## TOWN TOPICS

March came in like a lamb, and we hope it will close as innocently, the old saw to the contrary.

Extra 'Choice Clover, Timothy and other grass seeds at MacFarlane's Drug Store.

Good heavy serviceable team for sale, Apply to J. W. CRAWFORD, Durham, March 2nd, 1905.

A budget from our busy Priceville correspondent, received just as we are made up. We will do it justice next week.

Congratulations to Miss Lizzie Adams Dromore, who to-day, Wednesday, in the brightest of sunshine, is uniting hand and heart with Mr Philips, of Galt

Amongst the number reported ill this week is Mr John McCosmon, of Varney, father of Mrs. James Ferguson. We hope the genial but aged pioneer has healthy days still in store.

SEEDING IN MANITOBA.—Actually South Grey, what do you think of that? Snow is all gone at Calgary, and further east ploughing and seeding is in progress. Our time's coming.

A very successful Box Social was held last Thursday evening at Mr Dan Greenwood's, Edge Hill, under the auspices of the Methodists of town. A large crowd principally young townsmen, were hospitably entertained, and the proceeds amounted to over \$20.

SCARLATINA.—Mr. and Mrs. J. W. Blyth, Varney, have been severely afflicted by the death of their little four-year-old son, Willie, on Sunday last from the above disease. Two other members of their family are ill, but we trust may soon be restored to vigorous health. We join in the sincere sympathy being extended to the sorrowing parents over the loss of their loved one.

The soft, dreamy gliding of the bow lushed away all other sounds and thoughts, and the voice of the violin had the room to itself. There are times when Mr. Fox seems especially inspired, and this last effort was a good instance. Prolonged and eager applause succeeded in re-calling once more the popular violinist whose talent is only equalled by his generosity.—London Free Press, December 1904. Will appear in Town Hall, Durham, Thursday, March 9th, at Violin-Piano Recital.

BY O BUILD.—A meeting of the session, trustees and managers of the Presbyterian Church was held on Tuesday to discuss the Manse question. While the church has an eligible site of its own to build on where the old Presbyterian church stood, the sense of the meeting was that it would be cheaper to buy than to build and a committee consisting of C L Grant, Jas Ireland, and R MacFarlane, Jr, were appointed to receive offers from anyone having suitable property.

Mr. Alf. Jack, the obliging driver of the Durham stage, met with a painful accident on Friday evening. He and some other young fellows were scuffling when Alf. fell upon a bottle of medicine which he had in his hip pocket and the broken glass made an ugly cut in fleshy part of his right hip. Dr. McCullough dressed the wound, and he remained at the Campbell House until Tuesday, when he was taken to the Owen Sound Hospital.—Chatsworth News.

Then there was Mr. George Fox, the genius of the violin. The shadows were falling in the church and the last rays of light were being filtered through the stained glass windows as he played his second number, "Storia de an Ore" (Severn) in the afternoon. As he drew the bow across the strings, the theme rose like a prayer of faith and hope. Until the last thrilling note, the audience listened motionless and absolutely quiet, and only the restriction, "Please refrain from applause," kept him from receiving an ovation.—Detroit Free Press. Will appear in the Town Hall, Durham, Thursday, March 9th, at the Violin-Piano Recital.

Wednesday, Feb. 22, was the date of a pleasant gathering at Mrs E McClocklin's, Sr, to witness the marriage of her daughter, Cora, to Mr John Nicholls of Toronto. The ceremony was performed by Rev Rural Dean Ryan, after which congratulations were offered and dinner partaken of. The bride looked her best in blue voile over red taffeta silk and was attended by her sister, Miss Minnie. Mr Thos McClocklin supported the groom. The happy couple left on the 3 p. m. train for their future home in Toronto where a reception awaited them. The bride's going away dress was brown broadcloth, tailor-made, brown beaver hat with white plume.

WOOD.—We will be obliged if those who promised us wood either for cash or on subscription, would deliver it at once.

WELCOME LIGHTS.—After two weeks "oilng up," citizens welcomed the return of the lights on Tuesday night, the burnt out part having been repaired.

A Song Service will be held in the Baptist church next Sunday evening, March 5th. All are invited.

Assessor John McDonald of Glenelg is on his rounds and so we presume are David McIntyre, of Egremont, and Mr Jacklin, of Benitock. They'll have lots of explanation to make.

GOSSIPING.—One of New York's ministers advises women not to marry any man unless they know his past. That would be no difficulty in Dundalk for some of the neighbors would be delighted to supply history of that kind to all that ask, and frequently without asking.—Herald.

A "Violin-Piano Recital" will be given in the Town Hall, Durham, Thursday, March 9, by Mr. Geo. Fox, Toronto, Violinist, and Mrs. Newton, Durham, Concert Pianiste. Dr. Brown, Holstein, and other talented vocalists will assist. As there has been a request for reserved seats the plan of the hall may be seen at MacFarlane's Drug Store. Tickets 25 and 35 cts.

ALMOST A BLAZE.—Saturday night in the absence of Mr E. Dean and his eldest daughter, two of his younger children attempted to mend the fire. To hurry it up they had recourse to the coal oil can, and after using some on the fire placed the can on the stove. It soon exploded and a passer-by hearing the report went in and saved matters. One of the youngsters, whose hair got afire, ran out and stuck his head in a snow-bank!

DON'T MAKE CHEESE.—We have received a circular from the Montreal Produce Merchant's Association warning dairy-men against the practice of making fodder cheese. It is generally of an inferior quality, injures our reputation on the British market and during the present season with its shortage of milk, of much less value than the real thing. Wherever possible, butter should be manufactured from milk from Nov. 15 to May 1. This is the substance of the circular.

A GROWING MARKET.—Just lately we asked Clerk Volt what the market was of 1904 amounted to, and were surprised to learn that the town revenue was benefited to the extent of \$308 from this source. This represents a large volume of business and is an index of the prosperity of the district. The sum is nearly double what was obtained not so many years ago, and nearly \$100 ahead of 1903. By the number of deliveries taking place, 1905 promises to break the record. We congratulate town and country on the prosperity this indicates.

THE NEW ASSESSMENT ACT.—A great deal of interest attaches to the work of the Assessors this year, owing to the New Assessment Act and the variations from the old. The distinctive feature is the recording separate values for land and buildings, and the fixing of the "Business Assessments" on a percentage of the Real Estate value, this is 35 per cent for retail establishments, 60 per cent on wholesale, higher on hotels and we are told as high as 150 per cent on breweries. We welcome to our columns a letter from Mr David Allan, Clerk of Egremont, who writes it up lucidly, and has opinions of his own as to its merits. On such an important matter we think Mr Allan's suggestion of a school or Conference of Assessors is an excellent one. Our columns are open to any who can speak from experience on this matter.

VALENTINE SOCIAL.—On Friday evening last, the workers of Trinity church had a unique affair in Calder's Hall which passed off most successfully. As the gentlemen came in at the door they were presented with valentines containing verses duplicated by others in the possession of the ladies, and the making of these verses and their owners furnished no little amusement. There was a good turn out and a literary program carried out of some excellence. Speeches were heard. Mr H H Mockler sang a couple of songs in good style, being assisted in the chorus by some of the company. Perhaps the crowning piece of the evening was the selection from Shakespeare, in which was displayed to good advantage the fine dramatic talent of Mr Ed McClocklin. Miss Brooker gave a humorous reading from "Mrs. Wiggs in the Cabbage Patch," which aroused enthusiasm and fine songs were sung by Misses Kress and Davis and by the McClocklin twins in natty sailor suits. Refreshments were served at a half-way stage in the program.

We still have some bargains in Wall Paper left.—MacFarlane & Co.

We join in the sympathy which is being extended to Mr C McInnes, Yeovil, and family over the loss of his daughter as recorded in our obituary notices this week.

THE ANNUAL MEETING of the Shareholders of The National Portland Cement Co. is in progress in Toronto this week. Director G. McKechnie went down Monday morning. Mr Calder is also present, leaving Monday afternoon. We have no report.

A TAX ON BACHELORS.—One of the new features of the Assessment Act is virtually a tax on bachelors—long spoken of, here it is at last. It works given under certain conditions to "non-householders." With an even say that it works both ways i. e. applies to both sexes, so that a union of two "non-householders" would be a clear saving \$600 in their assessment. He was a long-headed chap that drew that up.

Mrs. Alex Calder, who died in Arthur Tp., on Monday after a very painful illness, was born in Islay, Scotland, and came to Canada with her parents when she was 6 yrs. of age, living for a short time near Chatham, Ont., and then moving to the 14th con. of Egremont, at a time when all the hardships of the early years were felt. She was married in Jan. 1873 to Mr A. Calder of Arthur Tp. She was much loved and respected by all who knew her because of her kindly and unselfish nature. She was a member of Westminster church, Mount Forest. Besides her husband she leaves a family of two sons and two daughters to mourn her loss. Messrs. John and Hugh Sinclair, Egremont, are brothers. The funeral takes place to-day.—Confed.

The Legislature is called to meet on March 22. Promptly announced as soon as Mr Whitney's cabinet had all been returned by acclamation.

A great battle has been in progress on the Manchurian plains for 10 days back and Russia is being driven back on Mukden. As all the reports come through Russian sources, it will certainly be no better than reported.

Manitoba is casting longing eyes on Thunder Bay and Rainy River Districts in Ontario and Mr Whitney goes to see that they are not stolen from us.

Discussion, more or less favorable, passed in the press over the inserting in the new Provincial Constitutions of Separate School clauses, and the principle of an annual subsidy from the Dominion in lieu of Provincial control of lands. The discussion in the House in a week or so promises to be an interesting one.

The Busy Store On the Busy Corner,

Furniture Co. Annual Meeting.  
WM CALDER A DIRECTOR.

The Annual meeting of the Durham Furniture Co., Limited, was held in the Town Hall last week. Owing to the regrettable illness of Secy Redford, Manager Cattoon had more than his share of the presentation. During the year about 50000 dollar's worth of furniture had been sold at an expense of \$15,800 and with a profit of over \$3,000 against similar totals for 1903 of 40,000 dollar's worth, at an expense of \$16,000 and profits of \$5,000. Owing to stoppages and other drawbacks the Factory had run only about 9 months, and wages had been increased.

Owing to some unpreparedness with the stock sheets a postponement of the meeting was proposed but ultimately, though there was some tension and plain talking, one business was concluded without a vote being taken. Mr. A. W. H. Lauder resigned and Mr. Wm. Calder was appointed in his place, the other four members being Dr. Jamieson and Messrs. Geo. Searling, J. W. Crawford and N. McIntyre.

When it is remembered that wages bulk up very largely in the expense account, it can easily be seen what a benefit to the town such an industry is, and we may be permitted to hope that with added experience and the turnout of an excellent article it may go on prospering and be able, not only to meet all engagements, but to pay a reasonable dividend.

[Elsewhere will be found another account kindly furnished us by one of the auditors.—Ed.]
