A number from around here attended the excursion to Guelph last Thursday.

Mr. Joseph Noble was laid off work with blood poison in his hand.

Mr. Geo. Cairns, of Ceylon, visited on the excursion one day lately.

Mrs. Lehigh and little niece Constance, left last Saturday for their Toronto home.

Mr. Jno. Williams called on friends around here last Sunday.

Mr. Geo. Ritchie purchased a fine piano last week.

Mrs. J. H. McFayden had a large quilting and rag-heel last Thursday when all the neighbor women gathered and spent a most enjoyable afternoon.

Mr. James McCracken Jr. met with what might have been a more serious accident. While at the road last week, he was shovelling in the pit when the sand began to slide and caught him, and it took some time before the others could get him out. The Dr. was called but luckily for him no bones were broken, but it will be some time before he will be around again.

Miss Annie Staples Sundayed in town.

Mr. C. C. McFayden attended the Pricewille sports last Tuesday.

HOPEVILLE.

Proton Council held a special meeting at Hopeville on Monday, 20th inst., chiefly about the Proton Station drains.

W & R Dingwall had a well bored 147 feet, by the Beaumies', Dundaik, Pricies, &c.—A few of our people took in the Swinton Park picnic on the 17th.

Again there was the important Pricewille celebration, also a school picnic in Mc-Mullen's bush.

Mr. Joseph McArdle was at Markdale on the 24th attending the large demonstration of the County Council Reeves and Ex-Reeves of the Townships in opening the House of Refuge, or properly named, the County Poor House.

Mrs. Alex. McEachnie, from Little Current, has been visiting friends in Hopeville and neighborhood.

Miss Edith and Master John Glenister have gone to Toronto to stay a week or more with their uncle and other friends.

Mr. and Mrs. Adam Scarlett have been in North Bruce visiting friends.

Our village brick builders, Mr. Wu J. Glenister and his son, are at their fourth building this spring, a solid brick house for Mr. John Christie.

Showery weather lately; prospects of a good crop in Proton, especially hay.

On Sunday, the 26th, a fire occurred on the farm of J. W. & R. D. Armstrong, adjoining the village of Hopeville, in which their barn was burnt with part of the contents. The fire was first seen between 11 and 12 o'clock breaking through the roof at the north end of the barn where the hay was. There were not much contents in it as they have an implement barn, but all there was, was burnt, all the stock in it was only a bull and some pigs which were got out with some difficulty from the stable under the barn. The barn was 55 x 65 feet, with stone stable underneath, and well finished with all modern improvements. The origin of the fire is a mystery. Some suspect a spark from the chimney of the house, others suppose that some tramp had been sleeping in the hay mow and been lighting his pipe and having caught fire to the hay, he then slipped away. This last theory has most credence here as the barn is about sixteen rods from the house and the

CAMP NIAGARA NOTES.

Monday 20 June.—Have heard there are 5015 men on the grounds and 1200 horses, by a good deal the largest camp ever held here. There are 3 regiments of artillery, 5 of cavalry and 11 of infantry, one of the latter, the 13th, coming from North Bay, Huntsville, Bracebridge, &c.

Following are the names of members of Durham Co., taking 50 per cent or over of the possible 40 at the range of 200 yds. lying down 5 rounds, and 5 rounds kneeling in 20 seconds.—Ptes. A. McComb 30, McGillivray and Moore 20 each, Capt. Snider and Corp. Gordon 25 each, pte. Arnot 23, pte. Willis 21, Serjts. McComb and Lawrence 20 each. The marking at these ranges was very unsatisfactory to the musketry instructor—Col. Thair of St. Catharines.

Grand Church parade yesterday, large numbers took in the excursion to the Falls, by rail and boat. [The Queenston people say it was the quietest yet held.

Some disappointment in the increase of pay which is only 20, 30, and 50 in cents 20, 40 and 60 as first reported. Our regiment is again first with its pay sheets.

Raining to-day, but we have had good weather. Men are allowed to drill in shirt sleeves in the heat. The new helmets are an improvement.

The sergeants have a mess this year, some 40 strong and have a concert on Thursday.

To-day the artillery have been hanging at a grate rate. A military tattoo is to be held to-morrow night and a field day on Friday.

Minister Borden, with Col. Oute- inspected camp on Saturday. The minister is a fine old gentleman, by no means like a ruthless executioner as some sections of the press would have us believe.

The boys of No. 4 Co were duly appreciative of Barrister McCaul's thoughtfulness in providing literature.

On Tuesday evening after a heavy thunderstorm, a grand military tattoo was held in a roped off enclosure over 100 yds square, where 12 bands, two of their bands, marched round three sides of a square separately each playing their own march tune, the other bands taking up the strain when about half way round, concluding, all united, in one grand march, in rendering "Rule Britannia," "The Maple Leaf," two hymns of praise, and the National Anthem. The effect of 211 instruments in perfect time and tune produced a thrilling sensation. During the performance rockets and mortars were fired off at intervals scattering their bright multi-colored stars over the square. The effect was heightened by bright variegated fires here and there and by some 900 torches flaring. [Wonder if this is to give them an idea of an actual field of battle.]

On Wednesday evening the Sergeants mess of the 13th held their usual "At Home," the officers of the Regiment together with the Sgt. Majors and Staff Sgts of the 12, 31, and 38 Regts. were invited. A lengthy program was called off by Staff Sgt. Ramage, who was honored by the chair. Speeches by Col. Chaplain and two majors of the Regt., also by some of the guests, were interspersed by band music. Serj. McCaul of No. 4, gave a lengthy address, recalling his time in his own long service, the pleasure it had given him and urged young srgts. to continue in the force and qualify for something higher. A good address, attentively listened to, and furnished a text for all succeeding.

Sgt. Eastman spoke fluently and narrated to the soldier present (who never knew before), how "Bill Adams won the Battle of Waterloo." The concert, which was voted a success, was finally closed with God save the King.

Thursday, nothing special doing, a strawberry festival held in the town park pavilion was largely patronized. Friday, the great day of all, when the fierce and bloodless battle has to be fought! The boys are marched 8 miles out into the country and back again with very little rest, and then not to get into the firing line to have a shot at the enemy, was provoking and trying!!

No 4 Co was detained on Saturday till 125 p. m., striking and loading tents, &c. and narrowly missed the boat. Through no fault of their's the train pulled out just as they got in, and there was nothing for it but wait for a special at 7 p. m. Delays at Acton, Guelph and Palmerston tried the patience of all and finally reached Durham at the uncanny hour of half-past two on Sunday morning: the worst experience of home coming in 13 years. But with a superabundance of youthful spirit, the boys, in the midst of it all, looked on the pleasure side of things and joked the discomfort away. A good outing, had been had, and thanks to our good government better pay was granted them. W. W. R.

LINES

Written in memory of Mrs. Joseph McArdle, Hopeville, Ont.

By Miss F. Irons, 54 Robert St. Toronto, formerly of Hopeville

Gently the parting came,
Peaceful her end;
Back to the Lord of Life
Did she ascend.

Grieve not her life is spent,
Ye who remain,
Think of her perfect peace
After life's pain.

Some day we too shall lie
Silent as she,
Only the Father knows
How soon 'twill be.

Lonely your pathway now,
Make Christ your Friend,
He, in the darkest hour,
Comfort will send.

Trust, till the better life
All doubts dispel,
After the storm and strife,
All will be well.

wind was blowing from the barn. It was insured in the London Mutual for \$1000, but that amount would go but a short way in building another like it now. They will try and build again if timber and men can be secured, as they have a large crop and large stock and no stables for them.

LETTER TO THE EDITOR.

[The following letter is sent us for publication. The writer alleges that information in our columns two weeks ago in reference to this Convention contained some mis-stakes which the letter will put right.—Ed.]

Hopeville, Ontario, June, 1901.

To The Editor,
Dear Sir,

A profitable Christian and Missionary Alliance Convention, held in the village for eight days, came to a close on Sunday night with a crowded church; many were unable to get in so great was the crowd.

The collection for foreign missions amounted to two hundred and two dollars.

The church was only organized about five years ago, and has in the meantime erected quite a substantial brick building, which is about all paid for. Pastor Salmon and Messrs. Stephens, McLeish, O'Brien, Long and Finlayson, all of Toronto, conducted the services.

This convention was the best and most successful ever yet held up here.

Yours,
PASTOR ALBERT T. FINLAYSON.
