NEW TEACHERS.—The School Board have completed arrangements with Mr. H. R. Koch of Mannheim, Ont., to take the Entrance room lately taught so successfully by Mr. McIntosh. The assistant for the model term is Mr. J. H. Smith, B. A. of Rensselaer. Both come highly recommended.

CANADIAN SKILL has received two notable accisions. Lou Scholes won at Henley the diamond skulls, thus becoming world's champion rower. Private Perry of Vancouver won the King's Prize at Bisley. Scholes got a tremendous reception at Toronto last week and one is being planned for Perry, formerly a Toronto boy.

TOWN COUNCIL met on Monday night and passed accounts to the amount of \$833.37, one of the largest items being for the purchase of some fire appliances for the Brigade amounting to \$228. Consideration was given to the estimates and the rate will be struck in a few days. The School Board handed in an estimate for school purposes of \$3190. Twenty-five dollars was voted to S. McCracken for work he had done filling in at sidewalk in front of his property.

HEATHER IN BLOOM.—We were pleased last week to receive in good shape a package of heather, nicely in bloom, picked, packed and sent by Mr. Geo. Turnbull, now visiting relatives in his old Sutherland home. With characteristic thoughtfulness he had tied up a number of little bundles, which we had pleasure in delivering to the parties indicated. Mr. Turnbull is thoroughly enjoying himself on his native heath and leaves for home about the end of this month. He has our hearty thanks for the beautiful flowers, associated so much with Scotchish poetry and song.

SERIOUS ACCIDENT.—While Mrs. Crozier, a sister-in-law of Mrs. Dr. McDonald was at the station on Thursday last waiting, seated in a buggy, her horse, (the same that ran off with Dr. Jamieson) took fright and halted. She steered it safely out of the yard but just as it got straight on Lambton St. it made a dash to the right going between two poles at Dr. Wolfe's stable. Being only a few feet apart the buggy was caught fast and the impact sent Mrs. Crozier into the air landing on her side on the cement sidewalk some 12 feet away. She was removed to Mrs. Allan's house by ambulance taken to Dr. McDonald's. It is thought no bones are broken but the shock has been a severe one and some weeks will elapse before she can walk. Her husband, Rev Hugh G. Crozier, son of the well known pioneer pastor of Egremont, is in the north west at present. The horse, which wrenched itself free from its fastenings, was none the worse, except for the confirmation of a bad habit.

FORT FRANCES FLOURISHING.—A letter received a few days ago from Mr. Chas Ebenau, late of Normanby, contains a most optimistic ring. He says "Keep your eye on Fort Frances," and proceeds to expatiate on the fine farming possibilities of the district and the new life given to the place by railway accommodation. "The grand thing about this part is that we have in abundance what our next neighbors to the west need so much; lumber, wood, telegraph poles, ties, fence posts, &c., and since the railway opened the demand for these things is becoming more urgent. Men with full pockets are coming here to manufacture these things. It is said there is enough to last 100 years, so you see there is some back bone in the thing. Just enough farming is done here to keep everything booming, and the little farmer has, at the end of the year, as much money as the big farmer with you owing to higher prices. For instance hay is \$20 a ton. Wages are excellent too. For the benefit of any who may care to know, I may state that I and my two little boys get \$97.50 a month." Mr. Ebenau's tribute to the REVIEW is so unique that we give it in full, being, of course, well-pleased to know that his is one of many homes where the Review is highly prized: "But, Mr. Editor, amongst all our blessings here, and there are many, I want to mention the Durham Review. Indeed so necessary has that paper become to my existence that my wife bemoans the fact that there will be no Durham papers in Heaven. She says she doesn't see how I am going to stand it there without it. But to tell you the truth, Mr. Editor, she watches for its arrival even more earnestly than I do. It was only the other night that as I was about to receive the paper from one of the boys who had brought it from the office, that a hand came slipping past me and the next moment my wife had the Durham Review clasped to her bosom and she sat on it all supper time so that she might have the first reading when we got through!"

Death Was Busy.
THE LATE H. W. MOCKLER.
Sunday evening last after a few days' severe illness and several years impaired health, Herbert W. Mockler passed away at the age of 58 yrs. 5 months, falling a victim to Picaemic Anaemia. Although out of the current of civic life for a year or two the deceased has been so long before the town as a business man and citizen that is taking off calls for more than passing comment.

He came to Durham about 1856 with his parents who had been residing in Fergus. His father was a retired clergyman of the church of England and a man of considerable learning and literary culture. The deceased spent his boyhood here and at the close of his school days was a clerk in Owen Sound for a time coming to Durham again to enter the employ of the late J. H. Hunter. He remained there quite a number of years and in 1870 entered into business for himself in Upper Town in the store last occupied by Mr. McCabe. Since then there has been almost continuously a Mockler store, he having a few years ago transferred the business to his son Mr. H. H. Mockler. His wife is a daughter of the late Mr. Jones who was also in business here, and she with her daughter Eya and son Herbert who sincerely mourn the loss of an affectionate husband and father. Two sisters of the deceased are well known residents of Upper Town. The Review extends sympathy to all.

Mr. Mockler was strongly Conservative in politics and for a number of years was President of the Association here. Indeed he was within reach had he wished of being its candidate for Parliamentary honors, and his counsel and advice were valued.

As a citizen of Durham also he was honored having held the Mayor's chair for a number of years, and did what we never saw done before, retire from a higher office to accept a council position the next year. About 10 years ago he was appointed a J. P.

In private life he was genial and unassuming to a degree. He was a man of fine physique and after leaving him 30 years ago and after few finer specimens could be seen. He was a member of the Church of England and Rural Dean Ryan officiated at the house and grave.

Being a prominent mason his brethren accorded him a Masonic funeral. Funerary services were present from Mr. Forest, Priceville, Fisherton and other places were represented. Places of business were closed during the mortuary hours, the Town Council attended in a body and a very large number of old friends and neighbors did honor to his memory.

MRS. S. T. ORCHARD.

On Sunday, July 31st, at her home at Holstein, Mrs. S. T. Orchard passed away at the age of 41 years and 2 mos. She had been ill for about 4 months and her death was not unexpected but her death was a vacancy in the family circle. Her husband and four children, the youngest 11 years old, are left behind to mourn her early demise. She was the youngest daughter of the late Wm. Chapman, of Egremont. Her sisters are, Mrs. Jas. Eden, and Mrs. P. Black, of Egremont, and one brother, Wm. Chapman, of Shallow Lake. The funeral services were held in the Methodist church, Holstein by the present pastor and the late pastor, Rev. Mr. Truax, of Cargill, who was instrumental in leading her to calm resignation and faith in her Heavenly Father.

MRS. ED. HUTTON.

Monday morning last the town was startled to learn that the above lady had been found hanged at the residence of her son in Bentinck. For some time past she has been in indifferent health, affecting her mind and in a moment of weakness had resolved on and accomplished the taking of her own life. For many years by industrious habits and many difficulties she struggled and succeeded in raising her family in comfort and respectability, and the sad termination of the life which we have recorded, will be forgotten in the memory of her devoted motherhood. Her husband, who has been separated from her for some time died about a year ago. Sincere sympathy is extended to the members of the family in their sore bereavement.

MRS. LARTER DEAD.—Mr. and Mrs. Charter Smith and son Robt. attended on Monday the funeral of Mrs. Larter sister of Mr. Smith who died in Toronto from diabetes on Saturday previous. Many here will learn with regret her demise as, for a number of years she was a resident of Durham. She leaves four or five children, who, with Mr. Larter's first family tenderly cared for her in her illness.

See S. F. Morlock's coats and skirts for fall.

IMPROVEMENTS.—As the summer advances progress is being made in civic improvement. The method relating was done last week at the residence of her son in Bentinck. For some time past she has been in indifferent health, affecting her mind and in a moment of weakness had resolved on and accomplished the taking of her own life. For many years by industrious habits and many difficulties she struggled and succeeded in raising her family in comfort and respectability, and the sad termination of the life which we have recorded, will be forgotten in the memory of her devoted motherhood. Her husband, who has been separated from her for some time died about a year ago. Sincere sympathy is extended to the members of the family in their sore bereavement.

The Durhams Still on Top.
Rocks of Elora, Junior C. L. A. champions, defeated in an Exhibition Game.

The most closely contested lacrosse match of the season here, in scoring at least, was won by the Durhams over Elora, the Junior C. L. A. champions, on Thursday, July 21. The match was arranged at considerable expense chiefly for the purpose of testing the strength of the champions with the home club, and to give Durham spectators a high class exhibition of lacrosse. As expected, the Rocks were a hard proposition, Durham winning out by the closest score of any home match in the last two years, 8 goals to 6, but with a purely home team. Elora has a strong bunch, but fine combination and straight shots made Durham's goals count up. The home team was always in the lead, the score at half time being 5-2 in Durham's favor, but the Rocks made a strong finish. Richardson, of Fergus, proved a satisfactory referee, only a few players being ruled off, while no serious injuries were inflicted.

Dundalk's Waterloo.

Just one week later, the 28th ult., the Dundalk club was defeated here by the decisive score of 9-1. The last scheduled home game was marked by an increased attendance, showing the growing interest of Durhams in lacrosse. About 60 rooters accompanied the Thistles, who had serious intentions of winning, but these were dispelled in the second quarter. In fact, it was the strong game put up by Skelton and Wilson, at point and cover point, which saved them from an even worse defeat.

In the first quarter, the Durhams, it appeared, couldn't strike their gait, scoring only one goal in a scramble, while Dundalk evened up a few minutes later. In the second and third, although Dundalk still put up a good game, Durham by fast combination scored 3 and 1 more goals respectively, Charlie Lavelle in goal being invincible against Dundalk's attacks.

The last quarter saw the boys in blue and white playing all round their opponents. The Thistles moved almost 'til the home down on the defence, but still the ball flew the greater portion of the time in dangerous proximity to the Dundalk goal. Whenever it did travel up field, Theobald and Hutchins were there to check it, and throughout the game they fed the home in fine style. The game ended with four goals more for Durham, one of them a fine side shot by S. Graham. The match was comparatively free from roughness only one or two players being penalized by Referee Lambert, of Mt. Forest.

NOTES

Four straight victories for the D.L.C. McCaffrey and Graham have the combination down pins.

Matheson was always on the spot while at cover point, Bert McDonald is impassable.

W. Lavelle and P. Glass assisted in the scoring. W. Hunter played a star game in the field.

Dundalk has a good goal-tender.

A regrettable accident occurred to a Dundalk player in the first quarter. A swift ball struck him on the ribs breaking two of them, as a result of which he was laid off for the rest of the game and is still seriously ill at the Middaugh House. P. Crawford went off to even up.

Elora made a splendid showing at Mt. Forest against the Lornes the day after playing in Durham. The final score was 12-8, although the Rocks were ahead at half time.

The championship of the district depended upon the result of the Hanover-Southampton match at Hanover last Thursday, and the Hanover homeboys were downed by the score of 4-1. We regret Durham will not have a chance to battle for championship honors with their old rivals.

The Durhams cross sticks in their last scheduled game in this district in Dundalk next Tuesday with the home club. They intend to win sure and then battle with the Wellingtons for district championship honors.

It took the Wellingtons of O. Sound all their time to defeat Markdale last Friday. The Aberdeens came out one goal behind, 3-2.

Money to Loan at 4 1/2 per cent.
MACKAY & DUNN Durham.

S. S. PICNIC.—The annual Presbyterian Picnic takes place to-day, Thursday at the park.

"Mactalla," said to be the only Gaelic paper published in the world, ceased publication last week after an existence of 12 years. It was published at Sydney, N. S.

Waterloo Separator for Sale.—Newly new, in first class thrashing order, with duster, a bargain. Also good cedar tank with pump. Apply to A. ORR, Drummond P. O. Con 16, Egremont.

USE BATHING SUITS.—In conversation with Mayor Hunter he assures us that the prohibition as to bathing does not apply under the circumstances referred to by "mother" in the letter in the Review two weeks ago.

ELECTRIC STORM.—Wednesday of last week a violent storm of thunder lightning and rain, some places hail—passed over this section and considerable damage was done. A barn in S. W. Normanby was burned, two horses were killed in Proton, the chimney of the old "Big 4" store in Upper Town was smashed and several people were affected by shock. The greatest injury near here was done to the electric works at Aberdeen, which were put out of business and the town has been dark since. An expert from Toronto has been secured to investigate and it is not known yet when things will be righted. Everyone hopes soon.

The latest weaves and patterns in new fall dress goods at S. F. Morlock's.

St. Leon's Mineral Water aerated, in pints and quarts; on draft, 25c. a gallon. H. Parker.

Dr. Brown, Neustadt, will not be in Durham during August, but will be here as usual Sept. 13.

READY AGAIN.—The Middaugh House stables have been put in thorough repair since the fire and are again at the service of the public.

EARLY WHEAT.—The reference in last REVIEW to early wheat cutting by W. E. McAllister who cut on the 19th of July was beaten by C. McInnis, Yeovil, who writes us that he cut his wheat on July 12th 1898.

TENDERS WANTED.
