INTERNATIONAL LESSON NO. XII. SEPTEMBER 18, 1904.

Isreal Reproved .- Amos 5: 4-11.

Commentary.-I. A lamentation for Israel (vs. 1-3). Because Israel continues ground, unable to rise, having none to assist her. The prophet also declares that the strength of the nation was to be reduced to one-tenth of what it then made in the height of the prosperity secured by Jeroboam H. would naturally the earth may bring forth its fruit; that be a startling one to those who heard strengthening the conquered and makes

II. An exhortation to seek God (vs. 4-6). 4. Seek ye me-Cease your rebellion against me, return to me with all your heart, and, though consigned to death, ye shall be rescued and live. Deplorable as your ease is, it is not utterly desperate.-Olarke. Shall live-Shall escape the threatened destruction. 5. Seek not Bethel-At Bethel was one of the golden calves Jeroboam had set up. At this I Into captivity-The prophet shows them | hosts. that all hope from these idolatrous al tars is vain. Gilgal and Bethel are doom- this lesson. Cotton Crops.

New Orleans, Sept. 12.-Secretary Hester's annual report was issued in full yesterday. He puts the cotton crop of Toledo 113 1903-04, at 10,011,374 bales, a decrease of 716,185 under that of 1903. He says that ures the crop of Texas, including Indian Territory, has increased 45,000 bales. The crep of the group known as other gulf States has declined 430,000, and the 32,000. The average commercial value of \$44.52 last year, and the total value of the crop at \$617,501,548, against \$480,770,282 last year.

Mr. Hester says that while the crop is smaller by seven hundred odd thousand bales than last year and is less by 1,263,000 bales, than the crop of 1898-99, which was the largest ever marketed, it has brought a better return in money values than any ever produced in

Miss Hapgood tells how she was cured of Fallopian and Ovarian Inflammationand escaped an awful operation by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - I suffered for four years with what the doctors called Salpingitis (inflammation of the fallopian tubes) and ovaritis, which are most distressing and painful ailments, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation." - MISS IRENE HAPGOOD, 1022 Sandwich St., Windsor, Ont.

Ovaritis or inflammation of the ovaries or fallopian tubes which adjoin the ovaries may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the side, accompanied by heat and shooting pains, should claim your instant attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from

"DEAR MRS. PINKHAM: - I can truly say that you have saved my life, and I cannot express my gratitude to you in words. "Before I wrote to you telling how I felt, I had doctored for over two years steady and spent lots of money in medicine besides, but it all failed to do me any good. My menses did not appear in that time, and suffered much pain. I would daily have fainting spells, headache, backache and

bearing down pain, and was so weak that it was hard for me to do my work. "I used your medicine and treatment as directed, and after taking three bottles of Lydia E. Pinkham's Vegetable Compound, menses appeared, my womb troubles left me, and I have been regular ever since. I used fourteen bottles of

Lydia E. Pinkham's Vegetable Compound and Blood Purifier together, and am now restored to perfect health. Had it not been for you, I would have been in my grave. "I will always recommend your wonderful remedies, and hope that these few lines may lead others who suffer as I did to try your

remedies."-MRS. T. C. WILLADSEN, R. R. No. 1, Manning, Iowa. Such unquestionable testimony proves the power of Lydia E. Pinksham's Vegetable Compound over diseases of women.

Women should remember that they are privileged to consult Mrs. Pinkham at Lynn, Mass., about their illness, entirely free.

Toronto Farmers' Market.

is expected. Values are firmly held in country as a moral question by itself.

At Quebec the opening of the Exhibition brought a number of country buy- tions, through which the party machine ers to town, and, as a result, wholesale | controlled the selection of candidates. usiness shows more activity than the

There has been some improvement in wholesale trade circles at Hamilton this week, as reported to Bradstreet's. The sorting demand in various departments of business is picking up, and large shipments are being made. The outlook for our iness is promising.

London wholesale trade is very satisfactory, and the volume of business compares well with previous years at this

At Victoria and Vancouver trade conditions are satisfactory. The outlook for business is good. The movement to interior points during the next few weeks promises to show a good increase. The outlook for business seems to be very encouraging.

As the harvest progresses increasing interest is being shown in Winnipeg business circles in the final crop results, as much in a trade way depends on the crops. There have been many unfavorable reports, but they have come, to a large extent, from isolated sections and do not represent, as a whole, the general conditions of the wheat crop. The demand from trade centres in the province for staple goods continues to expand in a good many departments, and there is confidence manifested in the future business conditions. Values are firmly held for staple goods.
