for Monica to recover herself, and, realizing only that she was in the presence of this home friend, whom she both trusted and loved, she almost unconsciously rested her head upon his shoulder while the sobbed out the grief of her long-burdened. howesick heart.

August was thrilled to his soul, for her words, her tears, her abandonment, all told him that he was beloved, even as he loved. In this moment of transport he also forgot everything but the fact of her preserce; and, infolding her in his strong arms, he laid his cheek against her golden head and murmured fond, soothing terms of endearment in his musical, Spanish

Gradually, however, the girl began yourself, dear." to regain her seif-control, and her tears and sobs grew less copious. and frequent, until only deep sighs heaved her chest at intervals.

But still she lay passive in her lover's embrace, tranquil and happy in the consciousness of his presence, and somehow feeling as if her troubles were all over for all time.

August was the first to recover from his emotion and break the silence, a feeling very like guilt oppressing him because he had so far forgotten himself as to confess his affection for his benefactor's wealthy

"Serorita, forgive me," he began humbly, as he gently released her; "this meeting, so sudden, so unexpected, has surprised me into confessions, which, under other circumstances, torture would not have extracted from my lips Monica put up one small hand and arrested the words upon those self-

same lips. "Hush, August," cho whispered: "you have made them, and-and-I do not wish them unsaid." She could feel the great shock of

that went quivering through him at her words. "Alma mia; alma min!" he exclaimed, his tones tremulous with hap-piages. "Can it be possible L-dare I hope that you return my great love for you? Ab! I have hardly dered to

"We'll go some night soon," said he "I don't think we can afford it," replied she. I looked at her pretty face and wondered at her notions of economy. It does not sit well on prettiness. "What we spend for the theatre would buy our dinners," she stated solemnly. "Or a whole set of dish towels," he replied pocularly. She could not see the much money from a patient who should joke. After a moment's silence, she took up the broken thread of the conversation.

> "I don't like what you said about not ever being promoted," she said. I saw then that the lines of her pretty chin tions to angles in all the outlines of her face. Her forehead is high and has a tendency to squareness. "It is truth," replied her sweetheart. "I am as far up as many men much

brighter and more capable than I ever he said, softly, "suppose that I never rise make any difference in your love?" She fumbled in her answer. "N-nn-n," she said. "No difference, but I should be disappointed-that's all." "Tell you this," spoke the gripman so that only I could hear. "They won't be

happy. She's got ambitions." "Ambition is a fine thing," I replied. "If you had been a man of ambition, you might have been-" "I might have been president of the

"When you are so anxious about my promotion, dear," he said, "did you ever bink that there are two ways of lookng at these things?"

only I could hear. "If I'd a been presi-

dent of the road, some other fellow

would have had to be the grip
