Our New Fall Clothing is beginning to arrive and we need room. If you want a suit of clothes cheap now is your chance. H. H. Mockler

Tuesday's Globe had some interesting reports from County Registrars regarding the Financial condition of the county. We shall give Registrar Lauder's report next week.

The People's Mills have constantly on hand all kinds of feed, especially No. 1 Mixed Chop at \$20 per ton. Also Flour, Rolled Oats, Wheatlets, at right prices. —J. & W. McGowan.

**Waterloo Separator for Sale.**—Nearly new, in first class threshing order, with dustey, a bargain. Also good cedar tank with pump. Apply to A. Orr, Dromore P. O., Con 16, Egremont.

Chesley's School levy last year was \$3300, this year about \$4000. Port Elgin Public School board this year require \$2000, their H. School \$1100. Durham's levy is for \$3200 this year.

**HOUSE TO RENT.**—The northern portion of the McKechnie block, Upper Town, (lately occupied by Mr John Ehrhardt) 8 rooms, splendid cellar, furnace, almost new, good well, &c. Apply to the proprietors, N. G. & J. McKECHNIE.

**STRUCK THE HOUSE.**—One of the lightning storms of last week struck the house of Mr And. Derby, near Hampden. It demolished the chimney, cleared a strip of shingles off the roof, went down the stove pipe, made a hole in the floor and spent itself in the cellar. Mr Derby's mother, a few minutes before had been sitting where it struck the floor. A narrow escape.

**CRUSHED TO DEATH.**—Last week's Wingham Times records the death of Michael Robertson who worked for some time at the cement works here. He had the contract of lowering a large drive wheel and shaft into position and was sitting on the cement bed, when by the slipping of a plank, the whole weight, over three tons fell on the unfortunate man striking him across the thighs and fearfully crushing him. He himself gave directions how to remove it, but in a few minutes became unconscious and so died. A widow and three daughters are receiving profound sympathy.

**DIED AT OWEN SOUND.**—At 9 o'clock last evening, Mr James Macchesney, a highly respected resident of Scrope St., passed away at the advanced age of 69 years. Death was due to pneumonia. Deceased is survived by a sorrowing widow and the following members of a large family, Mrs. Langrill, Mrs. Matthews, Durham; Mrs. Merritt, Cochrane; Robert N. Dakota; William, Hanover; James, Walkerton; John, O. Sound; Samuel, Duncan, Ont. The funeral will take place to-morrow afternoon from the late residence of the deceased in the Dowsley block, Scrope St.—Owen Sound Sun.

**TWO METEORITES.**—The meteorite which was so widely seen and heard of on the night of the 13th fell within 2 feet of the verandah of John Shields' house about 3 miles from Shelburne. It weighed 14 lbs and imbedded itself in the ground 18 inches spattering earth against the house. It was dug out Monday and has been on exhibition since in Shelburne. Same night about same time one fell on a stone pile near Tara and says the Chesley Enterprise, burned the stones to lime. It was 3 times heavier than the Shelburne one and took 17 hours to cool. The probability is that the two pieces are fragments of a larger body and in the explosion which was heard each was sent whirling through the air falling miles apart. The Shelburne Economist has called a lot of meteor information showing that the "fall" of these bodies is not uncommon, one a mile in diameter passed over Europe in 1793, and they have been known to sink ships and do other damage.

**"GONE HOME."**—Under this heading the Beardsley News of Aug 18, announces the death at her home in Beardsley, Minn., of Mrs. Thos. Flood, Sr, in her 72nd year. She died Aug. 14, from rheumatism complicated with other troubles. The deceased was well known in Egremont where the family resided for some time, one of her daughters becoming the wife of Mr. Wm. Bone, formerly of this part, while Miss Lizzie Bone became the wife of a son of the deceased. She was born in Manchester England in 1833, came to this country at 11 years of age, resided in Toronto and was there married in 1856 to Mr. Thos. Flood. In 1878 after an expedition of both city and county life, they moved to Minnesota, becoming pioneer homesteaders in Traverse County, but for 14 years they have been resident in Beardsley, with a son and two daughters. Mrs. Flood is survived and mourned by her aged husband, sons, Jas. H. of Wheaton and Thos. of Beardsley; daughters Mrs. Bone, Mrs. Cooper of Seattle, Mrs. Paul of Arthur, Miss Anna at home. She was a consistent member of the Methodist church, cheerful in disposition and a kind and obliging neighbor, and a devoted wife and mother. Old friends here will sympathize with the mourners.

H. H. Mockler's new ten dollar full suits look like \$18 or \$20 Tailor made garments.

The Middaugh House stable is now ready for use and will be run in connection with the House and not as a livery.

**TO RENT.**—The dwelling on Durham Road, second door west of Parafaxa Street containing six rooms, known as Dalglish property. Apply to THOS. OR WM. BLACK

Public and Model School re-opens on Thursday, Sept. 1st. It is very desirable that all who intend taking Junior Leaving or Matriculation work should be on hand at the beginning of the term.

Last Saturday's Globe contained a long letter from Rev. Mr. Farquharson dealing with the decision of the House of Lords in the Scottish Church case, which is causing such a furor in religious circles. The possibilities of forming a precedent for further trouble and the need of statesmanship to avert it is plainly set forth.

**MACHINE REPAIRING.**—This week Mr J. S. Drysdale advises Review readers that he has opened a repair business in Livingstone's shop. Mr Drysdale has had 11 yrs. experience, in fact grew up amongst machinery in Scotland, and any work requiring care and skill may be entrusted to him with confidence. We hope he may succeed.

**REVIEW ACCOUNTS.**—Many of the accounts sent out two weeks ago to subscribers in arrears have been acknowledged and payment made. Those who have not yet responded are requested to attend to the matter at once. An envelope was enclosed to each one with blank form for remittance. Reader if you got one of these (by mail) and have not used it, use it this week.

Ladies' skirts can be bought this week at H. H. Mockler's less than wholesale price. See his ad. for lists.

**A METEOR FOUND.**—Saturday evening about 7 o'clock we were talking to Robt McNally and Ben Cass at the town hall corner when all three saw a meteor shoot through the eastern sky. It was like a ball of fire till it came near the earth when it split into fragments making a display like fireworks. The meteor seemed to fall near this village. The same evening a meteor fell on a stone pile near Tara and burnt the stones into lime. The ball was taken to Tara and pieces knocked out at a blacksmith's shop and one part was brought into Chesley. It looked like granite. The meteor weighed 19 lbs. and took 17 hrs. to cool. Some of the natives around Tara thought it was a chunk of rock knocked off the boulders around Port Arthur by a gun cannon. The scientist would have something to investigate if he was around Tara these days.—Chesley Enterprise.

**THE LATE WM. BELL.**—Little remains to add to our notice of last week. The remains came to town on Wednesday evening, accompanied by 5 or 6 relatives,—for it appears he had relatives, though none of them has ever been seen or heard of here. Deceased had made a will, making Messrs David McKelvey and James Geddes of Egremont, executors. To each of these he bequeathed \$100. Each of two cousins, Swanton by name, sons of his father's sister, got \$200, and what was left goes to two other cousins, Bell by name. The estate it is estimated is worth nearly \$5000. Mr A. H. Jackson, who had made the will and had it in keeping read it at the grave in the little Ebenezer cemetery on Thursday. The funeral took place from the Krebs undertaking rooms, where the remains rested Wednesday night and he was buried with Orange ceremonies by his own lodge.

**EXAMINATION RESULTS.**  
Tuesday this week Principal Allan received the results of the Junior Leaving Examination and the following have succeeded in passing:  
Jr Leaving—Bella Binnie, Charlie Farquharson, Maggie Grant, Kate McDonald, Annie Petty, Bertha Wilson.  
Jr Matriculation Standing—Clara Aljoe, Bella Binnie, Charlie Farquharson, Maggie Grant, Kate McDonald, Annie Petty, Bertha Wilson.

Twelve wrote for the Junior Leaving and though the number passed is not a large proportion, still, considering the character of the papers and the slaughtering that has taken place throughout the province, it is creditable. The results are not now published, and comparisons cannot be made. Hanover, we hear, has passed one out of five, and over the province less than 50 per cent have passed.

The division of the Model School Students for the county will be made this week and we expect to be able next week to announce the number likely to attend.

**CEMENT IMPROVEMENT.**  
Some changes are being made at the Cement works this week which promise interesting results. Engineer Hassan of the Hull works is in charge and the expectation of the Board who has given him the contract is that without using more coal or more men, the improvements will enable the mill to turn out 150 barrels more a day. Last week the average was 1024 bbls. a day, Saturday's output being 1090. We regret to hear that Mr McKechnie has resigned the position of Treasurer, and hope he may be prevailed upon to reconsider.

### DURHAM'S SPORTING EVENTS.

Wins at Baseball, Loses at Lacrosse.

Thursday last a Mt. Forest baseball team came to town to try conclusions with our locals and one of the best and most attractive games of the season resulted. The visitors made a brilliant opening and for the first three or four innings it seemed as if Durham was outclassed for at the end of the third innings the score stood 6 to 0. By this time, however, it was noticeable that Durham was becoming steadier, and when by some brilliant batting by Theobald and Livingstone in the 4th innings three runs were secured, hope for victory was aroused, and excitement rose to a high pitch. Further on Durham got 3 more, evening up, but hope fell when in the 8th innings the visitors got around three times making it 9-6 in their favor, and still playing a vigorous game. But there was vigor in the Durhams too and they went to bat with a do or die feeling and succeeded amidst great enthusiasm in scoring 4 more making it 10-9 in their favor and not a man out.

Moncrieff, 2nd base man for the visitors, is a first class roofer—and a good player—and got nicknamed "Shaggy" by the crowd. The joke of the game was his action in the last inning: with the idea of making victory sure he took the pitcher's place sending him a-field, and Ludlow and Matheson seemed to think they had a snap, for they "got on to them" easy and sent them long grounders good for a whole run. "Shaggy" slunk back to his place, and his charter ceased for a while, but not Durham's winning streak for they got two more making the 10 in all.

Had the game continued Durham would have done even better for it was plainly seen they were getting better. Durham's battery—Theobald and Matheson—is hard to beat. The former made a clever "put out" between 2nd and 3rd. He flung the ball to second, the base runner bolted, Theobald at his side looking over his shoulder for the ball, which came surely, and the man was "touched".

No lacrosse game this season evoked more interest, and such brilliant players as Livingston, Seigner, Ludlow, Smith and others we don't know, have the making of a first class team. Dr. Holt, generally a splendid batter, seemed out of practice or could not get on to the enemy's curves.

The umpire had to stand a good bit of chaffing, but his decisions were well believed given fairly, though from the hill occasionally they appeared "away off".

#### LACROSSE AT HANOVER.

Friday evening last Durham and Owen Sound struggled for victory in the district championship, and Owen Sound has succeeded in getting into the semi-finals. Both teams have played good lacrosse during the season, consequently the deciding game evoked a tremendous enthusiasm. Friday would have been a bad day to take a census in Durham, and Owen Sound sent several hundreds by train.

The game opened about 4 p. m., and the Sounders found themselves in trouble for at the end of the first quarter Durham had 1 goal, the other none. The second quarter showed some splendid playing on both sides, but neither reached the nets. In the third quarter, Durham made it 2 to 0, and the visitors were in the dumps, to be relieved somewhat before the whistle blew, by getting their first goal. The last quarter found Durham on the defensive and anxious for the whistle. Many shots were stopped by vigilant Charlie Lavelle, but one he missed and the visitors tied the score, the full time ending 2-2, but O. S. plainly fresher. The tie must be played off however, and the teams lined up, and the fortunes of war from whatever cause gave the game to the Wellingtons, and Durham was out of it for this season. They have made a good fight however, better, but by the skin of their teeth, and if the same aggregation could be held for 1905 they would be hard to handle.

The victory was won by endurance, the result of more practice than our boys have had or possibly can have. It was won however and congratulations are theirs, and the same may fittingly be extended to Durham team for the excellent record made.

#### THE WESTERN EXODUS.

Durham Station, Tuesday morning, presented an unusual bustle, the occasion being the Harvesters' Excursion to Manitoba. No fewer than 35 purchased their tickets from Agent MacFarlane, a large number being young men, the flower of our country. From many stations in Ontario similar crowds were going and many of these will no doubt swell Manitoba's population permanently at Ontario's expense. We append a list as far as we know of those leaving: John Aldred, Sr., for Grenfell, Assa; Walter McCrie, Jno Gray, Lauder Buchan, Fred Glass, Allister Gordon, Howard Lawrence, Wes. Arnott, Thos Keys, Jas Morrice-J. Wilson, Bert Whitmore, D. McKechnie, Antony Turner and son and daughter, Oscar and Ella, Robert Turner, Robt. Brigham, Willis, Mrs. Nichol and two children on a visit to her mother, Mrs. McAnulty, Mr. and Miss Quinn, Mrs. R. Pettigrew, Mrs. S. Stewart and daughter, and as mentioned elsewhere, Mr. and Mrs. Jas. Carson. From Dromore way goes Jas. Lester, son and daughter of Mr Pinkerton, 16th Con. and two sons of Noble Wilson, Boothville.

### LABOR DAY DEMONSTRATION.

Arrangements are made for a big day in Durham on Monday, Sept 5.—Labor Day—under the auspices of the S. G. Agricultural Society. Baseball, Lacrosse and Football matches, races and other sports, healthy amusement for old and young, will be provided. The Society is giving good prizes for the events and are bound to make their big celebration a success.

Watch for posters giving further announcements.

Admission 25c and 15c. Proceeds to be applied to the improvement of the grounds.

Promenade Concert with good talent in the rink in the evening.

**CATTLE STRAYED.**  
From Lot 1 of 24, Con. 1, Sullivan, two miles North of Dornoch, about August 9th, a pair of year-old steers; one spotted light red and white, other dark red with a few spots of white. Information that will lead to their recovery will suitably be rewarded. 34-3 WM. DAVEY, Prop.

### DURHAM CEMETERY.

**SEALED TENDERS** will be received till the 31st day of August, 1904, for the erection of a residence for the caretaker of the Durham Cemetery, at J. P. Telford's office, Durham, where the plans and specifications may be inspected.

A. S. HUNTER, Chairman Com. Dated the 22nd August, 1904.

### MACHINE REPAIRING

I wish to intimate to the Public of Durham and vicinity that I am prepared to repair all kinds of implements and machinery. Farmers or others wishing implements or machinery repaired, please notify me and I will be pleased to call. Will be found at LIVINGSTONE'S SHOWROOMS. Orders left in my absence will receive prompt attention  
TERMS: Strictly Cash for A1 Work
