The church is tastefully finished inside lately by papering the walls which makes the neat edifice look beautiful, and with a good little organ and a handsome young lady as organist, the Baptists' prosperity in future looks bright.

We were road making in town last week. Some were using hoes and some blows, as apparently they hadn't enough to do to keep themselves warm in a hot July day without testing one another's strength, and the best of it or the worst, as you please, was that those implicated were over the allotted mark, 70.

Mrs. Butter has just received a car load of coal for future use, as she expects it to be cold next winter again and is preparing to make the traveling community comfortable with coal heat.

The A. O. U. W. picnic held on the school grounds in this town over a week ago was a fairly good success financially. The committee came out all right.

Died at Flesherton, on July 3rd, Miss Annie Muir, sister of Reeve Muir, of Arctomasia, and Peter Muir, Miss Muir was only sick for a few days from a complication of ailments. She was a lady that was highly esteemed by all who formed her acquaintance, and her removal will be greatly missed by the church of which she was a member for years.

She always took great interest in the advancement of the church and was generally foremost at all gatherings connected with religious matters. The funeral, which took place on Tuesday, the 5th of July, from her late home at her brother Peter's, was the largest ever seen coming through Priceville. The Rev. Mr. Matheson, of this place, and Mr. Thom. of Flesherton, preached the funeral sermon, and both spoke in words of praise of the departed.

J. D. McPhail and family, of Duluth, are at present at the old home at Mr. I. McPhail's, South Glenelg. We notice that the Review is crowded of late which shows its popularity, but for fear the Editor will be accusing us of giving a bit of Highland taffy we will refrain from stating any of the good qualities of the Editor.

It was too bad that the two Durham Editors had to play off for one week simultaneously, leaving us without news of any kind, locally, &c.
