YOUR LABEL—If you have any for the REVIEW during the next few weeks please see that your label reads made all changed, but among so many it is possible to make a mistake. Always remember "dec. WANT BETTER ACCOMMODATION—Complaints are being made by farmers that the accommodation at the station for delivery of hogs especially, is very defective. It is necessary to cross three tracks at present, and the approach by wagons to the delivery yard is on a slope and very bad. The extent of the trade on our line should warrant, it seems to us, some attention to this matter for several accidents have occurred recently.

We regret to learn of the death by bronchitis of Mrs Fred Lunney, formerly of Bentinck, but the last 2 yrs. of Hanover. She married Mr Lunney in St. Louis, over 50 yrs. ago, and has lived in Bentinck 28 years of her time, her husband dying 2 yrs. ago. Her children are David, Otto, Wm. of Mulock, Fred of Durham, Jno. of Aberdeen, James of Michigan, Isaac at the Soo, Geo. in Elmwood, and Maggie married in Hanover. She was buried in the Durham cemetery and was 77 years of age.

Presentation and Address.

A pleasant surprise took place at the Bentinck Baptist Parsonage on the evening of Jan. 2nd, when a goodly number of young people from Gleenelg came with their baskets and took possession of the parsonage. After spending some time in music and social intercourse, the gathering was called to order and Mr. W. G. Baker, of Wauddy, was appointed chairman. After a recitation by Miss Morton and a piece of music, the following address was read by Mrs Flora McArthur and Mrs. John Ellison presented Mrs. Pinea with a beautiful Morocco leather purse containing over \$20. Following is the address:

DEAR MRS. PINEO—We have gathered here this evening to spend a few hours with you in your house, and also for the purpose of thanking you for your services as organist for the past two years. We know we cannot repay you as we would like to, but we ask you to accept this purse, not for its value, but that you may always remember your Gleenelg friends.

In conclusion we desire to express our hope that you may always be found working for the one great cause, and that when God shall be pleased to call you hence you may bear those blessed words "Well done, thou good and faithful servant, enter thou into thy rest."

Wishing you and your husband and family a happy New Year.

Signed in behalf of your friends:
 W. G. BAKER,
 MRS. I. ELLISON,
 S. F. McARTHUR.

After the presentation all retired to the dining room where the table was elaborately filled with the good things the baskets contained, and of which all partook, after which they started for the living room where a most enjoyable evening was spent by all.

County Council Election.

BALL AND McCANNEL.

Below will be found the full and authorized figures for the election of Commissioners for Division No. 3. Our certainty last week that McLean was elected arose from an error in figures supplied us, as we thought, from a reliable source.

It will be seen that the total McCannel vote is 10 in excess of McLean's, thus giving him the position.

This result, though no doubt disappointing to Bentinck, fits in with the scheme of things very well. It gives Gleenelg a representative after some years with none, and the representatives are not hunched. Mr. McLean has put up a splendid fight, but between two fires he has got scorched just a little.

Mr. McCannel will all the more worthily. He has been "choked" before, has force of character, and the necessary municipal experience, and what might have been the result of more of the candidates, been out of the field.

ANOTHER ELECTION.

Monday next in the Town Hall, nominations will again be received for the offices of Mayor and Councillors of the Town of Durham. It appears a formality of the law has not been complied with, viz: taking a declaration of qualification before 9 p. m. of the day following the nomination. This is an amendment to the Municipal Act passed in 1904, and overlooked here as it has been in many places. We presume the matter can be rectified without another election, still the matter is open, and if some second thoughts prevail, we may see a contest where none was before, causing considerable more expense, and some ruffled feelings.

THE CAMPAIGN.

This week the series of joint meetings comes to a close on Friday at Neustadt. They have been fairly well taken advantage of considering the winter season.

Saturday evening of this week Mr. John McKechnie has a meeting at Townsend's Lake School House, North Gleenelg, at which he and others will be present. This district has often been neglected.

Dr. Taylor, Hanover, and Wm. Calder, Durham, are billed to speak at Laminash on Friday, 13th inst., and at Hampden School House on Tuesday, 17th inst. Other meetings are being arranged for.

Everywhere where Mr. McKechnie is known the campaign cry of corruption is flat. The Reform party has a date above suspicion in this respect. He would scorn to use unfair politics as he would in business career in South Grey has John McKechnie on a surety of integrity. He will look upon the position of member as a sacred trust which his full attention will be given to.

This letter has the true ring of a man who will make a member. Let every vote be given on Jan. 25th, and let the meritorious Mr. McKechnie X.

At the adjourned meeting to discuss school affairs was held in Town Hall, with only a slim attendance. Mayor Hunter was in the chair and called first on Wm. Johnston, Jr., Chairman of the Board, who outlined the memory of the somewhat extended view of school-finances, both outgoing and incoming. He spoke of the urgent necessity for increased school accommodation, and drew a contrast between the school of 10 years ago which first became trustee and the present. Then there was only three teachers now there were 9, with a necessary for 10 during Model School term. He pointed out the notwithstanding the increase, the rate-to-day was several mills lower than in former times. This was owing to the increased grants from the Government and County equivalents.

Secy Ramage then went into detail of income and expenditure since the beginning of 1903, showing the many kinds of expense besides the main one of teachers' salaries. The expense incurred for the heating and ventilating system, including excavations, etc., over \$2120.00. Salaries in 1903, amounting to \$3980.00, in 1904 to \$3849, leaving an over cost. Fuel in 1903 cost \$319.97, in 1904 to \$200. The grading and paving in 1904 cost \$220.70. Printing and advertising in 1903, \$98, in 1904, \$28. Supplies, including chemicals, brooms, chalk, etc., cost in 1903, \$84.02, in 1904, \$54.50, while small improvements in 1903 were \$12.10, increased in 1904 to \$145.06 owing to the flooring of a room, new seats, etc., besides this there was a miscellaneous expenditure of \$38.05 and \$44.25 in the respective years. A total of over \$4440 in 1903, and of over \$5500 in 1904.

Messrs Mills and Saunders also spoke and these with Secy, and Chairman, and predicted other necessities before long to meet the growing needs of the school. Messrs Carson and Bean were not present. All of them too favored the retention of the Continuation Classes and the Model School, chiefly for their educational facilities, but also for the financial strength to the town directly and indirectly. Mr Saunders brought up the question of fees which at present are equal to town and country pupils and some modification may be made in this before long.

Insp. Campbell gave the speech of the evening showing the great importance of the position of trustee and the responsibility attaching to it. He thanked the trustees for the improvements already effected, and commended the action in securing a new teacher for the High School Dept., which had outgrown a two teacher standing. He urged that the town take seriously to heart the necessity of providing at once increased accommodation, preferably a High School, for the present arrangement of one teacher in the public library building was merely a makeshift, besides there would be needed another extra room next fall.

Principal Allan spoke briefly showing the growth taking place and the congestion just relieved by the addition of a 3-d teacher. Mr Calder spoke at some length urging care in keeping estimates approximately near to expenditures, so that neither surplus nor overdrafts should be excessive.

To the Electors of South Grey : GENTLEMEN,

I respectfully request your vote and influence at the approaching Provincial Election on 25th January, 1905. Should you honor me by electing me as your representative I will faithfully do all I can to promote the best interests of our Riding and the welfare of our Province, by supporting only such legislation as I conceive to be in the public interest, no matter from what source it comes.

Yours very truly,
 JOHN McKECHNIE,
 Liberal Candidate for S. Grey.
