INTERN ATIONAL LESSON NO. 1 APRIL 5TH, 1905

Jesus the Good Shepherd-John 10: 7-15.

Commentary .- I. The shepherd and the sheep (vs. 1-6.) In these verses Jesus lays the foundation for the discourse which was to follow. "With the external drapery of this parable the hearers of Jesus were perfectly familiar. Theirs was a sheepgrowing country; so did he read the heart of man and reflocks were their main dependence. Those who desire to thoroughly understand this subject will take pains to bring before their minds the picture of an eastern sheep-fold, with its stonewalls, gates, and partial covering; the shepherd leading, not driving, out the sheep, while they readily follow the well-known voice; the shepherd's knowledge and notice of each one in flock; the eare with which he goes on before, removing obstacles, making the way plain, protecting them from all over the rough places, seeking out the richest pasture, and tenderly leading the flock home at night to their place of

Know my good standing. Hoping that you may see my case in a favorable light, I remain, as ever, a true and loyal Frank-

John Rabbitt. It is the mystery surrounding the woman, however, which is puzzling the poice. She had never been seen in that locality. All of the officers in that vicinity have seen her and have failed to recognize her. She is young, the physicians say not more than twenty. She is pretty. Her eyes rae blue and large Her hair is golden and luxuriant. Her garments were of good material and neat. But there was no mark that

The man and woman registered on spent Sunday in their rooms.

would serve to identify her.

## Woman's Kidney Troubles Russian Peasant Disorders Causing Aux-

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease

Of all the diseases known, with Mrs. Samuel Frake, of Prospect which women are afflicted, kidney dis- Plains, N. J., writes: ease is the most fatal. In fact, unless Dear Mrs. Pinkham:-

ease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham's Vegetable Compound has done for me. When I first wrote to you I had suffered for years with what the doctor called kidney trouble and congestion of the womb. My back ached dreadfully all the time, and I suffered so with that bearing-down feeling I could hardly walk across the room. I did not get any better, so decided to stop doctoring with my physician and take Lydia E. Pinkham's Vegetable Compound and I am thankful to say it has entirely cured me. I do all my own work, have no more backache and all the bad symptoms have disappeared.

Dear Mrs. Pinkham:—

I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me. When I first wrote to you I had suffered for years with what the doctor called kidney trouble and congestion of the womb. My back ached dreadfully all the time, and I cussed.

Guelph, March 20.—The Supreme Circle of the Order of Canadian Home Circles met in the City Hall here this afterful to say it has entirely cured me. I do all my own work, have no more backache and all the bad symptoms have disappeared. The Vegetable Compound acts in har-mony with the laws that govern the entire female system, and while there would advise all women suffering with kidney are many so called remedies for kidney trouble to try it. table Compound is the only one espe- nue, New York, writes: cially prepared for women, and thou- Dear Mrs. Pinkham:sands have been cured of serious kidney I have been a great sufferer with kidney derangements by it. PILLAGE AND MURDER

St. Petersburg, March 20.-There is reason to believe that the Government has resolved to re-establish the censorship on out-going news despatches, which was withdrawn about a year ago. It is inferred that this decision is prompted by the growing seriousness of the peasant disorders, which seem to be causing anxiety to the Government. Among the latest raids was one on the estate of the late Grand Duke Sergius, in the Dmitroff district of Orel, the place being pillaged. A neighboring factory was burned. This belonged to the Grand Dake of Oldenburg. The trouble seems to be spreading in the north and west. There have been serious disorders in the Governments of Vilna and Kovno. At Plust, in Kovno, the residences of the Government agent and a local judge were burned. Troops who were brought from the city of Kovno scattered the marauders. Peasants have devastated three estates in Rejesta. Artisans and peasants in the southern Governments are threatening to prevent further drafts of troops for the far east. The Government has dissolved the Moscow Agricultural Society, which was suspected of carrying on a propaganda among the peasantry. M. Petrunkevich, the president of the ciety, has been ordered to come to St. Petersburg.

large amounts. Toronto.—The condition of wholesale iner of the Order, entertained the Grand | trade here is fairly good. Fairly heavy Officers to a dinner at the Homewood shipments of drygoods are being made Sanitarium last evening. The local circle | and buying in all lines of spring goods entertained the visiting delegates to a is active. The continued bad state of concert supplied by local taient in the the country roads is having considerable City Hall to-night, which was thorough- effect upon some lines of trade. Groceries are quiet, with the exception of a light sorting trade. The hardware trade is showing more activity, and orders are coming in well. Prices have a firm tendency. Heavy goods are in active demand and paints and oils are moving briskly. There is continued activity among the manufacturers, and the prospects for trade generally continue

> At Quebec wholesale trade is slowly improving and is likely to continue as the season advances. Collections are still slow. Several shoe jobbers have been in the city during the past week and some good orders are said to have been placed. City trade is fairly active. Winnipeg.-Trade is a little quiet. The mild weather has also checked the demand for some lines of goods. Collections are still slow. The outlook for trade, however, is bright. Great numbers of immigrants are pouring into the country, and trade promises to increase in volume. Prices have shown a declining tendency during the past week.

> Victoria and Vancouver.-The mild sunny weather along the coast has had an enlivening effect upon trade generally. Wholesale business is brisk and collections are good. Logging and mining camps are calling for large supplies of groceries and provisions and trade in fish is active. Trade prospects are bright for all lines of business Bradstreet's reports from Hamilton

say trade there is fairly active, although the movement of wholesale goods has not been heavier than is usual at this time of the year. Country trade is a little quiet but collections are fair. The industries here are actively engaged, and there is much doing in the way of spring trade, which promises to open

London reports to Bradstreet's say: Beyond greater activity in some lines as the warmer weather gets nearer, there is little change in the situation. Country produce is coming forward in larger quantities and prices have an easier tendency. Collections are fair.

The Week. Confidence has become more general through resumption of outdoor work, opening of spring trade and expectation that the war will soon terminate. Weather conditions are favorable in most sections of the country, and there is little interruption because of labor controversies. The most gratifying news of the week emanates from the iron and steel industry, where unprecedented output of pig iron is not productive of accumulated stocks. Other leading manufacturing operations are making steady progress, although larger orders would be welcomed by cotton mills and shoe shops. More liberai marketing of cotton has tended to make collections better at the south, and mercantile settlements throughout the country are steadily im-

DAN PATCH GIVEN UP TO DIE  Office of the Mansas City Veterinary College, 1339-31 East 5th Street.  Robert C. Moore, D.V.S., Pres. Henry C. Raddock, M.D., D.V.S., V-Pres.  Renjamin F. Knapp, D.V.S., V-Pres. Sency Stewart, M. D., D.V.S., V-Pres.  M. W. Savage, Minnearolis, Min.  Dear Sir:—I first new your borse Dan Patch, about to 9 a.m. Next 18th heat lie was suffering severe pain in the abdominal regions caused by importance the bowels probably caused by eating out chaff. His pulse rate was 72 per minute and his teraperature 103. The character of the polse was weak. The condition gradually grow worse during the afternoon until about 4 p.m the pulse rate had reached more than 100 and his temperature was 105. The heart grew so feeble that the pulse could not be taken at the jaw and the rate could not be determined by listening to the heart bents. A cold perspiration covered the entire body much of the time and the pain was almost a continuous. The visible missons membranes were highly injected, which with the high temperature showed understable evidence of the inflammatory condition existing in the abdominal cavity. At this time owing to the inflammatory condition and the extreme weak heart, the progressis was very unavorable. From 4 to 6 p. m. I had little or no hope of his recovery. About 7 p.m. a slight improvement was noticeable and his condition gradually improved.  Very truly yours,  K.C. Moore, Pritchard & Kniesley.	In four days from the time he was given up to die by three high-class Veterinary Surgeons we shipped Lan Patch from Topeka to our "International Stock Food Farm" at Savace, Min., and commenced feeding him three times the usual quantity of "laternational Stock Food" and giving it to him four times per day. He received his strength very rapidly and in three weeks from the first day of his sickness be peed a attlenat Springfield Hi., in 2-ti. This was in the face of a cold wind and over a tract that was not in chape for extreme that miles. Dan was shipped from Springfield to Memphis and in six weeks from the date of his sickness be astonished the world by paring a mile in 1-55 without wind shie st. "International Stock Food" is a reasonicable vertetable preparation to give permanent strength to the entire system as well as heigh a greatable to discation and assimilation. It is used and endowed by a majority of the great trainers and is in constant use on most horn-breeding forms.  Dan Fatch has been fed "International Stock Food" every day since we hought him two years are for \$5,000. Since that time land has broken I world's records and has been example and viceorous. Owing to bic great convilicational strength he was able to withsi and life every sickness. You could not ask better preef of the superior media of "international Stock Food" which you can food at a cost of I FEEDS FOR ONE CENT.
Dear Sir :—I thank you for your letter of the 1'th., and for all the trouble you have taken to bring the "International Stock Food" to notice. The marks of the food for horse in a poor condition were not unknown to me before your communication came to hand, but I had not given it close attention as a possible medicine for other animals in trouble A recent trial of the food with a pen of rice suffering from what I character as "Erraipelous Pleuro-Enteritis" ce takely proved most successful. After losing two hogs within three days out of a pen of seven I commenced feeting your > took Food thereby to the remainder, all of which had refused to cut the ordinary food and were sick. On the fourth day a third hog died, but the remaining four rapidly recovered and are now well. I took the precaution to feed "international Stock" cod" to all the pigs on the form and in adjoining peak during this outbreak, and quite believe have saved myself from serious loss by using your remedy. I am dear sir. Yours Faithfully, Sigh J O.H. Harson, Director.
