McArthur. Remember the date.

**THE JUBILEE SINGERS.—**Monday night the Hall was filled by concert lovers to hear the famous colored "Imperial Orchestra," and they were not disappointed. It was under the auspices of the I. O. E., whose Secy, Wm Johnston, Jr, was indefatigable in working it up. There were 9 performers, with violin, cornet, slide trombone, tamborine, drum, etc, with voices of varying excellence appearing to splendid advantage in unison work. There was a quaint and not unpleasing mixture of sacred and secular in their songs with a dash of humorous play now and then. They had books for sale with the songs, and one can give the plantation melodies like the negro, and these would be even better could words always be made out. Marie Dorsa has some pretty feats of voice and Overstreet as basso is as good as Kelly. There were numerous encores graciously responded to. The proceeds amounted to over \$80.00 and the Society will have a nice sum to their credit.

**ARCH. BUTTER DEAD.**

### SOUTH GREY SHOW.

Splendid Weather—A Great Success.

South Grey Fair is a child of fortune as far as the weather is concerned. For many years the sun has shone upon them literally and metaphorically. Judged by the gate receipts, another record has been made, the collections there amounting to \$43,000. Wednesday was a little chill but bright. Thursday was ideal and South Grey turned out as never before to see—and be seen. President Binnie, Secy. Davidson, and the Directors are to be congratulated on the splendid success.

**The Hall.**

A feeling of disappointment must be admitted at some of the lines of this department. The grain was slim in quantity but quality fair. A dispute we believe is in progress as to whether one of the wheat exhibits was fall or spring wheat. Field roots were up to the mark, possibly excepting potatoes, especially cut ones, were beautiful, but less in quantity than usual. Fruit has been better, but there was certainly some very fine lots: Jas. Burt's apples were dandies. Butter entries were not numerous, but the quality was never better. In the bread classes there was keen competition, and the judging must have been difficult. Pies, cakes, biscuits, &c., were in profusion and would have tempted the teeth of a stone man. The ladies' work showed a falling off in quantity, though one of the judges assured us it was of high quality.

The collection of Photos exhibited by Mr Fred Kelsey was artistically displayed and was the most striking feature upstairs. The work itself was varied and of a high character and reflects credit on Mr Kelsey as a photo artist.

The fine Arts display had a few gems which stood a good look, and makes one wish for a larger exhibition in this line.

Certainly the most unique feature of the Hall was the magnificent display of the No. 1, Glenelg, and his pupils. The mounting was artistically done, and the effect of the preparation of the beautiful exhibit on the minds, morals and aesthetic tastes of the pupils, must be most salutary. One of the government Judges spoke of it as one of the best things he had seen in the Fairs this year. We want Mr Firth to display it somewhere in Durham for a fuller look.

Mr John Livingston and some of the Oxford Separators on exhibition, and they were critically and favorably examined. So were his Singer Sewing Machines, Planos, Robes, &c.

The Durham Furniture Co's exhibit was a revelation, and one does not wonder that repeat orders come frequently. A wine colored dressing case and stand, was, to us, the most classic production we have seen for a long time.

Barclay & Bell show a remarkably fine lot of Stoves and ranges, some of them adapted for coal or wood. They are ready for the cold season just approaching.

Baker Stinson had an attractive case of cakes, buns, &c., showing good work in his line.

John Clark on the grounds had exhibits of Wilkinson Ploughs, Washers, Wind-mills, &c., which received much kindly notice.

The Edges, as will be seen, were large prizewinners, Robert taking 23, and Dan about 21. Wm Mountain had numerous entries of high class fowl and has a grist of tickets, C. C. McFayden and Oliver Hunter also figure well in this class.

The Cattle classes were very comfortably housed in the new sheds. A. S. Hunter's Herefords, received many prizes and 11 Durhams shown by Scott & Sons were also honored. The sheep classes were in our opinion never better and that is saying a good deal. Swine we think, only excelled once or twice some years ago.

In the horse classes there was keen competition and progress and we believe is being made in working into a class of horses that will take the eye of horse buyers. It is admitted that several districts near by are ahead of us in this respect, and it behooves horse breeders to make a study of this subject and use only the best, for in the near future Canada may be called on largely for the military type of the equine.

The Directors are to be congratulated for their action in providing a fine new flag, and in their efforts to keep the grounds free from fakers.

**Races.**

The racing was a feature of the afternoon and "they say," some of the best racing ever done on this track was seen. This can be believed when we say the track record was broken twice, first by Annie D 2.24 in 3rd heat of the open race, and again by Vicky Klock 2.22 in last heat. In this last heat Vicky was given 2nd place for foul driving, otherwise she would have won first prize. The Starter was W. Caldwell, and Judges W Black and W D Mills, the latter of whom has kindly furnished us with the results.

**2.35 Class.**  
1. Hattie Ferguson—T Corbett, Teeswater. 2. Billy F—Bell & Lettner, Walkerton. 3. Cynisca—John Reid, O. Sound. Best time 2.49.

**Open Race.**  
1. Annie D.—Ike Stanley, Paisley. 2. Vicky Klock—Jos. Vick, O. Sound. 3. Kennedy Wilkes—Bell & Lettner, Walkerton. Best time 2.22. Track Record.

**Farmers' Trot.**  
1. King W—A Noble. 2. Browne—J Wells. 3. Gen. Prim—R Morice. Time 4.90.

### HOLSTEIN SHOW.

Over 2500 People.

Tuesday was an ideal Fall day and admirably adapted for an outing, and from all corners of Egremont and over its borders came between two and three thousand people to attend the "World's Fair."

The exhibits were of a high class in most departments there being no fewer than 572 entries, comprising horses 86, Cattle 60, Sheep 31, Swine 11, Grain and Seeds 22, Roots & Vegetables 102, Fruit 30, Fowl 16, Dairy 27, Manufactures 40, Ladies' Work 128, Fine Arts 7, Flowers 13. The Ladies' work in Quilts and mats was altogether unique in its extent and variety, the edibles showed first-class house-wifely skill, and the floral display was excellent. Don't think we ever saw such a fine display of foliage plants as that of Mr J. C. Adams.

We are holding the prize list till next week taking space merely to give a few notes. President Wm. Allan, Secy Seim and Mr W. J. Sharp, gave ye editors every courtesy and they have our thanks. Mr Seim has proved a worthy successor to Mr Petrie and the President says he has a noble band of Directors. Certainly everything goes like clock work, but they should at once arrange for a two day show, and do hall judging on first day.

Next week we will give a more extended notice, pressure of space and business compelling us to "cut it short."

Mr H. H. Miller was on the grounds and as the candidate supporting the best government Canada ever had, as well as for his own abilities and good qualities, was very warmly received. He has aroused a warm feeling in Egremont, such as it has not known for some years. It will give him a rousing majority. Mr McKinnon was also meeting with friends.

The Comfort soap races elicited much amusement and the girls' race was won in the following order: Ida Harbottle, Vaddie Caldwell, Bertha Harvey.

The pleasure of the day was not a little enhanced by the presence of two skilled pipers, in national costume, Alex McGregor and son, the former being piper-major of the 91st Highlanders, Hamilton. Alex, Jr., gave some excellent dancing also which were loudly applauded.

Many compliments were paid to the beautiful music, excellent in time and harmony. We wish we could hear more of them.

And the crowd on the hill enjoyed it all, chaffed and laughed when they had a chance, which was not too often we venture to say, and we think the Directors might expand on this line. The experience of this year, its success, and the evident thinking going on, should make the show of 1905 something to look forward to.

Secy Davidson and the Directors were courteous itself and here's to them that they may always have their show on a Thursday, and have just such weather.

**The Concert.**

Of this feature we could say much but need say little. Miss Dickenson's charming personality and performance was thoroughly enjoyed as of old. Mr Fox's humor ever pleases, never becomes stale or repulsive, and though he has been here 6 or 7 times there is no weariness with his work. Mr J. P. Telford in fine form and voice rendered a pleasing solo "The Heaving of the Lead." Mrs. Newton's accompanist and instrumentalist was as usual a taking feature, and the McGregor's with piping and dancing made splendid variety.

The Hall was filled in every corner, and perhaps 150 turned away. The Committee in charge—Pres. John A. Graham, Secy. C. Ramage and Mr. J. P. Telford are deeply grateful for the credit of the Public Library for the generous support given to their first concert.

The two officers had no light burden in the preparation necessary and they feel a natural pride in being able to pay all expenses and deposit \$31.00 to the credit of the Library, amongst the largest balances we believe ever left in town after a high class concert.

Mr and Mrs Fred Runciman two members of the orchestra promised, were on hand faithfully. We have not yet learned what detained the other three. Their failure to appear gave the
