#### CO-OPERATION

Co-operation is not altogether a new system of doing business. running with increased success in England for over 50 years. It has been successful in many of the States of the Union where it has saved thousands of dollars to the farmers. We are the first to introduce it here and already have large numbers of testimonials from members showing the amounts saved to them by dealing with us,

It costs you only \$20 to become a member and we may save you that amount on one purchase.

We can supply you with any machine or Implement used on the farm or in your home.

We do not sell cheap goods but we sell first-class goods cheap. The old style of doing business has cost you much money. Why not try the new way? Union is strength and we want every farmer in this vicinity to become a member and help us to build up what will be one of the strongest organization of farmers in Ontario.

# Pure Tea

Users of Grand Mogul Tea pronounce it the beverage of good health. Grown on the sun-kissed mountains of Ceylon, i has the delicious and mellow flavor of purity.

Prepared by machinery from plantation to cup. The packages, lined with airtight paper, protect it from store dust and microbes. Never sold in bulk nor in poisonous lead. The effort to substitute some other tea to be "just as good" is the desire of some dealers for an excessive profit on an inferior article.
