SENSATIONAL.—A balloon ascension at any time is thrilling but it is immensely more so when it takes place under circumstances such as Hanover witnessed on Dominion Day. Just as the balloon was about inflated it took fire, and the daring aeronaut ordered it let go, and up he went some hundred feet in the wake of the burning balloon. It seems he knew his work for he had scarcely cut himself loose for the parachute drop, when the balloon collapsed and fell. He got down safely.

The Presbyterian says: Rev. John Little, of Holstein, dispensed the Communion in connection with the Episcopalian and Methodist churches now under the charge of Mr. W. Dickenson Lee. At Cedarville 100 members were present and at Esplan over 60. There was an addition to the membership of 23, of whom 15 were by profession. The Cedarville congregation is engaged in raising \$1,000 to clear off the debt on the property, and good success is being met with. The basement of the Esplan church is being finished and the whole outlook is full of encouragement.

DIED AT BUNESSAN.—The sad news reached town, Sunday, that Mrs. Thomas Jackson, of the Glen, was dead. He was a young man of about 30 yrs and was married only a few years ago to a daughter of the late Paul Nelson's. Sincere sympathy will be extended to her and her little ones in the severe affliction. We have not learned the cause of death. Later we learn that death resulted by hemorrhage; he had shortly before undergone an operation for kidney. The funeral on Tuesday in the English Church cemetery was very largely attended and genuine sympathy is felt for the aged father whose support and stay is cut off so suddenly. The deceased was 37 years of age, of a genial, kindly and thoughtful disposition and will be missed even outside of his circle of relatives. One brother, Samuel, and one sister also mourn his loss. The Review joins in the general regrets.

Presbyterian Young People's Society.
Tuesday, July 5th.—A large and enthusiastic assembly of young people met in the Presbyterian Church to discuss topics concerning Christian life and work. A very large proportion are ladies. Mr. Geo. Lothian is the presiding officer and must be gratified at the fine programme and interesting discussions taking place.

Sungreen Presbyterians met in the morning and afternoon in part, and members thereof are doing much to help along.

A very pleasant social time was spent in the basement when all and sundry partook of an excellent tea.

Next week we will attempt to give a more extended notice.

— THE GLASSFORD LECTURE —

The Presbyterian Church on Tuesday evening was filled to listen a program of speech and song, the chief item being an address by Rev. Mr. Glassford of Guelph, who a few months ago, returned from a trip to Jerusalem where he was in attendance at the World's Convention of Sunday School workers. This is the 4th meeting of that body. It has no constitution, is not legislative and meets at irregular periods as circumstances seem to suggest. It has met twice in London and once in St. Louis.

In a racy fluent manner he took his auditors to New York, the starting point, where over 800 embarked, 75 being from Canada. Most humorously he depicted the experience of the sea-sick passengers and shipwrecked life. Called at Madeira picturing its wondrous beauty and equable climate, surveyed Gibraltar and was impressed with its gigantic strength, called at Algiers, on to Malta and visited the scene of Paul's adventures. Athens was visited and a memorable service held on Mars' Hill, Dr Potts, (for whom he had high praise) preaching a remarkable sermon. Constantinople, Smyrna, Ephesus, Rhodes, all sacred ground passed in review and lessons were impressed of the necessity of more missionary effort to bring gospel light to the women and men of degraded Turkish lands.

The "Land" itself was reached at Beyrout where the company scattered to various points made sacred by events in the life of our Lord and his apostles, and by its associations with Bible characters centuries ago. He visited a city of 100,000, growing, but away behind in civilized amenities.

He closed about 11 o'clock having come on the evening train and left a very vivid impression of a memorable trip.

During the Sessions, the choir sang a number of appropriate selections with taste and skill. Dr. Brown, Holstein, always a favorite here maintained his high reputation. Mr. Will Isaac, Dro-more and Misses Jean Brown, B Crawford, Ida Wilson, Mrs A W H Lauder, gave well-rendered solos. Mrs Arthur Jackson and Miss M Burnett sang a delightful duet "Oh to be nothing, nothing."

Officers for the coming year are: Pres. J. Corkill, B. A. Harriston; Vice Pres. Miss Stevenson, Holstein; Rec Secy., Miss Dulmage, Palmerston; Cor Secy., Miss Nellie Smith, Mt Forest; Treas. Miss Kilgour, Mt Forest. Next meeting in Harriston.

THE FIRE INQUEST.

The County Crown Attorney was in town Tuesday to conduct a case arising out of the fire that destroyed the McIntyre shed and stables of John Nichol and the Middaugh House. This was pressed to an inquest by Inspector Harris and Mayor A. S. Hunter. Coroner Gun summoned a jury consisting of Messrs John McKechnie, foreman, Russell, Ireland, Jno Livingstone, S Scott, Gordon, Bean, Holt, Grant, Cochrane, Seigner, Jno H Hunter.

After having duly taken the oaths the examination of Mr Norman McIntyre and Mr and Mrs Jno Nichol, nearest residents to the fire, was proceeded with. Then followed Martin Guth, John Wilson, Geo McKay, A. Crawford, F. Warner, most of whom testified to a slight knowledge of the existence of a meeting place in the McIntyre stable.

— Hymeneal —

In All Saints' church, at 11:30 this morning Miss Hana Irene Alexander, daughter of the late William Alexander, of Durham, Ont., was united in marriage to Mr. John Baldwin Rogers, of Toronto, Rev. Arthur H. Baldwin officiating.

The bride was given away by her brother, Mr Will Alexander, of Durham. She wore a dainty gown of white India silk, trimmed with high grade of lace and insertion and high grade of white and finished with a fall of silk lace, and smart bebe hat of white silk lace and chiffon was worn. The bride's only ornament was a necklace of pearls with diamond fastener, the gift of the groom.

After the ceremony the bridal party drove to the residence of the bride's sister, Mrs Donald McKay, Yonge street, where a dainty dejeuner awaited them.

Mr and Mrs Rogers left for Owen Sound on the four o'clock train, where they take the boat for the upper lakes, the bride going away in a tailor-made suit of blue broadcloth with a hat of bisque straw trimmed with a wreath of blush roses.—Telegram.

Dominion Day Celebration A Success.

Great Crowds Afternoon and Evening.

Friday morning last anxious eyes were turned skywards to see if the clouds were going to "roll by." They got little hope; a dull leaden sky deepened as the morning wore on and about 11 some brisk showers fell making the Games Committee feel that failure was their fortune. About that time they would have sold out their chances cheaply if a buyer had appeared. Still vehicles came rolling in, started before the rain; the rain ceased, preparations went on even tivoer, the clouds spoke uncertainty till about 4 o'clock, by which time it was certain a great success was achieved.

To take it in order: the celebration began Thursday evening when a large crowd gathered at the station to await the train—over an hour late—which was bringing the famous "Kittie's Band." They met with a rousing reception and gratified the populace by tuning their pipes and playing over town. This was a great anticipatory advertisement, and expressions of delight were heard on all sides at the fine effect of the music by the nine pipers and four drummers.

During the day the Riley Bros. had arrived and aided by the committee had erected the 40 foot poles for the wire performance, platform was built and all in readiness.

Friday afternoon the pipers marched up town and on returning a procession was formed including the Fire brigade with engine, hose-reel and ladder wagon. A great part of the crowd acted the gamey Scot and stayed in town, while for a seemed probable the clouds would break soon and end all. But they didn't, and gradually they drifted over making it easy for the ticket sellers.

The sports were at once begun, and no audience that ever sat on the hill had less to complain of in the way of waiting. The result is given below.

Prof. Riley on his wire, 35 feet high, was one of the best features of the afternoon. He mounted in plain clothes, crossed once, and returning to the centre stripped off everything, but athletic "trights." He walked and swayed on the wire, lay on his back, stood on his head, hung by his toes, and showed himself a master of equilibrium even crossing blind-folded and walking backward. His skill and daring brought forth the plaudits of the hill-side. Later the two of them did some "trapeze work on the flying rings" and on the horizontal bar.

The fireman slipped away quickly and at a given signal the swimmer rushed for the rendezvous. The engine came careering into view and dashed with fine spectacular effect past the Grand Stand. It was followed by the ladder men all in helmets. Soon the engine was placed at the river bank, hose attached, ladders erected and Chief Torry and his men had given a very fine exhibition of our fire-fighting appliances.

At intervals the band rendered fine selections, and Major Beaton or one of the others played for the dancers. These were our old friend Jimmie Gardiner and little brother Wilfrid, and Willie Ross of Acton. Jimmie is still a popular favorite and won most of the events. The judges with the approval of the spectators gave the sword dance to Willie Ross who is certainly a bright lad with fine skill and carriage.

Following is the result of the various contests, names in order of merit:

Hop, Step and Jump—6 entries—C D Brickert 40 ft, E. Seigner 47 ft, H in W C Pickering 36 ft, 9 in.

Running High Jump—4 entries—A C Brickert, C D Brickert, A C Brickert.

200 yd race—4 entries—A. C. Brickert, P. Matheson, W. E. Theobald.

Throwing Hammer—7 entries—Williamson 76 ft, 2 in, D McLaughlan 65 ft, E Sullivan 64 ft, 3 in.

Sailor's Hornpipe—Jas Gardiner, Wm Ross.

Irish Jig—Jas Gardiner, W Gardiner.

Bag-Pipe Competition—J Ross, Actor, Peebles and Thompson of the band.

Tug of War—Glenelg.

Notes

Mr. John A. Black acted as herald of events, Messrs Wm Black and Dr. Hutton were starter and marker respectively.

The tug of war was longer in the preamble than in the event. For a while it seemed as if Bentinck would have no opponent, but Capt. Dunsmoor soon found a challenger from Glenelg under Capt. Wm Weir. Ten stalwarts from each side were chosen, N McIntyre Sr. saw that a well-balanced start was given, and a strong pull slowly brought the centre mark to the Glenelg side, and they were declared winners.

The vaulting aroused intense interest, every increase by C D Brickert, was followed by Williamson, until at last a point was reached where Brickert failed and Williamson cleared.

A large number have revised their opinion of bagpipe music since hearing the splendid band.

The Concert.
The wisdom of choosing the rink for the concert was early apparent. The floor was made comfortable with sawdust, comfortable seats to hold about 800 were provided, and all were filled. It is more than time a Town Hall or Opera House, suitable to this community was provided. Some annoyance was caused as the place was filling by the lights going out making it difficult to see tickets. However the electrician was on hand and discovered the break.

The performers were all present: Miss La Bell, Mrs Caldwell, Bert Harvey and the accompanist Miss Tait. Besides there was the band, the dancers of the afternoon, and the Sato Bros. Their
