Laughter and Health.

"A Physician" writes in the London

Chronicie: If it were generally understood how salutary the act of laughing is to the salutary the act of laughing is to the bodily health there might be more laughthe farcial comedies prove more attractive to the invalid than physicians. The old adage, "Laugh and grow fat," is founded on a sound physioligical basis, ences of color between species." founded on a sound physioligical basis, It is commonly observed that fat men laugh with considerable facility. But ENGLISH SPAVIN LINIMEN they do not laugh because they are fat. They are fat because they laugh, the act of cachinnation having a profound lumps and blemishes from horses, blood tion of the blood, digestion—indeed, the spavin, curbs, splints, ringbone, sweeney, Good nourishment produces the contented body. The fit temple of the contented Blemish Cure ever known. mind, which is, we know on excellent authority, a perpetual feast.

The immediate physical results of indulgence in laughter are numerous. In the production of this mere outward granted them in nine, leaving 159 await
