HYMENEAL

The home of Mrs. Picken Sr., 2nd con. Bentinck, was the scene of a pretty wedding at 4 o'clock on Wednesday afternoon of last week, when her only daughter Sarah D., was united in marriage to Wm. J. Ritchie, second son of Wm. Ritchie of Bentinck. The ceremony took place under a beautiful arch of evergreens decorated with ferns and pink and white asters. The marriage ceremony was performed by Rev. Mr. Farquharson. The beautiful bride was given away by her eldest brother John and was handsomely gowned in white lustrous and carried a bouquet of white asters. She was attended by the groom's sister, Miss Sarah E. Ritchie who wore a becoming dress of pink dainty and carried pink asters. The bride's brother Will supported the groom. The bride's niece, Jeanie Picken acted as flower girl and carried a basket of ferns and sweet peas.

After the ceremony and congratulations a repast of rare excellence was served in the dining room which was tastefully decorated with ferns and flowers. About fifty relatives of the bride were present. Those from a distance were: Mr. and Mrs. Robt. Ferguson, Ferguson; Mr. and Mrs. Green, Arthur; Mrs. Moore of Teeswater and daughters Miss May and Jennie. The bride was the recipient of a number of beautiful and useful presents showing the esteem in which she is held, among which were two pound notes from the old country, a bed room suite, dining room table, 2 doz dining room chairs, gasoline cook stove, parlor table, easy chair, 2 parlor lamps, glass set, gold table covers, 2 parlor table covers, 2 lace curtains and poles, carving set, 1 doz silver knives and forks, silver butter dish, 2 silver pickle cruets, silver pickle fork, silver berry spoon, fancy cushion top, set smoothing irons, glass set, gold edge berry set, two dollar bill, clothes horse. The REVIEW extends hearty felicitations.

By our Scotch Town Correspondent. The home of Mr. and Mrs. Joseph Boak, at Fairview, King Township, was the scene of a pretty wedding on Sept 29th, when their only daughter, Miss Elizabeth, was united to the man of her choice, Mr. Archibald M. Beaton, Jr., of Glenelg Centre, the Rev. W. Ebersole, of Schomberg, officiating.

The drawing-room was beautifully decorated with asters and ferns. The bride was given away by her father, and wore white swiss organdie, her bridal veil being arranged over a wreath of aster blossoms, a cluster of which she also carried. The bridesmaid, Miss Edith J. Stewart, of Loch Eren, wore muslin and carried pink flowers. Miss Laura Simpson was flower girl. Mr. Wm. Beaton, cousin of the groom, was best man and looked red cute. Mrs. Robert Gallagher, of Poplar Grove, played the wedding march. The bride was the recipient of many useful and valuable presents.

The spread in the dining room was of the richest and in plenty. The wedding cake was delicious as we were honored with a slice of it and know a good thing when we get it.

Mr. and Mrs. Beaton are now snugly settled in their home at the Centre, and we join their many friends in wishing them their share of everything good along with prosperity.

FALL FAIRS.

TOPICS OF THE WEEK

The date of the election is being eagerly looked for and may be known before this reaches our readers. All signs point to the end of October, possibly the 31st, as the date.

The Japs and the Russians quite heedless of the South Grey Shows in progress, keep scrapping away in bloody fashion. Several important forts have been captured and Port Arthur's finish must be near. Russia won't believe she is beaten yet and is raising another army of 300,000 men to send east to stem the tide of defeat and no doubt to swell the sea of blood which has drenched the plains of Manchuria.

Hon. E. J. Davis was unseated in N. York for bribery by agents. This lops another off the Ross majority and with the speaker in the chair the two parties are tied. When things are at their worst they begin to mend and we shall see things presently under one or the other leader. Later we learn that Dunlop, of N. Rentrew, loses his seat and Little of North Norfolk meets the same fate.

PASSING PIONEERS

On Sunday last all that was mortal of Thos. Turnbull, was laid to rest in Saugeen Cemetery, a large company of friends and neighbors paying the last tribute of respect. Rev. Mr. Farquharson conducted the services and six nephews acted as pall bearers: Thos. and Robt. Torry, John and Thos. Turnbull, George and Jas. Turnbull. Deceased was born in Scotland on March 7, 1828, died Sept. 23, 1904, and came to this country with his parents back in the early 50's. He lived with his parents until they died. Coming to Bentinck first, they lived for some years in Glenelg on the farm now owned by Mr. Geo. Binnie, and later went back to Bentinck, near Vickers. Of the family there remain, William in Scotland, George in Bentinck and Robt near Port Elgin, two sisters, Mrs. Foreman, Durham and Mrs. F. Torry, Bentinck. For the last few months he has been laid up at his nephew James', though for some years he was in delicate health. In religion he was in Presbyterian though latterly he was not able to attend services.

Another of the early settlers passed away on Monday in the person of Mrs. Pinder of Orchard. She was a sister of the late Samuel Orchard and was one of a family of ten who came with their widowed mother to make a home in the then "Queen's Bush." She married a few years afterwards Wm. Pinder of Guelph, who preceded her to the great beyond about 6 years ago, also one daughter, Mrs. W. Dodds. Her remaining children are one son Wm. residing at Orchard, Mrs. Alex. Atkins and Miss E. Johnston of Egremont and Mrs. Harry Caldwell of Dauphin, Man. She was a lifelong member of the Methodist Church and was a very consistent Christian character. The burial took place on Wednesday at Maplewood cemetery.

A NEW CAR FENDER-Mr. J. J. Heffernan has turned inventor and has applied for a patent for an invention that may bring him both wealth and fame. The article so invented is known and described as a car fender. It is intended as an attachment for street cars, and if it does what it is expected to, it will prevent cars from killing people when they run into them. The street car fender at present in use, does not do this. If the car had no fender at all, it would run over the man who gets in its way and mangle him all up. The fender prevents the mangling, but the man is killed all the same. Usually he is lifted off his feet and dumped backward so that his head strikes the car. Heffernan's fender is so constructed that when the fender strikes an obstruction it automatically shoots out and lifts the car over the obstruction. Falling on a fender of this kind is like falling on a feather bed. If it turns out in practice as it appears in theory, it will no doubt be adopted by street car companies all over the country, for something of this kind is very much needed.—Telescope.
