Newton, Durham, Revd's Budge and Brownlee with Mrs. Newton will sustain the musical part. Admission 25 cts.

**TEACHERS' CONVENTION.**—The Annual Meeting of South Grey Teachers was held in Markdale on Thursday and Friday of last week and was very successful. Other engagements prevented us from being present, much to our regret, and having no formal report at hand we must content ourselves this week with brief reference. The President chosen last year Mr. Baker, being out of the district, his place was taken by Vice Pres. Miss Forfar, of the Durham High School staff, and very high compliments are paid to her clever occupancy of the chair. Insp. Campbell is the new President, Mr. Allan is again Secy. A member of the Mesford High School staff was present, and gave valuable assistance. All the teachers we have seen speak of it as a very helpful session, and think Markdale is a fine village.

### REFORM MEETINGS.

Public Meetings in the interests of **H. H. MILLER,**  
The Reform Candidate for South Grey, will be held in EGREMONT and NORMANBY as follows:

HOLSTEIN Hall, Monday, Oct. 10

### MILLINERY OPENINGS.

We made our semi-annual call on the milliners whose fall openings were announced last week and found no deterioration from past efforts but rather an advance in all that pertains to the aestheticism that attaches to feminine headwear. Prices too were credibly informed were cheaper than before and even beats Toronto in this respect. Toronto may have more variety, but we think any woman is unnecessarily fastidious if she cannot suit herself with the stock and the skill at her command in Durham.

Mr. S. F. Morlock  
Miss Hall is in charge here and the business done warrants the belief that she is a worthy successor to Miss Sweet. The stock is still large and varied though they have been going every day.

Miss Dick  
Again the Lambton St rooms are radiant with fine goods artistically put together and in form and color blending to the aestheticism that attaches to feminine headwear. Prices too were credibly informed were cheaper than before and even beats Toronto in this respect. Toronto may have more variety, but we think any woman is unnecessarily fastidious if she cannot suit herself with the stock and the skill at her command in Durham.

Mr. Jas. Ireland  
Miss Denholm, last year's milliner, is at her old post, and has as before surrounded herself with very attractive shapes, which are meeting with popular favor, even more than last year, which is saying a good deal.

Small moderate sized and very large hats are displayed. There are toques, continentals, turbans etc., and picture hats while for street hats the New York sailor is well to the front. The crown from 3 to 4 inches high is most favored.

Our space forbids more extended notice this week but we confidently recommend town or country customers to visit the artistes named and see for themselves the skillful work and pretty millinery effects.

Chatsworth had a small fire last week in which two stables were burned. But for the efforts of the citizens with pails, the business section of the village might have gone.

**MORE ROOM.**—School Board meets this, Thursday evening, and has important business on hand. The crowded High School rooms has necessitated taking Miss M. McKenzie and her pupils to the Public Library room until the end of the year anyway, perhaps longer.

**BOTH TEAMS OUT.**—Podr O. Sound! Two lacrosse championships were coming their way, so they figured out, but now both are out of sight, as far as Owen Sound is concerned. At Idleveld Park, Orangeville, last week, the senior team, the Greys, went down before Orillia, Intermediate champions, being defeated 9 goals to 3 by a better team. The Wellingtons, Durham's formidable opponents, were cleaned up by Woodbridge's swift bunch, by 6 goals to 0. The Iron Dukes complained of rough treatment there and planned to get even at home. They won by 4 to 3, but did not decrease Owen Sound's reputation for roughness as their opponents got the usual visitors' treatment and Referee Waghorne ruled off only 21 of the Wellingtons! Woodbridge wins the series by 5 goals and will now make a strong bid for the Junior finals.

### THE DOMINION ELECTIONS.

The contest is at hand, the date of the election having been fixed for Nov 3, Nominations on Oct 27.

It is generally admitted and conceded by all parties that the Laurier Government will be returned to power with in all probability an increased majority, for while in some of the details of the administration there may be some room for honest differences of opinion as to the actions and legislation of the Government, the public generally are satisfied that the Government has conducted the affairs and business of the country honestly and with great business ability, enterprise and energy and that this successful and business like management has largely contributed to the remarkably good times that Canada has been and still is enjoying.

And, further, while the whole British Empire has for some years been bestowing praise and commendation upon Sir Wilfrid Laurier, whose name as a statesman everywhere stands high, we as Canadians are especially proud of him as a man who for personal uprightiness, patriotism and goodness of character and who is a statesman for breadth of mind, keen foresight and general bigness of calibre, aimable and yet firm, has seldom been surpassed by any man of the Empire of this or any other day and it is not desirable that such a man should be removed from the Premiership and placed in a position where his great strength and ability would be lost to Canada.

The great differences to-day between two great political parties in Canada are upon the two questions of the proposed new transcontinental railway and the tariff. Mr. Borden the Conservative leader, advocates the building of a transcontinental railway but declares that the road should be built, owned and operated by the country. In this matter many leading Conservatives, among them Sir Chas. Tupper, differ in opinion from Mr. Borden, and are opposed to a Government owned and operated railway, rather favoring Mr. Laurier's policy that the railway shall be built by a private company with some assistance from the Government for which the country will, in different ways, be amply rewarded.

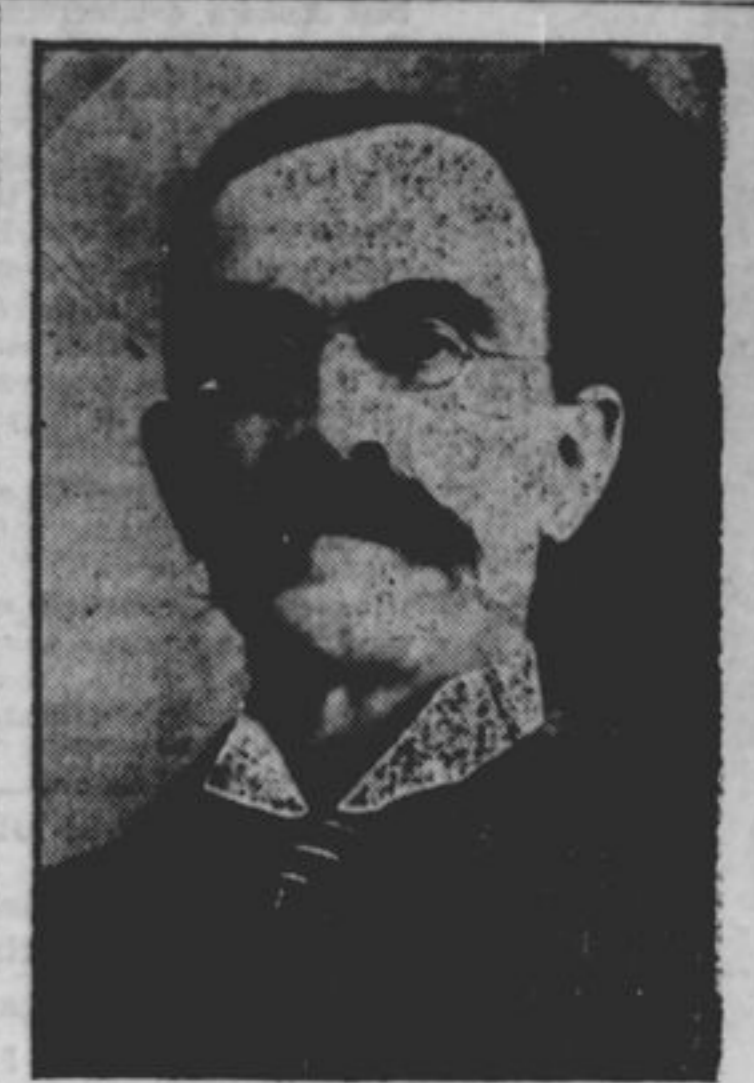

Other minor issues will be discussed during the campaign but the railway and the tariff will be the great issues.

It is expected that Mr. H. H. Miller, the Liberal Candidate will be elected in South Grey with a good majority. He is now well and favorably known in most parts of the riding, though of course has found it impossible to call on a large number of the nearly 6000 voters comprised in it. Before election day he will become better known.

As a business man he has been singularly successful, a tribute to his business ability, his energy, integrity and application, qualities which have won him the confidence of the people and will win him votes in the coming contest.

Politically, Mr. Miller has always been an active Liberal worker but while energetic and forceful he has never been narrow or bitter, or carried away by political partisan prejudice. Since his nomination he has given abundant evidence of a desire to faithfully and energetically serve the Constituency. When the people of Durham petitioned for a second Grand Trunk Mail service, the matter was referred to Mr. Miller by the Department and was promptly recommended by him and granted. For the West end of Hanover, remote from the Post Office, he secured a street letter box. At the suggestion of some of the citizens of Holstein, he secured for that village a second North and South daily Grand Trunk Mail service, proving also a great convenience to Dromore, Yeoivil and other places supplied from Holstein. He is now making endeavors to obtain a new Post office in Sullivan and another in Egremont. In two cases Mr. Miller has been asked by the Post Office Department to recommend Postmasters for country offices in which vacancies had occurred and in each case, with his usual thoroughness, he drove to the places and personally attended to the making of such new appointments as would best suit the convenience of the neighborhood.

It is certain therefore that South Grey will best serve its own interests by electing Mr. Miller on Nov 3. His life history shows that he will be faithful to his duties. He is a talented platform speaker with a comprehensive grasp of public affairs. He will thus be able to take his place in debate on the floor of the House, and in every way will be a representative that will be a credit to South Grey. Meetings will likely be held in several public places and voters should make a point to hear him discuss the questions of the day.

To the Electors of South Grey: GENTLEMEN: I respectfully request your vote and influence at the coming Dominion Election and, if elected, will earnestly do my best to promote the interests of South Grey and, without being a slave to party, to support good measures and oppose bad ones. Yours Truly, **H. H. MILLER,** Liberal Candidate for South Grey.
