MATRIMONIAL

The following extract from the Ingersoll Chronicle of Thursday last gives the details of the marriage of Miss Mabel Swallow so nicely that we have reproduced it in full. Congratulations from the Review.

LANGLEY-SWALLOW

An interesting event and unusually pretty surroundings, took place at "Honeymoon" the residence of F. Lynn Wikson, Ingersoll, brother-in-law of the bride, yesterday, when Mr. Allan James Langley, of Toronto, was united in marriage to Miss Mabel Swallow, of Durham. Mr. Thos. Swallow, father of the bride, was the distributor of bridegrooms and Mr. Will Langley, of Toronto, assisted his brother in a like capacity. At the conclusion of the ceremony the company partook of a dainty luncheon.

The bride, who is one of the fairest daughters, was most becomingly groomed in ivory crepe-de-chine over Valenciennes lace. The skirt was made in train, with panel front and the bodice had a yoke of rich satin. She wore a hat of white chiffon and carried a bouquet of Lillies of the Valley. The groom wore a suit of Scotch tweed in a dark shade, with a waist of palest green silk, and a black poke hat of folded chiffon. The little bride-maid wore silk voile of pale blue over tulle, with a yoke of Valenciennes and a black picture hat. She also carried a bouquet of lillies. After receiving the congratulations of their friends the happy couple left for the next on a short honeymoon trip. Mr. and Mrs. Langley will reside in Toronto where a pretty home awaits them on their return. The friends of the family here will unite in ardent wishes for many years of unalloyed happiness in their new relationship.

BUSINESS CHANGE

There is one citizen in our midst that we have much reason to be proud of, for his ability to bring everything he undertakes to a proper finish, and that is our enterprising Hardware merchant, W. Black. Owing to some misunderstanding about a year and a half since, between Samuel Wright and Henry Parker the brickyard ceased operation and remained in that position until this week. Seeing the great need of a brickyard here, on April 25th Mr Black purchased the plant, solely with the intention of getting a business started, and on June 15 closed a purchase deal with Mr Walker of London, who comes here recommended by experts, as one of the best brick-makers in Western Ontario. Mr Walker with a number of employees are now engaged cleaning up the yard, which we expect will be in full operation before many days making a quality of brick which will be fully appreciated as there is nothing in as great demand here at present.

TOPICS OF THE WEEK

A Detroit syndicate is announced as likely to build big cement works at Bell's lake on the north or Holland end.

Bruce Co Council visited and fraternized with Grey County Council on Thursday last in Owen Sound. We are compelled to defer County Council minutes this week.

The Presbyterian General Assembly supported the principle of Church Union and appointed a committee to confer with others. Dr Milligan is the new moderator. Prof. Scrimger, (a cousin of Mrs A. Davidson.) was appointed Principal of Montreal College, and Prof. Campbell instantly resigned refusing to hold an appointment under an old pupil. [Omitted last week.]

Nothing quite decisive has taken place in the great war struggle. Both parties, out and in Port Arthur, are preparing for the great struggle which they are waiting to see. The opinion is general that the Japs will take it. Every day that passes with that undone, however, seems to be giving the Russians hope. Stories of small encounters between out posts are numerous.

THE FIGHTING RACE.

I've been readin' the papers And watchin' the capers Of Russian and Jap on the land and the sea, And it's got me to guessin' Why some names is misin' That should be conspicyus where fightin's so free. Shure, where are the Reillys, The Caseys and Kileys, And all the rest of the Macs and the O's Thee was never real fightin' Or wrengs to be rightin' But some o' them byes'd be strikin' their blows.

Now the longer I ponder The struggle out yonder Where the Jap and the Russian are hittin' wid fame. The more I'm decidin' The Irishman's hidin' Behind the quare front of a haythenish name. If ye read of "Patriki" Or "Michkekomioki" Or "Ye will know they're not Russian at all, if ye're wise, And the Jap "Tomohara" Or "Teddimagara" Are simply good Connaught men there in disguise.

THE HOLY LAND TO-DAY.

The "Around the World" photographs running from month to month in the Delineator are suggestive and full of atmosphere. In the July number the pair of wanderers have reached the Holy Land, and the views reproduced of the Via Dolorosa, along which Christ bore His cross to Mt. Calvary, and of the Garden of Gethsemane in its peaceful beauty, will hold the attention of the reader for long with their realistic interest. The Church of the Nativity at Bethlem is shown as a shapeless mass of rough stone masonry and the bare and sunbaked square in front of it is filled with natives whose carefree attitudes and quite secular occupations fill the beholder with a strange sense of incongruity. A number of Egyptian photographs are also given, one showing the tourist bride and groom seated on the steps of the Great Pyramid looking out over the far stretching Valley of the Nile; another of "Every day life by the Suez Canal," with the great Occidental steamers pushing up between the turbaned Orientals in their little craft; and a remarkable view of "The Water Tanks of Aden."
