TOWN TOPICS

SPECIAL OFFER—The Weekly Globe and Canada Farmer and the Review to Jan. 1, 1906, only \$1.00.

J. L. Flarity has just ordered a full line of Ladies' Coats of the finest make. Do not buy your Spring Coat until you have a look at them.

C. F. Stockton has sold out his interest in the Queen's Hotel at Elora. Mr. Roos has a first class reputation as a hotel man. He takes possession here next week.—Mt Forest Confed.

Ploughing began last week in several localities, the snow having made a quick departure and March a splendid month, went out like a lamb. The temperature dropped very satisfactorily, for, for a few days, the heat was rushing vegetation along too fast and there is now a prospect of a good season.

FOR SALE—A Colt, rising 3 yrs., and one Colt rising 2 yrs. Mr. Broder and sister and well matched. Also a few head of young cattle in good shape, 20 store pigs, 80 to 100 lbs each, Sow with litter 2 weeks old. Apply to

Wm. J. Adams.
Dromore P. O., March 4, 1905.

A Literary and Social evening will be held in Calder's Hall on Monday, April 17, under the auspices of the Presbyterian Guild. A programme of Shakespearean, and a short drama, with Shakespearean characters, will begin at 8.15, after which refreshments will be served. Admission 15 cents.

CEMENT—Supt. Farr expects to have some of the rotaries going this week. The chimney at the Mills are being extended upwards same height as the north one was last year, change being an improvement. Clay drying and grinding is going on and only the mill is now needed to begin operation. Grinding of clinker has been in progress for some time, and more cement was shipped in March than in April of last year. The price has gone up of late and there seems every prospect of a most satisfactory season.

BOUGHT DRUG BUSINESS—Mr. Jas R. Gun, of properly we should say Jas R. Gun and Co. have bought the business so long conducted by the late H. Parker and intend to retain the name of Parker to the store; their "announcement" appears in this issue. They will continue the business as far as possible and we wish the new firm all the success their enterprise deserves. There is a tinge of sadness as one reflects on this break between the past and the present. Few of the present inhabitants can remember a time when there was no Parker store in Durham. But such things must be as long as life is a tenant with a lease certain to expire.

TRUSTEES FRATERNIZE—Messrs. Hamby and Coram of Drayton, delegates from the Trustee Board of that village, were in town on Friday and Saturday last to interview the local Board and Principal in regard to the formation and value of Continuation classes. An impromptu meeting of the whole Board was got together and the visitors were freely given all the information possible as to the very successful results attending these classes in Durham. Mr. Hamby is postmaster of Drayton, Mr. Coram, of the Drayton Advocate, and the latter of course made fraternal calls on the two officers here, while both took time to view the farming well and have a look at the cement works soon to be in full operation. They seemed pleased with the information and reception they received and insisted on the Board and Principal having dinner with them at the Hahn House.

MR. ALEX. DARGAVEL—Mr. J. W. Crawford were to leave last week in response to a telegram from Alex. Dargavel, containing the sad and unexpected news that his brother-in-law, Mr. Alex. Dargavel, had come suddenly to his death by the train on the riding on the Thursday evening previous (he died on Saturday) he was in some way thrown from his horse and in falling struck the end of a sidewalk causing severe internal injuries. He was seven small children are chief mourners and besides there are two sisters, Mrs. J. W. Crawford, Durham, and Mrs. Collinson, Thos. in Warton, and Dr. Wm in Morrison, Minn. Mr. Dargavel conducted the crematory here for a few years and left for the West in 1897. Mrs. Collinson accompanied Mr. Crawford on the sad trip. We give elsewhere an account of the death from the Wolesley paper.

COMMITTED—Wednesday last at the instance of Mrs. R. Carr, Holstein. Mr. Prior was charged with forgery before Police Magistrate Zelford here. Mr. Morphy, K. C. Listowel, was counsel for defendant and Mr. Dunn, of MacKay and Dunn for plaintiff. A Mr. Trace had offered Mrs. Carr board money and Prior struck on an order which he alleges Mrs. Carr gave him but which she denies. This order for \$7.00 only, is at the foundation of the charge, evidence of several parties was taken, amongst others, in a sensational manner. An autopsy was held in the afternoon when the latter faintly while being examined. Morphy had Mrs. Carr write to dictation, a similar order and made a keen and ingenious defence that the writing was by one and the same person, judging by the slope, formation of letters, etc. Mr. Dunn had evidence of a stronger nature evidently for Magistrate Zelford and Mayor Holstein (who was also on the bench) after retiring for consultation, decided that the plaintiff's case was proved and that defendant must stand his trial at next sittings. Bail for \$200 given by Freeman and Moyer was accepted. Facts of the evidence referred to facts of an unsavoury nature.

Dr. Brown, eye, ear, nose and throat, will be at the Knave House, Durham, Saturday April 8. Hours 12 to 5 p. m. Eyes tested and glasses supplied.

Master Milton Mills while playing round a clothes reel last week, got his thumb caught and nearly wrenched off. It was a very painful injury, but he is getting along fine.

A. Gordon is offering 10 per cent discount for the Anniversary Sales, commencing the 27th Anniversary in Durham. Call and examine.

ROYAL SCARLET—A Royal Scarlet meeting will be held in Calder's Hall at 8 p. m. on Friday, April 14. All members are urged to attend as important business is to be transacted.

J. W. BLYTH, Scribe.

RAILWAY ACCIDENT—Last week while one of the Colonist trains was proceeding West, near Dryden, some coaches left us turning over three times, and strange to say none were killed but 28 were injured. None of the injured are from this part, but a Dundalk lady had her leg broken.

A renewal from Benton Harbour, Mich., received last week, from Mrs. Brennan, nee Miss Lizzie Hartford formerly of south Glenelg, shows by the statement that her son John is engaged in a successful Coal and Wood business in that town. One of her daughters is book-keeper for a real estate agency. How time flies.

The number of legal teaching days in rural schools will be 122 for the first half year and 80 for the second half. In urban schools the first half will consist of 122 days and 80 for the second half. There will be no papers set for examination in any of the classes in literature, history, temperance and hygiene, nature study and writing.

PARK LOTS SOLD—Mr. Shephard, executor of the Parker estate, is making good progress in the disposal of the various Park properties. The five acre lot south of the old covered way was bought by Mr. A. Gordon for \$280 and is really a fine property. Only the house and the residence remain to be disposed of, these may not go at bargain-day prices.

An item in the Advance from the inmate of the Industrial Home at the date says: Ten deaths have occurred in the Home since its opening; four men and six women. The deaths occurred on October 2nd, December 2nd, and three men and three women since the first of Jan. 1905. The number of inmates at present in the Home are twenty-five and the residence remain to be disposed of, these may not go at bargain-day prices.

A SUDDEN DEATH—One of Bentinck's old residents died suddenly last Saturday, in the person of Mr. J. L. Fish, 4th con. The old gentleman lived with his son and had gone out to the barn to a few chores. While out he took a chill and he was assisted to the house, where 15 minutes afterwards he died, presumably from heart failure. Elsewhere is a fuller account, kindly furnished by R. Torry, formerly a neighbor.

LACROSSE CLUBS RE-ORGANIZING—This season Owen Sound's senior team has dropped out and the County Team will be content with one team, the Wellingtons in the Junior series, C. L. A. Strengthened by one or two senior players the Wellingtons ought to give Durham another hard tussle for the championship. Shelburne once more goes in for lacrosse, and will enter the Inter-lake series. In the line-up there will be found Caldwell and the new Cartee who played here two years ago. Durham will no doubt soon fall in line.

During April Gordon the Jeweller is giving great bargains in all lines to commemorate the 27th Anniversary of his business in Durham. Good goods at popular prices. A. GORDON, Jeweller.

THE GREAT WELSH REVIVAL—This was the topic at the Presbyterian Guild on Monday night and a larger attendance than usual was present. Mrs. Farquharson led the singing and had the work in its different aspects admirably allocated among various members. Miss Maggie Hunter sang one of the two hymns which have been taken to heart by thousands. "Tell Mother I'll be There" and "My Father's House." Mr. Dargavel and Mr. Drysdale the other "The Glory Song." Misses Allie and Maggie Grant gave readings from accounts of the work by Morgan and Stead. Miss Maggie Hunter gave Evan Roberts' account of himself to Stead, and Miss Forlar showed a Revival Meeting at work. A quartette by Messrs Drysdale and MacFarlane and Misses Fraser and S. Burnett closed the meeting. Hearty votes of thanks was given to Mrs. Farquharson and her helpers. This wonderful revival has aroused world-wide attention, and many places, near and far, are praying for a similar outpouring of the Spirit.

Mr. Geo. W. Brown, of Regina, member of the Northwest Assembly, which arrived on Saturday at Holstein to visit his father, Mr. Thos. Brown, was in Mt. Forest Tuesday. A talk with Mr. Brown on the much discussed Autonomy Bill for the Northwest proved interesting to a number of our citizens and brought out the opinion—which is important in Ottawa is more likely to be granted them, as it does from such an able gentleman and one of vast experience in the West—that the amended bill is about the best that could be devised, because he considers parliament in Ottawa is more likely to formulate a better law than the new and inexperienced legislators of the new provinces. This simply means (but we don't know whether Mr. Brown looks at it in this light) that he considers the people of the Northwest are not yet fit to govern themselves, and that the time has not yet arrived when autonomy should be granted them. Also that there is nothing in the cry of provincial rights.—Mt. Forest Rep.

Millinery Openings.

The demands upon our space this week prevent us from giving all the notice we would like and that the sub-opening of the two establishments in town, for Mr. Ireland has dropped out put into headwear into the no less important department of footwear and millinery.

Still the situation demands a notice and we append a description of some of the leading styles.

S. F. MORLOCK.

Exclusive and charming, the Spring Millinery display of S. F. Morlock was an interesting and attractive event of Wednesday and Thursday last giving us a delightful glimpse of the coming of fashion's models and what the dictates of fashion call for.

For the last three weeks Miss Hall and her assistants have been busily engaged preparing for the eagerly anticipated event which is invariably a fascinating moment in the feminine world.

The small hat is much in favor but many of the large dress hats are still shown. A few of the hats we noticed was a very pretty toque of red and green with fancy straw and chiffon trimmed with fruit and taffeta ribbon.

There is also a pretty dress hat in black allover lace with tucked chiffon edge and large black feather caught on the crown and falling on the hair at the back.

The children were not forgotten and a pretty poke bonnet in cream and pale blue braid, silk facing and ties of pale blue satin was very pretty. Also one of red chiffon.

Entering Miss Dick's finely appointed parlors on Lambton Street we find a wealth of millinery supplies, made up and not made up fully abreast of the best of previous years.

One of the leading styles was the Napoleon. The brims were turned up and rounded forming a slight point in front and a decided point on the sides. The back turns up sharply off the hair, giving a straight line at the back of the head, with rosettes or quills.

Another was a shape with front rolled slightly and with a very high back coming over the dome crown in radium stripes with shaded flowers and ribbon to the radium shades.

One type of toque is the Polo, trimmed simply with a crush of ribbon, tuft of flowers, or small paradise plume.

One showing the new shade of mauve was made in a most becoming shape with two tone effects in straw with lilacs. An extremely stylish hat was in the burnt almond shade of straw with an extremely high back and narrow brim with ribbon lace and foliage trimming.

A call will prove extremely interesting and Miss Dick or one of her seven assistants will be delighted to wait on you.

To LET.—The rooms above A. McLaughlan's store, recently occupied by Dr. Gun as office. To rent on easy terms. Apply to

W. H. BEAN,
Secy A. F. & A. M.

An item has reached us intended for last week, speaking of the success of the sale at Mr. Hugh McKechnie's, Rocky Saugeen, under the hammer of his old neighbor, Auctioneer John Clark. Satisfactory prices were realized for almost everything.

Durham School Report.

Intermediate—Sadie McDonald, Ella Carson.
Jr A—Neil McMillan, Mary Legate, and Nellie Fluker.
Jr B—John Duncan, Allice Ehrhardt.

The Late Joseph Burns.

On Saturday last, April 1, there died in the township of Bentinck, the above well-known citizen in his 83rd year. He partook of a hearty breakfast and while at the barn attending to his chores as usual, a weak spell came over him, he was taken into the house, but died before medical aid arrived.

The deceased was born in the County of Wicklow, Ireland, and came to this country with his parents when about 20 years of age. They settled in the County of Halton but later came to Bentinck farm near Haverhill. In 1855 he was married to Helen Ryan, who survives him. To this union were born eleven children, of whom nine survive, 5 boys and four girls. The last years of his life were spent on his present farm, lot 30, Con 4, Bentinck, on Tuesday, many neighbors and friends paying their last tribute of respect to the memory of the genial Irishman.

Since securing a first-class coat-maker J. L. Flarity is in a position to give the best of satisfaction. Call around early and secure your Spring Suit.

A BUSY MAN—There is one man in Wingham that is not likely to grow too fat for want of exercise. That man is the town constable. The council have passed a by-law defining his duties as follows: Besides performing the duties of chief constable he shall perform the duties of sanitary inspector, caretaker of town hall, captain of the fire brigade caretaker of the waterworks and fire protection apparatus, fire inspector, bread inspector, tax collector, including the collection of dog tax, poll tax, and license fees imposed by the union, and shall enforce all by-laws of the town and prosecute all infractions thereof. The by-law sets forth the manner in which the chief shall perform his different duties.

Old Furniture Made New.
Persons having furniture, pianos or organs that require re-fitting or polishing will do well to call on the undersigned and have the work done before house-cleaning season. Orders may be left with Edward Kress, or with Shewell and Lenahan. All goods called for and returned. This is an opportunity to have your old furniture made like new. Charges moderate.

FRED W. SEARCH.

Spring Millinery

Our Millinery Opening last week was a grand success, the tasteful and beautiful hats being admired by all. Our business is now "greater than has been," as is evidenced by the fact that our head trimmer and 7 assistants have been kept very busy.

If you have not yet bought your spring hat, come now, as we have
