The factory roof is on, flooring is approaching completion, stairs is up, and it won't be long before work begins.

We beg to acknowledge receipt of complimentary tickets for the races of the Mt. Forest Driving Park Association on July 1.

Prince Stanley, the 20th century high wire marvel, appears at the big July 1 Demonstration under the auspices of Ben Nevis Camp.

The whole assessment roll of the town of Clinton has been appealed against on the ground that the new Act was not complied with in making the assessment.

NEW MODERATOR.—Rev Wm. D. Armstrong, M. A. Ph. D., Ottawa, was elected Moderator of the General Assembly of the Presbyterian Church in session at Kingston last week and this.

TO LET.—The rooms above A. McLachlan's store, recently occupied by Dr Gun as office. To rent on easy terms. Apply to

W H BEAN, Sec'y A. F. & A. M.

Dave Darby called in on Saturday morning and exhibited to us one of the finest trout we have yet seen. It was caught in Watson's, above McGowan's dam and weighed almost 2 lbs, measuring 15 1/2 ins. This is no fish story.

Durhamites at a distance are already planning to come home to the by Demonstration on July 1. The sons of Scotland are the organizers, but it is really a town affair and citizens should display bunting, flags, evergreens, etc. This will be a record breaker.

DON'T FORGET IT.—The members of the Epworth League of the Methodist church have arranged an excursion to Niagara Falls on Friday, July 7, including all stations between here and Elora, (inclusive.) Special train leaves Durham at 7 a. m. and will return evening of same day. Tickets good to return on any train up to Monday 10th. Fare: Adults \$2.35; Children \$1.20. Further particulars later.

EVERYTHING COMPLETED.—All arrangements are now made for the Sons of Scotland Demonstration on July 1. There has been delay over train arrangements but the difficulty has been happily overcome and with good weather, this year's show promises to eclipse last year's as much as that did any previous effort. Only 25 cts to the grounds, children 15 cts, vehicles 25 cts. Admission only by ticket for sale at the Drug Stores and at ticket offices.

A RECEIPT FOR KISSES.—To one piece of dark piazza add a little moonlight; take for granted two people. Press in two strong ones a small, soft hand. Sift lightly two ounces of attraction, one of romance; add a large measure of folly; stir in a floating ruffle or two, one or two whisperm. Dissolve half a dozen glances in a well of silence; dust in a small quantity of hesitation, one ounce of resistance, two of yielding; place the kisses on a flushed cheek or two lips; flavor with a slight scream and set aside to cool. This will succeed in any climate, if directions are carefully followed.

THE EXCURSION.—The officials of the Farmer's Institute, notably Secy, Binette, must be gratified at the success attending this year's excursion. Saturday morning looked threatening but four coaches left the station here pretty well filled and Varney, Holstein and Mt Forest contributed many more and when the union with Hanover branch was made there were 10 coaches in all bound for the farm. The usual courteous treatment was extended to the visitors at the farm, a generous lunch, open buildings, lectures, guides, &c., all parts of an education that is telling on the province. Tickets being good for a stay over many remained until Monday. A communication received in this office deprecates the conduct of a few young men en route who, without apparent cause shout and yell in a way that gives "city people a right to consider us hay-seeds and hoodlums." Another humiliating circumstance to our correspondent is the "attention and patronage bestowed on cheap Johns, quacks and fakirs, when there was so much of an elevating nature to be seen and heard." Such things will be dear friend, and even the impudent and desperate crush at the lunch room door will continue to cause wonder if the crowd had had anything to eat for a week. Burns knew all about it "Deil tak' the bin-most on they drive." The afternoon was wet, causing more indoor inspection than usual, while many "did" the city,

A novel and delightful feature of the 1st of July demonstration in Durham will be the presence of about 70 of St. Andrew's Society Royal Cadets in Highland uniform, Stuart tartan, with rifles, &c., afternoon and evening.

A CHAIN OF MOVINGS.—Mr. and Mrs. Buchan are moving this week into the McKechnie manse property, the Munroe family follows them while Mrs. and Miss Park, we understand, will occupy their old home in the Crawford residence.

The pipers and drummers of the 7th London Fusiliers, will be on hand at the Ben Nevis Camp Demonstration on July 1. Everyone admired the pipes in concert last year, and gratification is again in store for lovers of the "marital strawn."

Mr Leonard, C. P. R. superintendent of construction, was in town last week. The railway is now a surety though when construction will commence we cannot say. We are informed that the route through town is likely to be that crossing Garafaxa St. at Dr Hutton's corner.

LECTURES.—Rev Dr Walter. Markdale intends giving a series of lectures in the R. C. Church on the evenings of the first Sundays in the month, beginning in July, on "Rome and the Holy Land." The Rev Gentleman has travelled there and has therefore a personal knowledge of his topic. Admission 10 cts.

The editor of one of our country papers received the following query: "Can you tell me what the weather will be like next month?" In reply the editor wrote: "It is my belief that the weather next month will be very much like your subscription." The inquirer thought for an hour what the editor was driving at when he happened to think of the word unsettled. He went in next day and squared his account.

PROF. KONOLD'S SONS.—Last week's "Republican" published at Laramie, Wyoming, has the following reference to the offspring of our well-known and genial master in music, "Rudolph Konold, general manager of the Phoenix Mutual Life Insurance company at Salt Lake, is in the city the guest of his brother, Engineer Al. Konold, expecting to leave to-night for an extended eastern trip. Mr Konold, before his return to his home in Zion will pay a visit to his aged parents in Canada and will attend a meeting of the general managers of the Phoenix company in Detroit on the 20th. He has been very successful in the insurance business and has just finished an elegant home for his family which cost a little over \$6,500." Another item in the same issue says "Miss Louise Konold, the beautiful young daughter of Mr and Mrs Al. Konold, who has just returned from a year's visit in Canada, completed a course in harmony and theory of music while away, her instructor being her grandfather, the elder Konold, who is one of the most skilled instructors in the British possessions."

ACCOMMODATING.—A Western photographer advertises "If you have beauty, we can take it, if you have none we can make it."

HINGS—I will pay for green, trimmed Beef Ring Hides free of cuts and holes 7 1/2c per lb. 2 lbs per hide tare.

T. SMITH.

Mr J. J. Henry, from Walkerton, has come to town and opened up Monday a bicycle and general repair shop south of S. Scott's store, formerly the laundry.

Our obituary columns to-day record the death of Miss Annie Rielly, near Edge Hill. Deceased was an amiable young lady and will be sincerely mourned by relatives and many friends in Gilebel and Normanby, where the family lived for many years.

A RUNAWAY in town Saturday evening caused some little excitement. The horse, which belonged to Mr Harry Miller, Bentinck, was standing tied in front of McKechnie's store, and it became frightened at the lighted bus passing by. It bolted, breaking the bridle, and ran north, turning west at Dr Hutton's corner and was finally caught near the creamery. No material damage was done to the buggy.

LOURISHING LACOMBE.—Mr Angus McCormack, Glenroaden, has handed us a copy of the Western Globe, published at Lacombe, Alberta, which contained a long article dealing with the desirability of this district as a place for settlement especially since the opening of a branch of the C. P. R. The article describes a trip made by the editor and others and is full of notes regarding the soil, the timber, ranching and dairying opportunities, the hospitality they met with, &c. They rushed over a dozen embryo villages, and everywhere there was a rosy outlook. We wish we could print the whole letter, this is impossible, but anyone wishing to see it can do so by calling at the Review office or better perhaps call on Mr McCormack, who is an enthusiast on the West. The article instigates a number who have "ambition fever," one man beginning to turn over a quarter sec. with a spade! It closes as follows:—"Lacombe is the district of prosperity and contentment. Where some of the best land in Western Canada is to be found. When a land seeker looks over the Lacombe district he is at once satisfied, and willing to cast his lot with the balance of the settlers who are enjoying life and the best climate on the globe."

On to the Tented Field,

Tuesday morning under Capt. O. M' Snider, No 4 Co., 31st Regiment, gathered for their annual trip, the last to Niagara Camp. Including Lieut. Torry and Staff-Serg. Ramage, the latter raised to the dignity of carrying a sword, there were 20 in the lunch and though some of them had scarcely an hour's training they made a presentable lot and will come back greatly benefited by the two weeks discipline and drill. The Company consists of O. M. Snider, Capt.; R. Torry, Lieut. The others at random are (we don't know the sergeants and corporals): Percy Vollet, John McLean, Wm Darby, Ed Glass, Alf Noble, John Lloyd, Wm Johnston, Ross Barclay, Harry Barnett, Peter Ramage, Thos Moore, Bert Moore, Geo Pilgrim, Alex McComb, Stanley Telford, Norman McGillivray. — Green, John McGirr, Thos Reid and Ira Hinds go as cooks, and Fred Torry as bugler. We hope, if they meet the enemy, they will give a good account of themselves and we shall be glad to record their doings.

That Rink Concert.

Again the Sons of Scotland Committee have one of their big 1st of July concerts on hand, and the talent secured is a guarantee of excellence. In addition to the Pipe Band, the Cadets, the first prize dancers of the afternoon and the acrobats, Prince Stanley in trapeze work there is a full ticket of musicians of high rank, notably Cyril Dwight Edwards, who has sung before royalty and won honors in two continents. His supporters are Miss Susie McGill of London, a noted Soprano, Miss Una Butler, pianist and accompanist, and Mr. Will McLeod, Singing and Dancing Comedian of Seaforth. Doors open at 7 p. m. Concert begins at 7:30, being Saturday evening this must be strictly adhered to. By request some reserved seats have been set apart, open to first comers, and the price the usual one, 35 cts. Accommodation for all at 25c on Town Hall Benches. A large platform is being erected, the floor, will be saw-dusted, and a night of solid enjoyment realized.
