Bradstreet's on Trade,

Montreal trade reports say:-General business conditions continue fairly satbad state of the roads throughout the to Cuba, along with a number of Ameri- country, and the outlook is bright. The can and European adventurers, who dry goods business has been active and were anxious to strike a blow for Cuban the movement in iron and hardware goods fair. Orders for present and future delivery are large. Wholesale grocers find trade a little quiet, but the prospect is for immediate improvement in this respect. In the wholesale trade there has been a good volume of orders for later shipment. Spring activity is opening out pretty well in all lines of industry. Values of commodities generally are steady to firm. New cotton list prices have been announced, and contrary to expectations, prices were, if anything firm. Most lines of country produce continue to hold their prices.

Toronto reports to Bradstreet's say: -Satisfactory trade continues to prevail throughout the country generally. Wholesale trade in all lines is more or less active, and the prospects continue bright for all lines of business. From manufacturing towns the payments ore prompt and equal to about 90 per cent., while those from the country towns are slow.

At Quebec, the soft weather of the past week has retarded the movements of travellers, but as a rule, orders are well to hand. Remittances show slight improvement. Prices are being well maintained and considerable activity is noticeable in the hardware and grocery trades. No great activity is noticeable in the building trade for the coming

Winnipeg reports to Bradstreet's says: -Wholesale trade is fairly busy, there being a good number of orders for im mediate and future delivery. Collections ately after learning of the error he had however, show a little improvement, and it is generally conceeded that that the Rosseau said that he had attempted very general land speculation of a short fragrance whenever loving deeds are per- but when he was told he could begin at of its presence and of the amount of ing in the house over the wonders your medthe bottom of the ladder, the need of space it occupies. It would have been icine worked."-Mrs. M. A. C. Letellier, 782 Great in Washington because he did tinue to pour into this part of the countries. try in large numbers and the outloo is very favorable to trade expansion.

Reports from Victoria and Vancouver say:-Business generally continues ac tive, The dry goods trade is brisk and shows an improvement over that of a year ago, and there is a good trade doing in hardware. The fine weather is keeping down prices of dairy pro ducts and the outlook for business all along the coast is hopeful. The lumber trade is fairly active and hopeful for better conditions. The Provincial industries generally are actively engaged.

The Week. Spring trade responds to seasonable weather, and shipments of merchandise have increased so rapidly that railway facilities are severely taxed. At many points there is complaint of car and mo tive power shortage, and navigation on lakes and rivers at the north has not opened as promptly as business demands where he was lassoed and dragegd away | The customary damage from floods has rendered many mills idle, and several It is supposed that the animal escaped | minor events added to the number of unfrom one of the West Side stockyards, employed, but these temporary adverse He appeared at 42nd street and highth | features are more than offset by the reavenue just as the matinee crowds were sumption of out-door work, especially in gathering, and there was a rush for building operations and on the farms. in efforts to take to side streets, and the best news of the week coming from the entrances of theatres, hotels and res- | iron and steel industry, where new recthere is frequent complaint of small pro fits because of high costs of production, particularly as to raw material and labor. Railway earnings for the first two weeks of March were 7.9 per cent. large than last year, and foreign commerce at this port for the last week shows a gain sped down to 35th street, where his of \$2,077,012 in exports and \$175,258 in attention was attracted by a woman imports, as compared with 1904. Money marketts are a little firmer and prices doorway, but the animal was rapidly of securities somewhat weaker.
