### LATER NOTES.

A foot-ball match was held on Thursday evening between the 31st and 34th throughout. The volley firing of No. 4 Co., amid the light shower falling and Mr. Godfrev McTaggart, Pomona, considering the discomfort of lying a welcome caller at the REVIEW office | prone on the wet grass, shows a better Saturday. The old gentleman is still figure of merit than some larger comaway at one target about 400 yards distant, gets up and runs another 50 or 75 yards, lies down and fires again at the word of command and so on for 5 imes. One can imagine what like the target will be, something like a dilapidated fanning mill screen, of course many balls plow up the earth a few feet ahead that would put a tamworth to shame, The boys are all well.

The subtarget machines are upon the ground to which the companies are marched up, to the number of I0 or so, where the men are practised in the art of aiming, a little needle darting out into a paper target at the moment the trigger is pulled. It is very fascinating without the cost of ammunition or jar to the shoulder. Following is the score solemized at the home of the bride's of a majority of the Co., the others

A return football match between the 31st and 34th is talked of to-night. Company matches are also spoken of for next week, beginning on Monday.

The boys drill all day and are ready for play after supper as keen or keener than when at home, thus dispelling the idea of hard work so prevalent among the boys remaining at home Wednesday and Thursday were fine and warm, Friday wet and damp. to-day, Saturday, again warm but with a fine lake

read of in war reports, but happily with no direful results here. Many are planning to take in the excursion to the falls.

## Bitter Tea Is Not Good Tea

People who don't like tea know only the kind that is just bitter, the lowland tea that has more tannin in the leaf than you can kill with any amount of sugar.

Grand Mogul is a Highland tea, grown on the mountains of Ceylon, up near the sun.
