A FINE TRIP—Mr. W. D. Mills, local agent for the Imperial Life Assurance Co. left Monday for a trip to Montreal, going by boat from Toronto through the Thousand Islands, and down the St. Lawrence and will be treated at Montreal to the best sights of the metropolis. He forms one of a company of about 30 of the most successful agents of the company who are being treated thus as a reward of successful work. Congratulations.

An installment of new dress goods expected this week at Grant's.

THE "PARK"—The Presbyterian S. S. last week and the Methodist one this week holidayed in the Saugeen Park. The name "Park" can only be applied by courtesy so far, and it is matter of opinion whether the name is being done to improve its great possibilities. The Water and the Woodland are there and are fine, if the Waste could be utilized for a play ground it would be finer, finest. The Park committee should try a "bee" of half a dozen teams and a couple of dozen of men to make a start on a well-considered plan to improve this beauty spot.

ANOTHER WIN FOR THE DURHAMS.

The last scheduled lacrosse match in the district, as far as Durham and Dundalk were concerned, took place on the latter's grounds last Tuesday. The Durhams again being the victors. A great deal of interest centred upon this match as a defeat would have quenched Durham's championship aspirations. However, Durham boys were bound to win, and the small score 3-0, shows the stubborn nature of the play. A small number of enthusiasts accompanied the team and witnessed an interesting though rather rough game. Of the Durhams, Shanny Graham was the most badly used with a bad cut in his head. All the goals were scored in the first half of the game and by this victory the Wellington's ambitions of capturing the district without playing Durham have fallen to earth.

Markdale plays the final district game against the Wellingtons in O. Sound Friday, and as it is almost certain the home team will win, Durham and the Wellingtons will, in that case, battle on neutral grounds for the district championship.

The present standing is as follows:

	Won	Lost	To play
Durham	5	1	0
Owen Sound	4	1	1
Markdale	1	4	1
Dundalk	1	5	0

Scotland's Day at Toronto Fair.

A big day has been arranged for the Canadian National Fair at Toronto on Thursday, September 1st. This will be Scotland's Day; and the local Scottish societies have arranged to give a grand reception to the band of the Black Watch. Excursions will be arranged from all parts of Canada, as well as from Chicago, Boston, New York, Philadelphia, and other large cities of the United States that have Scottish societies. It is anticipated that on this day there will be a greater gathering of Scotchmen, Scotch women, lads and lassies than has ever been seen on the continent at any one place. It would not at all be surprising if the assemblage numbered one hundred thousand. There will be Scotch games as well as the Black Watch band, the band of the Black and White, the band of the Black and Red, and Scotch songs and dances. In short, it will be a most thorough and effective demonstration in honor of, and by, sons and daughters of Auld Scotia.

Western Fair, London.

Contracts have been let for a new Dairy Hall, which will be completed in time for the opening of the Fair. The building will cost \$10,000, and will be of first-class construction throughout, giving a floor space of 8,500 feet. The Demonstrating Hall will have a seating capacity of 800 to 1,000, equipped with up-to-date appliances for demonstrating the manufacture of butter and cheese. Butter-making competitions, for both professional and non-professional butter makers, will be held daily during the Fair. The portion of the building set apart for exhibits will be suitably fitted up with refrigerators for butter and cheese, and platforms and stands for dairy machinery, including cream separators, churns, etc. In fact, everything in connection with the importance of London as the centre of one of the best dairying sections in Canada.

The removal of the Dairy Department from the old Dairy, Agricultural and Horticultural Hall provides very much more room for agricultural and horticultural products, and will tend to better the excellent displays of past years.

It is confidently expected that the Manufactures and Arts Building will be largely filled with exhibits of processes of manufacture of goods made in London. Leading artists will be represented in the Art Gallery—a better display than is anticipated.

"The Apparel of Proclaims the Man"

Somebody that ought to know, once said this.

Our Clothing is sought for by people whose tastes incline to the neat, quiet and respectable. There is a something about our Clothing which suggests refinement and taste;—and the prices, so low, you would hardly know how we do it.

Much lower than usual just now to clear out the remainder of our summer stock to make room for the Fall Goods.

We have delighted many a buyer. We would like to please you by selling you one of these nobby suits at a low price.

To the first three boys and girls who tell us who it was expressed the opinion of our opening quotation, and where it occurs, we will give a Boy's Tie or a Ladies' Silk Stock.

Public Library.

A grand Concert and entertainment is being arranged for the evening of Sept. 22nd, in the Town Hall, under the auspices of the Public Library. At a largely attended meeting of Directors on Friday night this and much other business was inaugurated. Already Mr. Jas. Fax and Miss Mae Dickenson have been secured. Mrs. Newton has consented to be accompanist, and other features are to be added, of which due notice will be given. Secy. Ramagf reported as delegate to the Provincial Library Association, giving a resume of the work done and attempted there showing points where Durham Library might profit by adopting. Rev. Mr. Farquharson was appointed Convener of the book committee, and associated with him are Rev. Messrs. Newton and Colling, Mr. J. P. Telford, Mr. John Kelly and Dr. Gun. Insp. Campbell is convener of the Magazine Com.

It is the intention of the book com. to make purchases from month to month of good and seasonable books, and by the time the long nights are with us there will be further attractions added to our splendid Library.

The magazines in the Reading Room at present are extremely interesting with war news and illustrations and other matters. No better place to spend an evening hour.

OWNERS FOUND.—The little locals in the Review accomplished their purpose. The owner of the brooch with hair belonged to Mr. Arthur Taylor, 28 Spadina Ave., Toronto, a brother-in-law of Mr. Dan McLeod, Egremont, with whom he was enjoying Dominion Day sports here. The hair is that of his father and mother and of course was unreplaceable. The mourning brooch belonged to Mrs. Anderson, daughter of Mr. Chas. McAra, of Egremont. We rejoice with both parties that the precious trinkets have been found.

MRS. T. J. JORDAN DEAD.—Sincere sympathy is felt for Mr. T. J. Jordan, of Holstein, whose wife died on Monday morning last in childbirth. To have a happy married life thus suddenly cut off is one of life's severest trials, and Mr. Jordan's many friends here will wish him all comfort in his loneliness. A little girl of two years died on Monday morning last in childbirth. CLOSE CALL FOR THE BABY.—The Owen Sound Sun of Friday last under the above heading gives the following item regarding an accident affecting a well-known Egremont couple: Mrs. Coleridge is a daughter of Mr. John Reid near Yeovil, Mr. C. is brother of Mrs. C. Ramagf, of town: "Last Wednesday evening as Mrs. Wm. Coleridge, accompanied by Mrs. Resbison, both of Bay St., was taking her baby carriage across the shore road near the dock at the King's Royal, an accident occurred which might easily have proved fatal. A well-known young man of this town, accompanied by a maiden fair, drove noiselessly along the road in a rubber-tired buggy. Mrs. Coleridge asserts that she did not hear the faintest sound until she was thrown violently to the ground by the horse. The wheels of the buggy became entangled with the wheels of the baby carriage and the baby was dragged beneath the buggy. A large gash was cut on the baby's forehead and its nose and cheek were cut and scratched. The baby's escape from death is nothing short of miraculous as the carriage was badly broken. The young man, to whose carelessness the mishap was largely due, hastened to make amends and was treated. Mrs. Coleridge with every courtesy."
