**A Grand Garden Party**

will be held at the home of Mr. and Mrs. John Aldred, Thursday, AUGUST 10th, 1905 under the auspices of Varney Methodist Church.

A GOOD PROGRAM is being provided consisting of instrumental and vocal music, recitations, addresses, &c. Durham Methodist Church Quartette will render selections.

REV THOS COLLING, Durham REV W L NEWTON, REV D L CAMPBELL, Dromore. will deliver short addresses.

An interesting feature of the evening will be a FOOT-BALL MATCH between two star teams of the vicinity. Durham Beas Band in attendance.

Admission at the gate: Adults 15c, Children 10c. Supper and refreshments extra.

All welcome. All invited to enjoy a pleasant evening.

REV T COLLING (Rev) J.I. SYMPHONSON Superintendent Pastor.

IMPROVING, BUT SLOWLY.—Much interest is yet taken in the recovery of Brad Jamieson. He made good showing for a day or two, and is still gaining but checks are occurring, as they are bound to do, which cause anxiety. We trust his rugged constitution will soon land him safely on his feet.

GET ONE.—We have just completed this week the Annual prize list of the South Grey Agricultural Society, and a copy can be obtained from Secy. Davidson. There is as usual prizes sufficient to make a good show, and terms and requirements should be studied forthwith. As usual also a large number of our progressive business men make use of its pages, and the promise of the advertisement, however brief, will be fully implemented we are confident, by calling and dealing at their place of business. Get a copy.

**The Deadly Level Crossing.**

**Mrs Felix Curran and Daughter Killed.**

The evening train of Friday last, Mt. Forest to Durham, ran into a buggy at the gravel road crossing near the old race track and the occupants Mrs Felix Curran and a daughter about 16 years of age were pitched headlong. They were returning from Mt. Forest, and whether the horse was running away, got balky or frightened is not known but anyway it was caught on the fatal spot, and two valuable lives are blotted out.

Messrs. W. D. Mills and J. R. Gun were on the train and of course got out to render assistance, while a messenger was despatched for a doctor. They found Mrs Curran still breathing, but she was past help, for she died in the hands of those who would succor her. Mrs. Gun and Miss Lizzie Laidlaw were also on the train and lent their aid. Miss Curran was pitched against a wire fence, seemingly headfirst, for her head had got between two wires and she would soon have strangled. She was soon relieved and recovered consciousness, but the shock made her hysterical and after lingering through the night and part of the next day, she too succumbed and a well-rounded home was plunged into deep gloom over the tragic occurrence.

Mr Curran is a brother of Mr Robt. Curran of this town a cousin of the Bennett family, and is well known in Southeast Normanby. He and his remaining family of five children will have the deep sympathy of a wide circle of friends, but that will not make amends for the lives blotted out by the deadly level crossing.

Mr Curran has had more than his share of trouble. He had a barn burned not long ago and in it a valuable horse. The horse on this occasion was killed also.

The verdict of the coroner's jury is given below.—“We the coroner's jury, empaneled to inquire into the cause of the death of Catharine Curran, have viewed the remains and also visited the scene of the accident, after hearing the evidence of the train hands and others and of the opinion that death was caused by being struck by engine 350 on regular train No 55 on the Grand Trunk Railway north, timed to leave Mount Forest at 8:17 p. m., on Main Street North end of town. From the evidence given we find that the train hands gave the usual signals and were not negligent in their duty, and are in no way to blame for the accident. We, however, believe that crossing to be a very dangerous one and would recommend that the Grand Trunk Railway be requested to replace the board fence on both sides of the track with wire fence for at least 200 yards west of the crossing and other arrangements be made with Mrs Foster to remove that part of her orchard that obstructs the view of an approaching train from Main Street.”

**No Review Next Week.**

Following our usual practice we shall take our annual holiday next week so that the issue of August 10 need not be looked for. The office will be open every day as usual for business of any kind.

WOMEN'S INSTITUTE.—A meeting of this body is to be held on Aug 3rd next at the home of Mrs. Thos McGirr. Cor. invitation to all. JEAN BROWN, Secy.

VOTERS' LIST.—The list for the town of Durham was issued from the Review office this week, the official copy being first hung up in the Clerk's office on Monday July 31st, from which date the 30 days for changes or additions are reckoned.

The Hanover Post referring to the Durham victory over the Wellingtons of Owen Sound says:—“The result also means that if the Durhams had won their home game with Hanover, that things would be in a mighty exciting condition just about now. The fact that the Durhams are showing now as compared with their initial performance here, shows what good, hard practice, combined with lots of pluck and nerve and a touch of patriotism, will do in this business-called lacrosse.”

DID YOU BUY?—Anyone in Durham ill after the week's expounding of the ill that flesh is heir to by the itinerant medicine man, who nightly hawks forth at the Foundry corner lacks faith in the wordy exponent. With a fine fullness he has drugs to clean the inside and soap the outside of the body, he has wit and humor of a certain kind that furnishes a laughing tonic, he has an immaculate platform presence, and an unbounded belief in the gullibility of the public, which enables him to exchange his wares for good coin of the realm in the pockets of his auditors. Of course he doesn't need the money but the people need his medicine, and the philanthropist has an ample field to work in.

VERY VERY SAD.—Last week Mrs. Lindsay of Walkerton, came over to visit her sister Mrs Samuel Edge, and was accompanied by her 9 yr. old grandson, Master — Adamson. From some unknown source he contracted measles and was getting along in the usual way, when some check must have occurred, for they “went in” on him, and he soon after took convulsions which ended in death. The poignant grief of the father and mother who also live in Walkerton, may be imagined, for this was their only child and they did not see him die. The mother was wired for, but arrived too late. The remains were taken to Walkerton on Saturday, the funeral taking place on Sunday. Messrs Dan and Robt. Edge attended the funeral from this part.

NEW CAMP GROUNDS.—Volunteers will go no more to Carling Heights at London or to Niagara-on-the-Lake for their annual drill. The government has acquired 30,000 acres in Simcoe county known as Simcoe plains, for a new military camp. The ground selected is a tract about 6 miles square, lying 5 miles north of Alliston, and three miles west of Angus, on the G. T. R. It is mostly a sandy tract, a considerable portion of which was owned by the Government. The land is well watered there being a river and a creek running through it. It is sufficiently hilly and will have ample facility for musketry practice, which is something Ontario camps have been woefully lacking in heretofore. It will also give lots of room for the cavalry to get round in. The spot is easily accessible from all parts of Western Ontario.

NEW TEACHERS.—The School Board, at its meeting on Friday night engaged Miss F. McKerracher, Dutton, for Continuation class work, Miss H. Daddon, Union, for the Entrance room. The latter is a graduate of Queens University, the former is a third year undergraduate of Queen's and holds a first-class professional certificate from the Ontario Normal College. When these is added the name of Miss Mary Gordon, of our own town, who has been engaged for the important position of Model School assistant, it will be seen that the school is splendidly fitted for doing efficient work. Miss Gordon is also a graduate of the Ontario Normal College with honors in every department she is called upon to teach. She is the first of our native born pupils to teach this higher work in our own school and we have no doubt her attainments, natural and acquired, will make her very successful. At the same meeting the estimates for 1906 were struck and the town was asked to provide \$4000 for school purposes.

**OWNERS OPICS**

The annual picnic of Lawrence's Hall S. S. will be held in Ector's grove Friday afternoon, Aug. 4th.

Rural schools re-open on the 3rd Monday in August, which this year falls on the 21st inst. Town Schools on first Tuesday in September this year.

The Rev G. Stevenson will preach at the preparatory service in the Methodist Church on Friday evening. The sacrament of Communion will be administered after the sermon on Sabbath morning.

FOR SALE.—A three-year-old horse sound wind and limb, bred of “Clear Grit.” Will be sold on easy terms. Also a “Stony River” two-year-old mare colt, something special. Apply to A. B. McLELLAN, Agent, Durham.

Rev Mr Little, having been unwell all last week and not feeling equal to the task of preaching a sermon, telephoned N. W. Campbell, Public School Inspector for South Grey, who responded and occupied the Presbyterian pulpits here and at Fairbairn on Sunday last and gave a good practical talk on “The Making of a Man.”—Hol. Leader

OH! THE DUST.—Complaints were plenty last week of the ineffectiveness of the watering cart on dusty days. So far we do not depend on the Review Corner, but it is a decided grievance down town to keep doors closed or have goods damaged by the dust. An improvement will likely occur if pointed out and insisted upon.

VENTILATING THE SHOES.—“One thing that most people with tender feet who insist upon wearing patent leather shoes in warm weather don't know,” said a shoeman the other day is “that a small hole bored on either side of the shoe, about one inch from the sole and close to the instep, will give more comfort than all the foot ease powders ever manufactured. The holes pump in the air while the wearer is walking, and keep the feet cool.”

There is a mistaken impression regarding the registration of births which the Registrar desires to correct. The notification of a birth made by a physician is not the registration required by law, which can only be made by one of the parents of the child. Thirty days are allowed to perform this duty which is not complete until the name of the child is added to the record. A great deal of trouble is occasioned by the omission to furnish the name, without which there is technically no registration.

An Alymer correspondent says in a recent issue that Mrs Wright is visiting her brother, Mr Wrong. We presume that it is wrong to make a comment upon the above personal, but still our intentions are right. It is remarkable that when Mrs Wright was Miss Wrong she took advantage of the offer to become Mrs Wright and refused to be called Wrong after she was once Wright. We say right here that this is right, but most women persist in behaving themselves right when they are wrong.—St. Thomas Journal.

PHOTO ENLARGING.—Travelling agents in this business have been altogether too numerous. One of them in Owen Sound last week had an experience. Mrs Cashore had given a photo to enlarge and 50 cts as a deposit, on a promise that the work must suit her or no pay. The work was a failure, and the agent refused to return either money or photo till a warrant for his introduction to Magistrate Creaser was issued and he meekly returned the articles and paid the costs. Better luck than the writer had, for in his case neither agent nor photo was seen again, teaching him a lesson that all should learn to deal at home.

The Garden Party at the Methodist parsonage on Tuesday evening was very successful, being favored with fine, though cool weather and an enthusiastic crowd. The band was present and gave fine music and a pleasing musical program was rendered. The usual tables for refreshments were scattered over the lawn, and seemed to be all doing a good business: the proceeds of the gate alone were nearly \$20. The program comprised a piece by a male quartette, consisting of Messrs Wm Laidlaw, J. L. Flarity, H. McCrae and — Davidson, a duet by Misses Jean Brown and Jessie Byers, and solos by Miss Brown, Miss Mabel Latimer and Miss Edus Limin. Miss Rita Irwin was accompanist. The welcome by Rev Mr Colling and his workers was all that could be desired, and quite a number from other churches shared in the social time.

**One Ounce of Satisfaction is worth a Ton of Talk**

**Hosiery**

We can sell you Hosiery if you give us a Chance. We are admittedly headquarters for popular priced goods. Our Stock is still well assorted.

Ladies' last black plain cotton Hose ..... 12½ to 15¢  
 full fashioned seamless ..... 20 to 25¢

Bring in your Butter and Eggs We pay the very Highest Price.

**H. H. MOCKLER.**

**Standard Bank of Canada.**

The Standard Bank of Canada, the annual meeting of which was held on the 21st June, had a very satisfactory year's business. The annual report shows that after providing for the usual dividend of 10 per cent. (\$100,000) reducing bank premises and office safe and furniture accounts \$17,394.72, the balance, \$36,600.57, has been carried forward to profit and loss account, which account now amounts to \$22,114.82. The profits for the year, after deducting expenses, interest accrued on deposits and making provision for bad and doubtful debts, amounted to \$150,965. The deposits of the bank now stand at \$12,692,700. An agency of the bank has been opened at Eberheim.—Insurance and Financial Review.
