we have already remarked, the acting was really very fine, and was rendered all the more impressive by the beautiful costumes. The leading character, Hamlet, was taken by Mr. H. H. Mockler, and it would be difficult for anyone but the most competent and experienced critic to point out any defects. Should this company appear here again we have no doubt that they will be greeted by a much larger audience."

**DIED.**  
**WILLIAMSON.**—In Artemesia, on Thursday, 25 May, Matthias Williamson, aged about 70 yrs.  
**McLEAN.**—In Priceville, on Monday, May 30, Dugald McLean, Shoemaker, aged about 80 years.

## FARMERS' ASSOCIATION.

A meeting of the South Grey Farmers' Association was held in Calder's Hall on Saturday last, quite a number of members were present. Pres. Wm. Allan occupied the chair and briefly addressed the meeting on the advantages of organization and the good it might accomplish. Mr. Robert Legate, of Greenside, gave an address at some length on matter of importance pertaining to farmers' interests. Mr. D. McNicol, of Lamlash, spoke of the difficulties independent members had in the Legislature, and the pressure brought to bear upon them to induce them to support either of the existing parties. It was decided to ask the central Assn. to hold a meeting in Durham sometime in June to be addressed by Mr. J. Lockie Wilson.

A discussion was then had as to interviewing the candidates for the Commons as to their position on some of the live questions before the public, such as subsidies to railways, bonuses to private corporations, increase in the tariff, &c., but the matter was laid over for further consideration. Com.

## FATHER HAUCK DEAD.

Many in Durham, Glenelg and Markdale, outside of his co-religionists, will learn with regret of the death of the genial priest who ministered until last November to the R. C. congregations of the above places. The following despatch from the Toronto World tells the story:  
"Hamilton, May 20.—Rev. Father Philip Henry Hauck, rector of St. Joseph's Convent, died this afternoon in St. Joseph's Hospital after an illness lasting several weeks. He has been stationed in Hamilton since last November. New Germany is his birth-place, but he spent most of his boyhood days in Formosa, Ont., where his brothers, Joseph and Ignatius, now reside. Another brother, Henry, lives in Midway. The dead priest was about 41 years of age. He was educated at St. Jerome's College, Berlin, and the Grand Seminary, Montreal. In 1894 he was ordained by Bishop Dowling, and for the following year was attached to the staff of St. Mary's Cathedral. From here he was transferred to Markdale and Glenelg. The funeral will take place to Holy Sepulchre Cemetery next Tuesday morning at 10 o'clock from St. Joseph's Church. The members of the L. C. B. U., of which he was the chaplain, will keep watch to-night."

**A NEW FAKE SCHEME.**—In some parts of Ontario agents are attempting to allure money from farmers, by a new patent, for the protection of fruit trees against insects. It might be called the hypodermic tree treatment, and it consists in a bit of boring a hole in the trunk of a fruit tree, filling it up with a chemical compound, or rather mixture, and then plugging the hole to keep the air out. The promoters say that the sap will carry the chemical to the farthest twig, and will render the tree immune against the attacks of fungi or insects. Huge sheaves of testimonials from all over the United States and Canada are shown by the agents, and the endeavor is made to sell the patent right for each township. So far rights for three or four townships have been disposed of at \$700 each, and the buyers put out agents, who persuaded the farmers, to treat their trees to the boring at 25 cents. The scheme was hatched in the United States some years ago and at that time Prof. Tait of the United States Bureau of Agriculture, issued a bulletin warning the fruit growers against it. The chemical mixture which is put in the trees, has been analyzed in Ottawa, and is found to contain charcoal, sulphur and soda, sometimes gunpowder is used. In any event the mixture could have little effect against the enemies of the trees even if it could be dissolved "and carried to the farthest twig." Sulphur and charcoal, however, are insoluble in water and in sap and unless a bottle of carbon bisulphide were put in the hole with the other things, the chances of reaching the farthest twig would be very remote.
