Write to the Principal, W. J. Elliot, for a catalogue if you are interested in a first-class business education.

Saturday last while shooting at a cat, Mr. E. Kinne unknowingly sent some shot into Mr. Albert McClinton as he was working at his woodpile. One or more went into the fleshy part of the arm and some into his side and back. No serious result is likely to follow an untoward accident which might have been serious enough.

The Government is sending out groups of cavalrymen to the fall fairs for the purpose of teaching the farmers what class of horses are required for cavalry work. Chatham is the centre of a good stock raising district, and a visit of the cavalrymen to our town would prove an attraction to the fall fair and a profit to horsemen.—Banner.

THE LATE MRS. ROBERTSON.—The death of this lady was recorded in the REVIEW last week, but unfortunately this was omitted in an introductory paragraph giving the local connection. The account of her life and work was taken from the "Kansas Democrat," published at Hiawatha in that state, and the deceased was a sister—Margaret—of John and Adam Weir of Glenora. This would be grasped by some readers, but many would need this explanation.

CEMENT WALKS.—The cement gang now in town are making good progress and their work, under Inspector Davidson is giving good satisfaction. The new piece of walk on Lambton St. was used Sunday for the first time and elicits favorable comment. Cement walks have also been put in at school and when the levelling and terracing at present under way is done, there will be opportunity of having the school surroundings "nicer than has been."

To a merchant who professed to be making money without advertising, a periodical devoted to the interests of merchants says: "If you are really making money without advertising you must have a pretty good sort of business, the putting of which before the public in a proper manner, through the newspaper, would surely make money faster for you." No business can be permanently increased without legitimate advertising. One might as well keep their store in darkness as not to keep their goods before the public.

PRIZE LISTS.—The Prize Lists for the South Grey Fall Show have been out for some time. Parties interested can get one in most of the stores or from Secy. A. Davidson, who will be glad to supply them and receive entries. On Thursday, Sept. 22nd, and again government judges will judge in the live Stock classes. Farmers, their wives, sons and daughters should peruse the list and from public spirit as well as the inducement of liberal prizes, should determine to be represented. The management offer prizes in good faith—the community must compete. An extra effort is being made this year to have musical features during the day and elsewhere will be seen that splendid provision is made for a concert at night.

ORPHAN'S HOME.—Saturday last the formal opening of the I. O. F. Orphan's Home took place at Deseronto, under brilliant auspices. The idea is the latest development of fraternal insurance work for the orphanage is to be open to the orphans of deceased Roman Catholics only. Dr. Chas. G. G. Supreme laid the stone, and to his efforts is to be largely attributed the origin and success of the venture. The Ontario Government, the Colleges, both Dominion and Local houses, educationalists and other public men in Canada and from the States were represented. This latest form of Benevolence will in time show fruit equal we hope to the highest conception of its founders, there may however just be room to suspect that in some quarters the prospect of this paternal care will lead parents to their less solicited than they should be of their offspring's welfare.

Come to Durham, see all the matches, and enjoy yourself next Monday, Labor Day.

The Middaugh House stable is now ready for use and will be run in connection with the House and not as a livery.

A FINE STORE.—Mr. R. MacFarlane has torn out partitions and otherwise modified the rear of his drug shop to make more room and you'd hardly know the place now. Before Show day he will have it looking spic and span.

Dr. Moffat, the veteran agent of the Religious Tract and Book Society will hold his annual meeting in the Baptist church on Friday evening at 8 p. m. A cordial invitation is extended to all to hear the venerable gentleman on his beloved work.

SMASH UP.—Tuesday last the G. T. R. afternoon train came to grief by derailling near Palmerston. The line was cleared but a mail got in till 10 o'clock and Postmaster Smith kindly allowed open doors to receive it. We have not full particulars but no serious injury resulted.

STRAFFORD HORSE SHOW.—Every thing indicates that the Stratford Horse Show will be a great success. The days fixed are 23rd & 24th September and if weather is favorable a treat is in store for the public generally. The Stratford people with commendable enterprise have subscribed nearly \$1200, and the prize list reaches \$1500.

Egremont Show. "The World's Fair" takes place this year on Tuesday, Sept. 27, and it is expected that the successes and perhaps more, of former years is to be repeated. Over 2000 people turn out to this, best of township shows, and this year's officers seem determined to maintain its splendid reputation. Send to or call on Secy. Treas. and Secm. Holstein for a Prize List. The School-Drill competition so successful last year is to be repeated.

ALL ARRANGED.—The concert committee of the Public Library have about completed arrangements for their Grand Concert in the Town Hall on Thursday evening, Sept. 22nd. In addition to the brilliant talent Miss Mae Dickenson, Mr. Jas. Fax and Mrs. Newton, they have secured the services of an orchestra and may yet add other features to make it a still more brilliant affair. Those coming to the show should be especially anxious to stay. They will be rewarded.

The most prosperous town is the one where there is the greatest evidence of loyal pride. It doesn't require mansions and great lawns and the trappings of wealth to make a prosperous town or city, but order, cleanliness and the evidence of civic pride are absolute essentials. The neat, clean, well-kept home, with the evidence of personal interest, clean streets and back alleys free from rubbish, the things that may be possessed by all save the really unfortunate, are the things which make a large measure, its prosperity depends.—Exchange.

MRS. W. L. FAIKINGHAM.

A painful duty at any time to record death, the feeling is intensified when one must record the removal of a suddenly of a loving wife and a mother still of inestimable value to six young children. Wednesday last at her home at Hayward's Falls, Mrs. W. L. Faikingham was in usual health attending to the cares incident to home and family. Thursday at 10 a. m. she was gone. During the night she was taken ill the cause being premature childbirth. Drs. Gun and McDonald were summoned but the precious life could not be preserved, death was in the cup, and now only a memory remains, but that to those who knew her best is precious and will always be valued.

The union thus so rudely severed, was consummated 15 years ago in the Methodist Church of Selby, England. Deceased was a Miss Wright, and 3 brothers and one sister in the old land half years ago the young couple came to Canada, and in that time they endeared themselves to the community. Deceased was very public spirited, a clever musician and gave freely of her talent for concert and church work and in other public ways. She was a true help meet indeed in all her husband's concerns and in the domestic sphere generally was the soul and life. Ever kind and attentive in cases of sickness she will be deeply mourned by all for this and other neighborly features and the gap caused by her death will not be easily filled. The eldest child is a girl of about 14. In common with the whole community we extend to husband and family deepest sympathy, trusting that Divine strength may be given to sustain the great trial.

The funeral on Sunday was very largely attended, her pastor Rev. Mr. Colling, in Zion Church, making appropriate and touching reference to the deceased.

LABOR DAY.

This new holiday will be observed in Durham on Monday next by a day of sports and music in the Agricultural Park, at the very moderate admission of 15 cts. Cricket, Lacrosse, Quoits and Baseball matches are arranged for and a special prize of \$15 for the best Football team in the four townships. The proceeds are for the the very laudable purpose of improving the grounds. Lay aside all care for an afternoon and don youthful spirit if you are old or middle aged and see youth and beauty mingle. See large posters for further particulars.

LACROSSE NOTES.

The Southampton Lacrosse Club had their championship ambitions dispelled by the Owen Sound Wellingtons who defeated them on their own camping grounds yesterday by 7 goals to 4 in the first semi-final game. The return match in Owen Sound Friday will likely be a walkover for or a default to the Wellingtons.

Chatham trimmed the Lornes of Mt. Forest last week 5-4 on the Lornes' green and 8-0 before that at home. Today, Wednesday, Chatham and Orillia play their first match for the intermediate finals.

Owen Sound Greys and Seaforth are battling to-day, Wednesday, at Stratford for the district championship.

S. GREY'S FINANCES.

The Globe has been getting at the financial condition of the country by securing from Registrars statements of their business as an index to the prosperity of the country. The tone of the reports is generally optimistic, and we quote that of Registrar Lauder, of South Grey:

"The mortgage indebtedness in this district is decreasing. In 1901 the aggregate of all mortgages was \$620,671.65; in 1902, \$598,207.02; in 1903, \$548,531.42. The discharges in 1903 were 568, in 1902, 526. The rate of interest is from 1 to 2 per cent lower than it was ten years ago. The majority of new mortgages placed are for the purpose of paying off old mortgages drawing a high rate of interest and, of course, a great many are given in part payment for property purchased. The holdings of the farmers are becoming larger, if there is a move in either direction. Usually the acquired property is paid for partly in cash and partly by a mortgage on the required property, sometimes all in cash, but seldom by placing a mortgage on the other holdings. It is difficult to say how the farmers invest their savings, but as a rule by improving their farm and the quality of their live stock, while not a few have bank accounts."

Inspector Burgess, who returned this week from a five week's visit in Southern Manitoba, speaking of the crop conditions published, says that the alarmist reports about rust—black and red—originate with grain speculators who want to depreciate the value and buy at low grade prices and sell at a grade or two higher. From a personal inspection in miles and miles of wheat fields, in company with practical farmers, he says that while an occasional sign of rust could be seen on the blade or stock, the grain was simply magnificent—strong in straw, long heads and plump grain. Many of the fields will run forty bushels to the acre, and not a little has been sold at seventy-two cents a bushel before it is cut. The harvest will be from a week to ten days later than usual but he looks for the most plentiful results. This means much for eastern Canada as well as the west, and Owen Sound will share in the general prosperity.—Owen Sound Times.

In every paper we pick up we're sure to find a lot of silly gush about the man who is behind. There is the man behind the counter and the man behind the gun, the man behind the buss saw and the man behind his son, the man who is behind the times, the man behind his rents, the man behind the plow shares, and the man behind the fence, and the man behind the whistle, and the man behind the bars, the man behind the kodak, and the man behind the cars, and the man behind his lists, and everything behind nothing is entered on this list. But they've skipped another fellow, of whom nothing has been said—the fellow who is even, or a little way ahead; who always pays for what he gets, whose bill is always signed—he's a blamed sight more important than the man who is behind. All we editors and merchants and the whole commercial clan, are indebted for existence to this honest noble man. He keeps us all in business and his town is never dead; and so I take my hat off to the man who is ahead.
