Where does the Money come from?

WHAT MONEY? The money that makes millionaires of the manufacturers of Agricultural Machinery? Why, out of the pockets of the farmers who buy and finally pay for the machine.

Why not save some of this money for yourself by securing shares in the Farmers' M'g and Supply Co., Limited? What you don't save in the price paid for your machinery you receive yourself in dividends which otherwise would otherwise go into the pockets of the wealthy manufacturers.

THE CAMPAIGN.

Holidays being now over, we return to the political situation. Mr. McKechnie has been into many parts of the riding and is showing a vigor in campaigning only equalled by the warmth of his reception.

Reports from many parts indicate that the riding will be re-elected, but there must be no over confidence. The candidate is doing all that one man can to win, and his friends should see that no stone is left unturned to ensure his election by a rousing majority.

He stands for the party of progress, the party of honest and capable government, and notwithstanding the parrot cry of corruption, the party that is going to win. Mr. McKechnie deprecates corruption as much as any man, but he believes with thousands more that the cry is got up as a cry, in the absence of anything tangible to attack in the record of the government.

Hon. Geo. W. Ross is conducting a splendid campaign. His speeches have the ring of a true man as he is. The attacks upon him are brutal in the extreme, and are not only warming up his own friends, but disgusting some of his opponents who believe in fair play.

Mr. McKechnie is out to win. We urge all within reach to attend his meetings, to weigh the arguments pro and con and we feel convinced that enlightened South Grey will return a supporter of Hon. G. W. Ross.

PROGRESSIVE ONTARIO.

Our cry is Progressive Ontario. There shall be no sleeping at our post; there will be no negligence in the watch tower when Provincial rights are being assailed, there shall be no flattery to grapple with whatever problem arises, whether it be the development of our industries or the promotion of moral reform.

Mr. Whitney in a Liquor Case.

A few days ago a hotel-keeper in a small town after hours on the night of Dec. 29th, the night of Mr. Whitney's big meeting there. The plea of guilty was put in but the magistrate went on with the evidence and it turned out that E. Gus-Porter, M. P., and some "thirsty wolves from Belleville" had been in the bar after hours drinking and carousing.

At the very time this was being unearthed, Mr. Whitney was at Brantford setting forth his claim, perhaps, for support from the temperance people. Straws show which way the wind blows, and this is the leader of the party who are trying to blacken the Hon. Geo. W. Ross, a man with a life-record of integrity and good living behind him, and whose ability is unquestioned.

Electors, vote for McKechnie, who follows this honorable leader and who believes in a pure and progressive policy.

PORT ARTHUR FALLS.

After a naval investment of 10 months on sea and land of 8 months, the great fortress of the East, emblematic of Russian power there has fallen to the Japs. Ten years ago Japan captured it from China, held it a year or two, till pressure by European nations, led by Russia forced Japan to evacuate: As Japan went out, Russia crept in and began at once to make the place impregnable, though promising to evacuate Manchuria on Oct. 8, 1903.

The amazing efficiency on land and sea, of the eastern Island power has astonished the world and compelled a taking stock of all armaments. The bravery and skill of her soldiers under remarkably efficient officers has compelled Russian feeling to change from disdain to admiration.

But Oh! the horror of the siege! One of the greatest in history—who shall tell? It is estimated that Japan lost over 80,000 men in the long struggle. Stoessel, the Russian in command will be a popular hero for his bull-dog defence. The ships in the harbor have been blown up, but Japan is according very honorable terms.
