Hopeville

A fatal accident—On Tuesday 15th Mr George Pallister, an old settler here, was in the barn and lot where some straw was stored, and not knowing of a trap hole, he fell through an open space into some lumber and was badly shaken up his ribs were broken and one of them pierced his lungs. A doctor was sent for, but he lingered until Thursday evening the 17th when death put an end to his suffering. Mr Pallister was one of the pioneers of Prot n township, coming in between 45 and 50 years ago and settled on Lot 22 in 18th con 2 and one-half miles off where Hopeville now is and commenced to clear up the wild land. He leaves to mourn his departure a widow, sons and daughters besides a number of grand children. He was buried on Saturday, 19th inst. at Dundalk cemetery last week to examine and fix up the graves of their dear departed. Mrs David C. McArdle, of Toronto, visited at the McArdle home. Our Township Council held another meeting in Bilton's tavern on Saturday the 19th we hear that they had a lot of business to do and kept them a long time. Some of them remained till Sunday.

Anglican S. S. Convention.

The Annual Sunday School Convention of the Rural Deanery of Grey was held at Chatsworth Thursday, Aug. 17th. Most of the clergy and a large number of delegates from the various Sunday Schools of the county were present. At eleven o'clock enthusiastic services were held in St. Paul's Church, the sermon being presented by the Rev. R. J. Newell, rector of Markdale. An unusually large number of communicants were in attendance. At two o'clock the Convention went into session and continued until six. The Rev. W. G. Kelly, rector of the church, being in the chair. Every available seat in the church was occupied. Proceedings began with devotional exercises led by Rev. Messrs. Hooper and Newell. The first paper on the program was read by Miss M. Marziah, of Durham. It was entitled "Christ's Touch," and was very much appreciated. The Rev. M. M. Goldberg, rector of Dundalk, followed with an able essay on "The Training of Children." Miss McWilliams of Owen Sound, read an admirable paper on "Missions in Relation to the Sunday School Work."

"Western" a Winner.

HOW THE LONDON EXHIBITION HAS ADHERED TO EDUCATIONAL FEATURES WHILE EMBODYING ENTERTAINMENT AS WELL. For thirty-eight years the people of Western Ontario and points more distant have been visiting the Western Fair. It has come to be recognized as the great rallying point for all the people of this peninsula. Small was its beginning. It can't live, said onlookers. No annual fair of its dimensions has ever been made to pay its way before. But the Western Fair was established on solid and logical foundation. It started out to foster and develop the agricultural and industrial arts. It aimed to make farmers better farmers; to make artisans better artisans; to keep the people posted in a practical way in the general progress of the world. It has adhered closely to these lines, and is now the foremost agricultural and industrial annual fair in North America from an educational standpoint. Its entertainment features are always clean and bright. This year the celebrated ninety-first Highland Band will give three concerts daily; Monsieur Bretonne will leap the gap in midair of a steam automobile, and Prof. Hardy, the American Blondin, who has several times crossed the Niagara, goes on a slender rope, will give daily performance on the high wire. This year it will be held from Sept. 8 to 16. At the opening day of a Vancouver kindergarten, little Billie had worn out the teacher's patience, and being of the old school, she administered the time-honored remedy for naughtiness. As fate would have it, Billie belonged to the elect. His mother was a member of the school board, and forthwith bore down upon the schoolteacher. Her tones were icy. "Mrs Harrington, I wish some information on this outrageous proceeding. Kindly just tell me what end you had in view in punishing my son." "Mrs Grant," was the reply, "I had the same end in view that anybody would have in spanking a little boy."

Vegetable Grower's Organizing.

The officers of the recently formed Ontario Vegetable Grower's Association purpose organizing branches of the association in connection with the leading cities and towns of the province. Organizers will be sent out during this month to towns and cities with the object of forming branch associations. These organizers will be members of the association, who are leading market gardeners in the vicinity of Toronto and Hamilton. The association will receive a Government grant this year of \$800. It purposes using this money to hold a large convention for vegetable growers at the time of the Horticultural exhibition in Toronto, next November, and also offering prizes for a large vegetable exhibit at this show. The prize list for the show has been already completed.

The constitution of the Association provides for the formation of branch associations. The vegetable growers in the vicinity of any town or city may organize a branch Association, for which the membership fee is \$1.00. The presidents of those branch associations become directors of the Provincial Association and have their expenses paid while attending meetings of its executive. The branch associations are expected to pay the Provincial Association 40 cents for each of their members, which makes all members of the local association members of the Provincial Association. The Provincial Association sends all its members copies of the annual report of its convention, a monthly magazine, which vegetable growers who would like to join these branch associations formed in their vicinity are invited to write to H. B. Cowan, Department of Agriculture, Toronto, who is the secretary of the Ontario Vegetable Grower's Association.
