## Double Deeds at Dromore.

It does not usually fall to the lot of parents to part with two of their daughters in one night by marriage, yet such was the case at the home of Mr. and Mrs. Jas. Eccles, near Dromore, on Wednesday evening last. But used as they have been to receiving two into the house at one time, in the shape of twins—one of whom was one of the participants—it is not so much to be wondered at, and in keeping with a statement made by us in reporting some three months ago, that Dromore never does things by halves.

Promptly at 6 o'clock the Rev. Mr. Campbell took up his position in front of a splendid arch of evergreens and roses, when to the strains of the wedding march played by the accomplished Mrs. Ada Hudson Haw, the two brides in a stately and becoming manner marched in unattended, followed shortly by the bridegrooms, and took their places beneath the arch. The contracting parties were Mr. David Gillies of the 10th con. near Robb, to Mary the eldest daughter, who was tastefully dressed in a skirt of white french voile and a waist of white soursilk and white chiffon rosettes. The others were Mr. Frank H. Adams to May, the second daughter, who was also beautifully attired in white french organdie skirt and waist, with all over lace yoke of valenciennes. Her travelling suit of blue broadcloth with a white silk waist looked pretty to our eyes.

Each bride carried in her hand beautiful bouquets of white carnations and asparagus ferns. After each had been proclaimed man and wife, a sumptuous supper was served up of the many good things which the ladies of the house know well how to provide. A couple of bridesmaids graced the table.

Thereafter a pleasant and agreeable time was spent in mirth and song. Instrumental music was furnished by Mrs. A. H. Haw and vocal by Wm. Ramage to whom, at the close, hearty votes of thanks were tendered by those present. After "Auld Lang Syne" had been duly honored with congratulations and well wishes were again showered upon the happy couples who have begun life so auspiciously.

Following is a list of Presents which were in each case duplicated: Pair of colored water set, china parlor lamps, fruit dish and servers, butter dish, glass cake dish, crystal salt and pepper stand, fruit dish and 1 doz. servers, dotter, dotter, dotter, gilded crystal tea set, 1 doz. silver tea spoons, 1 doz. from Grandpa Eccles, collar and jewelry boxes, gold lined table cover, china tea set, pair towels, 2 table cloths, crystal jelly cake stand, pair blankets, bedroom suit, china tea set. In addition to these gifts were given to Mary of a gilt-lined fruit spoon, butter knife and fish fork, 1 handkerchief cover, 2 pairs lace curtains, dollie, fruit dish, 1/2 doz. servers. And to May: a fancy figured porphyry tea pot, sugar spoon and butter knife, sideboard scarf and towel, pair lace curtains, center piece of drawn work for table, bedroom set dishes, fruit dish, 1 doz. servers, bread knife, armchair and rocker, cushion.

Mr. Gillies' gift to his bride was a gold watch, and to May a gold heart brooch with pearl laid with bone interwined. Mr. Adams' gift to his bride was a gold bracelet and to Mary an inlaid pearl brooch.

Miss Eliza Wilson who is teaching near Markdale, visited for about ten days at her parental home.

Mr. Harry Sterne was in London 2 days of last week on business.

Mr. Thos. Patton, late shoemaker here, renewed old acquaintances last week.

Mrs. Peter Lister (nee Jean Renwick) Dromore's sweet singer, now of Belmont, Man., is home for an extended visit to her parents here and looks as if the prairie plains had agreed with her. We are all glad to welcome her back, especially the Dromore choir, who lost so much in her removal to the West.

Mrs. Riley who has been visiting at the home of Mr. John Renton returned last week to her home in Pricerville.

Mr. John Wilson who has been in attendance for 7 weeks at the Gen. Hospital, Toronto, for treatment of cancer, has returned and sorry to say not as much improved as we would wish to report. We hope that he may soon be restored to health and strength.

Miss Maggie Hay and Mrs. Comp, (nee Jean Lester) of Toronto, are home on a visit to parents and friends here.

Messrs D. McKelvie and Jas. Geddes, Jr., were in Markdale on Monday on business in connection with the Bell estate.

Mr. Wm. Adams and his mother, who have long been residents here, moved into Durham on Thursday last. Their presence will be missed in church and social circles. Their place is assumed by the young couple who were married the day previous, Mr. Frank Adams and bride.

The sale of Mr. Chas. McKenzie was well attended notwithstanding the bad roads, and good prices amounting to over \$700 were realized. Mr. Thos. Renwick has the place rented for a term of years.

Miss Minnie Hooper has again secured a large class in music on the line to the west and north of us, and is meeting with good success.

The Song Service at Ebenezer was successfully presented and in addition to the home talent valuable assistance was given by some members of Dromore choir.

Amos C. E. are preparing for a special service on Easter evening, when music and addresses of an appropriate nature will be given.

Mr. and Mrs. Robbie Henry of Robb visited over the week end at his parents here.

Mr. and Mrs. Jas. Mather, Normanby, visited the latter's father and mother on Saturday and Sunday last.

The Lethian Bros. have purchased a

valuable animal from Mr. Donald McDonald, Cedarville, of the Durham breed, with a view to still further improving their fine stock of cattle. They have recently disposed of a fine bunch of cattle, at a handsome figure of .50 per lb.

Mr. Bob Britton of Bentinck visited his brother William here one day last week.

Mr. Thos. McComb purchased a fine driver from Will McFadden, this with a new buggy which he bought from Allan Bell, he will surely make things lively.

What we would like to know: If the two boys got their clothing dry yet after falling in the creek one night lately.

## DARKIES' CORNERS.

Well Mr. Editor as it is some time now since you got any news from our little corner here. I thought I would try and give you a few items, as you know we are still living.

The farmers are all busy at the plough now and are getting things in shape to begin seeding.

The roads dried up considerable last week, but didn't notice any dust flying yet.

Mr. Bert Ritchie is engaged with Mr. Joseph Atkinson for the spring months.

Mr. Howard McGillivray of Michigan is at present renewing old acquaintances around here.

We understand Mr. Robt. Aljoe got to the end of his journey in the West safe. One poor girl looks lonesome.

Mr. Thos. Davis went up to work in the McKenna swamps at Glenora last week.

## Kitchen Economy.

With the uniform high charges for gas, the gas stove is ordinarily the most expensive piece of household machinery and at the same time it is the one least understood by the average housekeeper. Writing in the May delineator under the topic "Gas Stoves and Refrigerator Knowledge," Isabel Gordon Curtis has some suggestions in this connection which rob the gas stove of its terrors of cost. Young housewives particularly will profit by reading the article which will be in the series "The making of a House-

## Smut in Oats.

It is probable that there is an annual loss of fully three million bushels of oats in Ontario through the injury to the crop caused by smut. This could be largely prevented if the seed oats were immersed for twenty minutes in a solution made by mixing one pint of formaldehyde (formalin) in from forty to forty-five gallons of water. This solution has the power of killing the spores of smut and leaving the oats uninjured. If the treatment is made several days before seeding takes place, the oats should be spread on a floor and thoroughly dried; but if it is made immediately before sowing, it is only necessary to partially dry the seed. Great care should be taken to prevent smut spores from bags, bins, grain seeders, etc., becoming mixed with the oats after the formalin has been used. This treatment is easily performed, comparatively cheap, and very effective, and if thoroughly performed, need not be repeated from year to year.

## Spring Wheat Sown in March.

Forty-three varieties of spring wheat and four varieties of spring rye were sown on the experimental plots at the Guelph College on March 30. In 1902 the spring wheats were sown on March 27th. These are the only two seasons within the past twenty years in which the spring seeding at the College could be started in the month of March. It is generally useless to attempt to grow spring wheat in Ontario unless it can be sown as early in spring as the land is suitable, even if the seeding is followed by cold weather and snow storms.

For five years in succession, an experiment has been conducted by sowing spring wheat, barley, oats, and peas, on different dates in the spring of the year. The first seeding took place as soon as the ground was sufficiently warm and dry to work to good advantage. One week was allowed between each two seedings. The results indicate the importance of sowing spring wheat, barley, oats, and peas, in the order here given, starting with spring wheat and finishing with the peas.

After the first week was past, there was an average decrease in yield for every day's delay in seeding of about one and one-half bushels of oats, one bushel of barley, one-half bushel of spring wheat, and one third bushel of peas per acre.

# PHOTOGRAPHS

To introduce our FINE LARGE PHOTOGRAPHS, we have made arrangements to give

ONE with every dozen Cabinets.

THESE LARGE PHOTOGRAPHS, finished in the latest style, mounted on a beautiful American mount, are worth \$1.50 alone. This is going to advertise our Studio far and wide and hundreds of people will see them. We do not say how long we can continue this offer as it means a lot of extra work and expense.

We know this style of Photograph will please you, as it is real artistic.
