Western Fair

THE EXHIBITION THAT MADE FALL AGRICULTURAL FAIRS POPULAR

When Governor Simcoe laid the foundation of London, Ontario, one hundred years ago he knew it would grow to be a great city, but had not thought of the Western Fair.

The Western Fair gives the people of this country an excellent opportunity for a pleasant outing at a minimum of cost, and at the same time develops their store of practical and useful knowledge.

Its educational features have always been carefully fostered by the Directors. This year several important improvements of an instructive nature have been added. The celebrated 68th Light Regiment Band will give three concerts daily during the exhibition. The entertainment department will be better than ever, and will include keeping the gap in mid air on a steam automobile.
