This agent made a personal just before daylight, Every one on board visit to Snyder, where he observed the began at once the work of relief. On evdetails of the calamity.

Snyder is a town of about 2,500 inhabitants, in Kiowa County, Oklahoma, in the Kiowa and Comanche Indian country, opened to white settlement in 1901. The town was laid out largely by the St. Louis and San Francisco Railway. at the junction of two of its lines, and the company erected important buildings there. Snyder is the division point for the Quanah division of the road. The town was named for Bryan Snyder, passenger traffic manager of the system.

The conclusions of the Japanese Government about stated to be as follows:

"First-Without questioning the good faith of France, Japan holds that the French orders to observe neutrality have not been sufficiently executed.

"Second-France should have taken sufficient measures beforehand to presecuring the observance of neutrality af-

"Third-In default of sufficient surveillance, Vice-Admiral Rojestvensky has it was for the ends of warfare that Vice-Admiral Rojestvensky utilized on successive occasions French waters, both for anchoring and re-victualing, and in awaiting the arrival of reinforcements.' The foregoing is said to be substantially Japan's position both as to the past and as the basis of any future claims arising from the alleged breaches of neutrality.
