For Want of a Nail

For want of a Nail, the Shoe was lost:
For want of a Shoe, the Horse was lost:
For want of a Horse, the Rider was lost:
And all for the want of a horseshoe Nail.

You remember the old jingle? Well, its often so. The great losses are often due to a lack of attention to some small detail.

Darling's Perhaps some of our best cooks have lost many Cakes and Pastry by the use of inferior Baking Powder. It's easy to cook with **Darling's Baking Powder** and its use insures success. No soggy cake, no biscuit thrown away, but digestible food at every baking—that causes the smile that won't come off.

"The Princess at Work."

The above is the title of the new premium picture to be given with that great paper, the Family Herald and Weekly Star, of Montreal, this season. It is said to be a gem, by far the most expensive and beautiful they ever issued. All who pay a year's subscription (one dollar), to the Family Herald and Weekly Star, get a copy of the picture free. Family Herald subscribers are this year in greater luck than ever. "The Princess at Work," alone is worth a good deal more than what is asked for the year's subscription and the picture. See our clubbing terms at top of first page.

Kenneth McNaughton who lives in the south-eastern suburbs of Chesley, imported two potatoes from Scotland last year. He cut one of them in two and planted each half in a hill. This year he dug out of one hill a half bushel of potatoes and from the other, two the size of a lantern globe. Kenneth also has a cabbage with eight distinct heads on one stalk. If any of our readers know of anybody who can beat Kenneth's record in cabbage and potatoes we would be pleased to hear from him.—Enterprise.

HYMENEAL.

At Dundalk, on Sept. 28th, and in the Presbyterian Church there at 1.30 p.m., Miss Margaret C. Cameron was married to Mr. Joseph G. Symington. The bride, a daughter of Mr. John Cameron, was, we think, born here and will be kindly remembered by many old schoolmates. At the hour named the bride, escorted by her uncle, Mr. Dan Cameron, (her father's ill health preventing him) entered and took her place beside her husband-to-be, and the solemn "I wills" were once more said and they two were one. A reception at the house at 2 o'clock gave occasion for many hearty congratulations and amongst them we wish to place those of the Review.

The bride was attractively attired in a dress of cream silk poplin Eolienne over white taffeta silk with yoke and bertha of point de sputan and satin ribbon. She had a white veil with orange blossoms and her bouquet was cream roses. The bridesmaid, Miss Ethel Symington, sister of the groom, was dressed in white organdy and carried pink roses. Miss Winnifred Symington as flower girl carried a basket of pink carnations and was dressed in white silk. Mr. Robt. Cameron, brother of bride, was groomsmen. Miss Nathalie Grier played the wedding march. Over fifty beautiful and serviceable presents testified to the esteem held for the bride, a unique one being a beautiful bedroom suite, toilet set and everything complete given by the young boys of the town.

CAMPAIGN WARMING UP.

(Continued from page 1)

from her children.—a preference in our markets. This French-Britisher set an example that made the empire think, other colonies have followed the example, and so Britain discovered Canada.

The Candidate.

In the same way South Grey has discovered Mr. Miller. True he has been known here for 25 years—and all that is known of him is good—but as a candidate he has impressed and is impressing himself on the people as a man among men, as one with exceptional ability, of irreproachable character, a close student of public affairs, and one who will easily rank high in debate at Ottawa where he will sit in a few months.

Good Deeds are Legion.

What more? Time would fail to tell. This government sent a contingent to Africa, abolished Canal Tolls and Steamboat Tonnage dues, multiplied aids to navigation, deepened the Canals, improved the harbors, established law and order in the Yukon, provided for fair wages to labor on Government contracts, appointed an inspector of binder twine for the protection of the farmer and in 1903, 275000 lbs of short and bad twine were sent back to American and other makers, by the vigilance of this official.

What Mr. McKinnon would do.

Farmers, this is the government Mr. McKinnon, if elected, would turn out of power. For which of these acts would you stone it? or cast a ballot against it?

For what then? Because they have stopped the exodus of the 90's and turned the tide our way? Because, by their statesmanlike constructive policy, they have appointed a railway commission and laid plans broad and deep for a national railway that will practically double the settleable area of Canada? No, of course not.

For what then? Can a farmer think of the 90's and compare these years to the discredit of the government? Can anyone remember the bitter racial and religious Manitoba School question which was, cancer-like, eating into the vitals of the country, and which was settled by Sir Wilfrid Laurier, the first statesman in Canada, and one of the truest friends she ever had?

Remembering these things and that we have the author still with us, how can anyone who reflects vote against Mr. Miller who supports it?

Public Debt.

But they have spent more than the Conservatives did, objects someone. True, so we believe every farmer in the country is spending more than he did in 1896, and yet he lacketh not, but is better. "There is that giveth and yet increaseth," is true in material things, and the expenditure, though increased, has added no burden, the public debt is being reduced, while during the last 7 years of Conservative rule, 21 millions was added to it.

Out of 37 millions spent on capital between 1889 and 1896, 21 millions were provided by additions to the debt.

Out of 65 millions spent on capital between 1896 and 1903, only 6 1/2 millions was added to the debt, and that will be more than wiped out by the surplus of this year.

The public debt PER HEAD is to-day nearly \$5 less than in 1896.

Vote for Miller, who supports the government that "does things."

Go to his meetings and ask questions. You will be delighted at his grasp of public questions. Vote for him on Nov. 3, and you will have done your part to

Sustain a good government. Strengthen British connection. Reduce the public debt. Lighten the burden of the producer. Crush all race and creed cries. Exalt Canadian Nationality. Encourage Canadian Industry. Keep a stable tariff. Increase Canadian Self-respect. Build up a prosperous, a contented and a virtuous nation.

NOTES.

Reform Committee Rooms have been opened in the rooms above the Post Office—late Dental offices.

Mr. Miller next week will speak at Neustadt on Monday, Ayrton on Tuesday, Griston's Sch. House, Sullyton on Wednesday, Chatsworth Thursday, Peshody Friday, Allan Park Saturday. Meetings at 8 p.m.

Great interest is being taken in the North Toronto election where Mr. Urquhart, the popular Mayor of Toronto is opposed by Hon Geo E. Foster. It will be a battle royal.

Three municipalities it is expected will give Miller a three-figure majority Hanover, Egremont and Bentinck.

Sir Richard Cartwright has been elevated to the Senate, but will speak in Winnipeg it is stated, and we hope he may be able to pay his compliments to his old opponent Mr. Foster running in N. Toronto, who a few days ago, referred with execrable taste, in contemptuous terms to the old veteran.

Dr. Barr, M.P.P. of Dufferin has resigned his seat to run for the Commons, and Ross has for the time being a majority of one. Connee of Port Arthur is expected to resign also. Later he has resigned, and the "I" vanishes.
